State on Time With Today's Payroll

Students to Get Checks Friday

Friday's student payroll will be met although future payroll plans are still indefinite, said Philip May, vice-president in charge of business and finance, Wednesday.

Tax Talks Gain Little Headway

But Show Signs Of Future Hope

Bipartisan legislative tax negotiators met again Wednesday without producing any concrete results. However, several of them thought progress was being made, slowly.

Speaker Don Pears (R-Buchanan) said top state revenue experts will be called into another session at 4 p.m. today for a comparison of estimated receipts under various tax programs.

Pears said Louis Nims, state revenue commissioner, and Clarence Lock, deputy, also would be asked about contentions the use tax bill backed by Republicans was administratively workable.

Gov. Williams Tuesday advised Pears and Rep. Joseph Kowalski of Detroit, Democratic floor leader, that he thought that it was not.

"I don't think Republican members feel there is any great question about that," Pears told Newsman, indicating a belief that any bugs found in the bill could be satisfactorily overcome.

Speaking of the general effort, Pears said, "We're still miles away from any agreement."

But he added negotiations in the closed door meeting showed "genuine interest in trying to resolve this thing."

Rep. Allison Green of Kingston, Republican floor leader, broke into say Wednesday discussions were "strictly exploratory," Pears nodded in agreement.

Pears was asked if Republicans would abandon the use tax if Nims clearly declared it unworkable.

"I wouldn't say abandon it," he replied. "It would have some influence on our thinking."

He ventured the prediction that a use tax probably would be an element in the "final tax package."

The speaker said he was agreeable to continuing the sessions Friday afternoon after the legislature quits for its traditional weekend respite if other negotiators agreed.

MSU is having difficulty in planning for next year's budget as the legislature is at least three months behind the usual time for hearings with MSU administrative heads.

Discussions concerning appropriations has, in past years, begun in February or March. No such hearing has been scheduled as yet. MSU can make no definite future plans, said May.

Senate appropriations committee or the education committee of the House ways and means committee, or both, have in the past conducted the hearings with MSU officials to arrive at a mutually agreeable appropriations figure.

A hearing with Gov. G. Mennen Williams last Monday was primarily to familiarize him with the situation and did not in any way serve to take the place of a legislative hearing, said May.

"It is a fact that because of the legislature being so involved in the cash problems and tax discussions that they have not held the regular budget hearings and this makes it more difficult for us to reassure the faculty and staff and to plan for next year," said May.

The May 29 payroll will include regular labor and the month-end salaries. No appropriations have been issued for the month-end payroll as yet.

RON WARTHIM watches as Marna Kemmerling, Three Rivers, and Judy Henderson, Sandusky, try on robes for senior commencement exercises. Commencement will be held in Spartan Stadium and all eligible and interested seniors are welcome to come.

Dr. Lee Recognized AUSG Names 7th Committee To Aid in Academic Affairs

Student Congress resolved Wednesday night to have a seven-member standing committee, a Committee on Academic Affairs.

This decision was based on a common feeling that there is an increasing need for AUSG to take an active part in academic affairs. The resolution will also take some of the load off of the shoulders of the Committee on Student Rights and Welfare.

It was also resolved to send a letter to Dr. Shao Chang Lee, retiring professor and director of foreign studies, in recognition of his many years of service to the university.

Dr. Lee has long been a familiar figure in the advancement of the affairs of foreign students.

President Bill Livingood announced that petitioning for the \$300 Student Government scholarship will be open until Monday. Requirements are an all-university two point, financial need and a record of being active in campus activities.

Livingood asked for and received approval of two new cabinet appointees. They are Ginny Thrall, director of orientation and John Barkham, director of organizations.

Committee heads, referred from the Committee on Committees, were approved by Congress and stand as follows: Di-

ane DeMarco (sororities), chairman and Chuck Herbert, vice-chairman, Traffic, Paul Matlock (fraternities), chairman and Ben Brown (married housing), vice-chairman, Congress Business and State Affairs, Bill Errett (married housing), chairman and Pete McPherson (E. Shaw), vice-chairman; Elections, Bill Freitag (Emmons), chairman, Nancy Merrill (Phillips), vice-chairman; Finances, Dick Swope (fraternities), Larry Campbell (fraternities), vice-chairman.

Organizations, John Love (Bailey), chairman and John Cowden (E. Lansing), vice-chairman; Academic Affairs, John Mattinen (Butterfield), chairman and Phil Eckstrom, (E. Lansing), vice-chairman.

The minor payroll of about \$130,000 was withheld from lawmakers, their staffs and judges.

The way was cleared for meeting the payrolls after a final payment of \$3,900,000 was made on a \$35,500,000 primary school interest fund allocation.

The administrative board also reported it will soon hold a meeting to review the entire financial situation for the remainder of the fiscal year. The board will determine which creditors of the state will get paid and how much will go to each of them.

WASHINGTON (AP)—John Foster Dulles, near the end of life, has now been awarded the highest decoration an American civilian can be given for service to his country—the medal of freedom.

President Eisenhower bestowed it on his former secretary of state in an unusual sort of way.

The President had his son and aide, Maj. John Eisenhower, take the medal to Mrs. Dulles Tuesday. Then she presented it to her husband in his sickroom at Walter Reed Army hospital.

Eisenhower could have taken care of the presentation himself, when he was out again Monday for one of his many visits to his cancer-stricken friend.

But, for this ceremony he preferred to stand aside in favor of Mrs. Dulles, the former secretary's wife of almost 47 years.

The White House disclosed the award Wednesday and told how it was delivered.

Mrs. Dulles and other members of the family are spending what time they can with Dulles. Pain-killing drugs are now being given to make him as comfortable as possible. He sleeps much of the time.

The State Department said Wednesday there has been no change in his condition since Tuesday, when it was reported to have grown worse for the second time in five days.

Other gowns will be distributed one week before commencement, June 1.

Tourney Opened To Fraternities

For the first time fraternities will be included in the duplicate bridge tournament to be held at the Kappa Delta house Sunday at 2 p.m.

Traditionally, only sororities have taken part in the annual tournament, according to co-chairman Fran Strible and Sandra Fair. Trophies will be awarded.

Beatnik Busted

Gab Dzurco, Beatnik poet who was expected to arrive Thursday for a session of poetry-reading at Kewpee's cancelled his trip because of lack of funds.

Campus Chest, the group sponsoring Dzurco said that the poet may be in town a week from Tuesday, depending on finances.

Top Honor Presented To Dulles

WASHINGTON (AP)—John Foster Dulles, near the end of life, has now been awarded the highest decoration an American civilian can be given for service to his country—the medal of freedom.

President Eisenhower bestowed it on his former secretary of state in an unusual sort of way.

The President had his son and aide, Maj. John Eisenhower, take the medal to Mrs. Dulles Tuesday. Then she presented it to her husband in his sickroom at Walter Reed Army hospital.

Eisenhower could have taken care of the presentation himself, when he was out again Monday for one of his many visits to his cancer-stricken friend.

But, for this ceremony he preferred to stand aside in favor of Mrs. Dulles, the former secretary's wife of almost 47 years.

The White House disclosed the award Wednesday and told how it was delivered.

Mrs. Dulles and other members of the family are spending what time they can with Dulles. Pain-killing drugs are now being given to make him as comfortable as possible. He sleeps much of the time.

Colleges May Also Get Paid

Tax Receipts Provide Funds

BY THE ASSOCIATED PRESS
The state administrative board said Wednesday a \$5,100,000 payroll for 26,000 state employees would go out on schedule today.

The board reported a temporary increase in tax receipts flowing into the treasury provided enough cash to meet the obligation.

There was also talk at the capitol that the state might be able to release \$6,700,000 later this month to the three major state universities. The schools need the money to meet month-end payrolls.

However, Aud. Gen. Frank Szymanski would say only that a decision on the matter might be reached today.

Gov. Williams added, "I think we'll have sufficient revenues for the payments. The question is whether we can start digging into the backlog."

He referred to \$19,600,000 in 1958-59 operating appropriations already owed to the three universities.

The decision to meet today's major state payroll and a minor state payroll skipped May 15 came after the board heard a favorable financial report from State Treasurer Sanford Brown.

The minor payroll of about \$130,000 was withheld from lawmakers, their staffs and judges.

The way was cleared for meeting the payrolls after a final payment of \$3,900,000 was made on a \$35,500,000 primary school interest fund allocation.

The administrative board also reported it will soon hold a meeting to review the entire financial situation for the remainder of the fiscal year. The board will determine which creditors of the state will get paid and how much will go to each of them.

Sorority Gives Annual Award

Dr. Lyle Maxwell, head of the department of business education, was the guest speaker at the annual Phi Gamma Nu dinner held Wednesday night in honor of the sorority's graduating seniors. He entitled his speech "One Mile Ahead."

Among the awards presented during the evening was the Phi Gamma Nu Scholarship Key which is given annually by the national organization to the senior woman in the division of business and economics in each college or university in which Phi Gamma Nu Sorority has a chapter who graduates with the highest average.

It was won this year by Dorothy Selinger of Emmett, who has a 3.82 average.

Miss Selinger also received a \$25 cash award known as the Sigma Epsilon scholarship in business which is given annually to the Phi Gamma Nu member graduating with the highest average.

Mrs. Maxwell was a special guest for the evening and received a gift as a farewell gesture. The Maxwells will be leaving soon to take over new duties at Northern Illinois University at DeKalb.

Archery Meet Slated

The all-university women's archery meet will be Saturday at 9:30 a.m. on the archery field behind the Library.

The LAMBDA CHI ALPHA fraternity has been floating a teardrop-shaped balloon above Spartan Stadium to advertise the Jr. The balloon was loaned to them by the W. J. Small advertising agency in Boston. Shown taking it down are Jim Kirkendall, Houghton, Ind., soph., and Bob Peck, Lansing Jr.

Sincere Portrayals Spark 'Menagerie'

By GILBERT ZIFF
The MSU Players premiere of Tennessee Williams' prize-winning drama, "The Glass Menagerie," on the Fairchild water stage, can be measured as a huge success with the limitations. The play was a moving one, filled with pathos and sprinkled with sharp humor.

In general, the production and of interest sustained by performances were good. However, there were shortcomings that can not be overlooked.

The roll of Amanda, a southern belle who could not speak and a hypersensitive mother of a dreaming son played by Linda Miles.

Amanda's frequent reminiscence of the days when she was a southern belle who could not speak and a hypersensitive mother of a dreaming son played by Linda Miles.

As a timid, fragile girl dwelling in a cloud "cuckoo land" of her animals and old phonograph records, Sue Mills emoted with such warmth, sensitivity and sincerity that to see and hear her line drew genuine sympathy from the audience. This sympathy was as sincere as her portrayal of the character.

Laura's brother Tom, played by John Herr, was slightly less successful. Herr did his role well but there were some inconsistencies.

His drunk scene had all the necessary hand movements to make it plausible. However, his voice was less than one would expect of an intoxicated individual.

Charles Cioffi as Jim the gentleman caller, a deep but gay personality was a sheer delight. He created a tender and sensitive individual, although he tried to lower his voice pitch toward the end of the play.

All considered the MSU Players production of the Glass Menagerie was a major success. The audience was quite receptive and very well entertained.

Reds Plan U. S. Seige Without War

MOSCOW (AP)—Nikita Khrushchev predicts the United States and Russia will never go to war but says communism may take over America some day in a battle of better living standards.

The Soviet premier held a 70-minute Kremlin interview Tuesday with 45 visiting business and professional men from Florida. They are on a tour sponsored by Ralph Rennick, vice president of TV stations WTVJ of Miami.

Khrushchev, during the session, predicted communism eventually will replace capitalism and said:

"If it is proved that communism can do more for the welfare of the people, then no rocket can hold it back. No ideas can be held back by guns."

Khrushchev then launched into a discussion of Soviet rocket advances and told his guests, "I can assure you we will not be the first to use our weapons against you. We want to develop trade and cultural relations."

Dead Sea Scrolls Bible Revision Seen

DETROIT (AP)—A Biblical expert says publication of the Dead Sea scrolls will bring a revision in the Old Testament to conform with new information. But he predicts there will be little change in meaning as a result of the recently unearthed parchments.

"The scholar will find the revisions of the accepted traditional text revolutionary but those with only a casual knowledge of the Bible will miss most of it," said Frank Cross, curator of the Harvard Semitic Museum and an authority on the scrolls.

He said only about one percent or less of the scrolls now being translated by scholars will affect the meaning of Bible.

The Dead Sea scrolls are Christian manuscripts found by nomadic Arabs sealed in jars in caves at Qumran near the Dead Sea. Of the 200 now in the hands of scholars, more than half deal with Biblical themes. More are known to exist and cross said scholars are trying to raise funds to buy them.

Cross estimated it will take 10 years to publish the manuscripts now in hand and another half century to bring out the revised edition of the Bible.

Council Posts Remain Open

Petitioning for Senior Council has been extended to Friday, according to Jim Blasen, senior vice president-elect.

All students petitioning will be interviewed by the senior officers.

Typoid Shots Given

SOUTH BEND (AP)—A woman worker in the bakery at the University of Notre Dame has typhoid fever and 5,000 students have been offered free anti-typhoid shots to prevent spread of the disease.

Most Have Our Grass

State News Photo by Max Shulman
Most have our grass signs are located in places where students would not think of walking. In view of the common regard on campus for all grassy spaces. Finally, however, some students have found a place where the signs will do some good. Those posters are near the middle of the Red Cedar will undoubtedly respect the signs.

"Maybe We Didn't Wrap It Right"

Says Foreign Studies Prof

Castro Tolerant, Cautious of Reds

By CAROLYN SCHELLINGER
Fidel Castro is a firm friend of the United States and while he permits Communists to express their opinions freely, he will put them down if they get out of hand, said Dr. Carlo Terhan, associate professor of foreign studies and languages.

Commenting on a recent CBS news report that Cuba might go red, Terhan said, "Communism isn't looked at with the same hysteria that it is in the U.S. There is freedom even for Communists."

Castro would win overwhelmingly, he said. He said that if an election were held now, it would probably not be honest or peaceful because of the government's military superiority.

Interpreting the News
W. German Diplomat
Maneuvers Offstage

By BRACK CURRY
GENEVA (AP)—From the sidelines Heinrich von Brentano wields close to veto power over major Western policy decisions at the Big Four conference.

West Germany's bachelor foreign minister has declined the chair reserved for him in the ornate conference room. He has assigned a subordinate to attend. But he is quietly influencing the talks of Berlin, Germany and European security.

Renunciation of Germany is one of the major objectives of the West German government. But it is not prepared to accept unification on Russian terms. Similarly, it opposed any scheme for a confederation of the two German states, holding that this would perpetuate the division of the country and give the Communist East Germans a hand in shaping the future of a United Germany.

With the future of Germany at stake, Von Brentano would like to sit in on the ministerial sessions. But his associates say he is convinced it is desirable, for the present at least, to leave his chair vacant.

There are morning conferences with his staff, then a meditative walk among the centers on the villa grounds, followed perhaps by a luncheon with one of the Western Big Three ministers.

Political Setup to Test Red Future in SE Asia

By J. M. ROBERTS
Associated Press News Analyst

Political developments in several Southeast Asian states are providing testing points for the theory that Chinese Red policy in Tibet has seriously damaged the future of Communism in the area.

The scales tip first one way and then another, and there are so many shades of political alignment that black and white claims cannot be drawn. In Ceylon, for instance, a socialist government is on the rocks—totally after the resignation of three leftist—but not international Communist—Cabinet Ministers. The government has been a coalition of moderates, Trotskyites and other Marxists.

Three years ago there was a strong leaning in Ceylon toward closer affiliation with Moscow and international Communism. But Communist economic assistance turned out to be a mirage, and a U. S. State Department intelligence estimate last January reported a considerable decline in Red prestige.

West to Insist On Unification

Herter Says Soviets Want Divided Germany

GENEVA (AP)—Secretary of State Christian Herter warned Russia Wednesday that prolonged partition of Germany will bring disaster for those that stand in the way of uniting the 72 million Germans.

Herter told the Big Four conference that the Soviet Union apparently considers "its security interests are better protected by perpetuating the partition of Germany."

The lanky New Englander said the Soviet Foreign Minister Andrei Gromyko that the Western powers are not prepared to give up their insistence that Germany be reunited.

In a solemn appeal to Gromyko to negotiate on German unification, Herter said:

It is the teaching of history that the artificial partition of a strong and vigorous people can

'No Strike,' Says Hoffa After Talk

Solons to Quiz Union Head

WASHINGTON (AP)—The Senate Rackets committee said Wednesday it will ask Teamsters President James Hoffa whether he threatened to call a nationwide strike if Congress passed a labor law he doesn't like.

The Teamsters Union president has denied making such a threat.

The committee, which has denounced Hoffa as an ally of racketeers and gangsters, had announced long ago it planned to call him for more questioning about testimony which has linked his name with wrong-doing.

Committee Counsel Robert Kennedy told a reporter he now expects Hoffa's appearance may be set for some time around mid-June.

In reply to questions, Kennedy said he is interested in Hoffa's Brownsville, Tex. speech Tuesday and the Teamster leader's denials that it contained the strike threat reported by Texas newsmen who heard it.

Asked whether this would be one of the subjects to be explored with Hoffa, the committee counsel said "I think you could safely say so."

Sen. John McClellan (D-Ark) said earlier he plans to introduce legislation to apply the anti-trust laws to labor unions in the transportation field.

He made the announcement after Hoffa hit hard at what Hoffa called restrictive labor legislation in the Brownsville speech.

Any possibility of a strike by all labor unions was quickly rejected by AFL-CIO President George Meany. The AFL-CIO leader said there would be no support from the federation's 12 1/2 million members if Hoffa attempted any such move. The AFL-CIO has expelled the Teamsters on charges of corruption.

Nixon Campaigning?

WASHINGTON (AP)—Vice-President Richard Nixon is planning a scouting trip to New Hampshire this fall that could lead to his entry in that state's presidential primary next year.

AT THE GREEK FORUM Tuesday night the question of how groups can better serve each other was discussed. A group of 20 fraternity and 30 sorority leaders talked with seven administration members in a meeting at the Kiva. Representing the administration were President John Hannah; Thomas Hamilton, vice-president for academic affairs; Guy Hill, director of high school relations cooperation; Lyle Thorburn, manager of residence halls; James Denison, director of university relations; Eldon Nonnamaker, asst. director of student affairs and fraternity advisor; and Miss Mabel Peterson, asst. director of student affairs and sorority advisor. Pictured talking to President Hannah and Dr. Hamilton, who are seated is Eldon Nonnamaker.

TV May Revolutionize Teaching

To be or not to be—that is the question.

At least that is the question where education by television on the MSU campus is concerned.

For the last three years, Giltner Hall has been the scene of an education by television experiment that may revolutionize teaching methods on campus.

This new system consists of an instructor in one room giving a demonstration that is televised to the students, who are in another room. The two rooms are connected by a two-way speaking system so that the students can ask questions during the lecture.

Foremost in the field of teaching by television is the work done in the College of Veterinary Medicine started three years ago by Charles Tikemeyer, associate professor of anatomy.

Dr. Tikemeyer, teaching anatomy by the television method, has found that not only were the students receptive to the idea but that he could get more facts across in a shorter time.

The college later started televising surgical operations. "The advantages here turned out to be enormous," said Dr. Neal Cholvin, instructor of surgery and medicine.

"Not only can many students now see what previously had been limited to one or two at a time, but also they can see the area being operated on many times magnified."

The surgeon himself, by looking at a monitor in the operating room, can sometimes see what he is doing better than by looking at the operation itself because of the magnified picture. This is a great help when doing close work.

One demonstration, given by Dr. Clyde Cairns, professor of physiology and pharmacology, was of a heart reaction to different kinds of stimuli.

This was achieved by exposing the heart and administering a stimulus. At the same time, a cardiograph-type chart was being drawn.

By using two television cameras, both pictures were imposed upon one monitor side by side, thus showing how a heart would look while undergoing the reaction being charted.

The annual Jr. PanHellenic scholarship dessert will be held at 7 tonight at the Pi Beta Phi house for all sorority pledges who made a three point or better winter term or who have at least a three point all-college. An award will be given to the pledge class with the highest point average winter term.

Grass-Root Delegates To 'Sell' U.S.

Four MSU students soon will leave the campus to scatter around the world to become "grass-root ambassadors." They will "sell America as representatives of the International Farm Youth Exchange program.

Carol Jean Nelson, West Branch junior, will travel to Denmark, and Arnold Girbach, Ann Arbor senior, will travel to Portugal in early June.

Donald Wissman, Marine City senior, and Dennis Sellers, Burt Lake senior, will go to Australia and Dominican Republic in October.

Miss Nelson is studying home economics-journalism and Girbach, Wissman, and Sellers are agriculture students.

The International Farm Youth Exchange is a family-to-family exchange of sons and daughters between "neighbors of the world." These young people will go abroad for approximately six months to live with farm families in their host countries.

"A personal exchange such as this helps youth to understand and appreciate the problems of people in other countries of the world as they learn of each other's culture and customs," said Miss Mary Woodward, head of the International Farm Youth Exchange program in Michigan.

"The delegates not only represent American youth, but also their county, state, and nation. A big responsibility awaits these four students, as they will be the only American that many of the people they speak with will have seen or will see.

Advertising Club To Rush Tonight

Alpha Delta Sigma, professional advertising fraternity for men, will hold its annual rush tonight at 7:30 in the Journalism building library.

The fraternity handles promotional campaigns for various campus organizations. It is set up to run similar to an ad agency with members performing the specialized jobs.

All interested juniors and seniors majoring in advertising have been invited to attend.

'Get Tough' Strategy

GENEVA (AP)—France and West Germany Wednesday were reported to have blocked an American-British move to lay a skeleton German peace treaty before Russia at the Big Four conference. French-West German conference strategy is to toughen up the West's attitude toward the Russians.

Only the whole German people can be entrusted with the task of determining the future of the German nation."

In a quick rebuttal Gromyko asked the Western ministers to accept the Soviet plan for a peace treaty with such of the German states still separated by the Iron Curtain.

Vets' Wives Get Degrees At Annual Tea

"Pushing Hubby Through" degrees were the honor of the evening Wednesday night at the annual tea given in honor of wives of graduating veterinary medicine students.

The diplomas, presented by Dr. Willis Armstrong, dean of the veterinary college, are an honor given the wives for helping their husbands through six years of schooling.

The wives have also attended evening classes to prepare them to help their husbands in setting up their own practices. Class notes included small animal restraint and medication, bookkeeping, breeds of dogs, how to make a surgical pack and new developments in veterinary medicine.

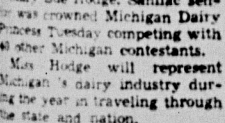

Those at the tea was "Little Men." The decorations, including a huge nursery book, and the program was built around the idea.

Sanilac Senior Named State Dairy Princess

Mary Sue Hodge, Sanilac senior, was crowned Michigan Dairy Princess Tuesday competing with 40 other Michigan contestants.

Mrs. Hodge will represent Michigan's dairy industry during the year in traveling through the state and nation.

First Time in 19 Years

Tigers Put Yankees in Cellar

NEW YORK (AP)—Eddie Yost drove in six runs with two homers and a single to help plunge the world champion New York Yankees to the American League cellar Wednesday for the first time in 19 years.

The Detroit third baseman's assault included a grand slam homer as he led the Tigers and Yankee-killer Frank Lary to a 13-6 slaughter of the reeling Yankees.

It was the third straight defeat for the Yanks and dropped them from seventh place to eighth in an exchange of positions with the Tigers. They are tied in games but the Tigers moved seven percentage points ahead.

Detroit is now 13-20 with 394 percentage to the Yanks' 12-19, 387.

The last time the Yankees were in last place at this stage of the season was May 25, 1940. The only other times since then that they have been last were in the early days of the seasons when only a few games had been played.

Yost, a native of New York, walked twice in addition to get-

ting his three hits in pacing the 19-hit onslaught on five pitchers. Gail Harris also homered for Detroit.

Lary, long-time scourge of the Yankees, was clubbed only in the first and ninth innings.

The Yanks got to him for a 2-0 lead in the first inning on Mickey Mantle's single and Yogi Berra's first of two homers of the game. The 28-year-old hurler put the screws on the Yanks after that until the ninth when two singles and a ground out produced one run and homers by Mantle and Berra scored three more.

Charlie Maxwell's single in the fifth drove in two runs to tie the score, 2-2, and the Tigers were ready for the kill. They added three more in the sixth, one of them on Yost's single, six in the seventh when Eddie hit his grand slammer, and two in the ninth. Yost touched off this final attack with a lead-off homer.

Little Bobby Shantz (6-2), the Yankee starter, was the loser after pitching four shutout innings.

In Weekend Pacific Coast Conference To Bow Out

SEATTLE (AP) - It will be something of a pagan funeral when the Pacific Coast Conference dies this weekend, age 44.

The wake—with running and leaping and displays of muscular prowess—will come first in the form of the final conference track and field meet next Friday and Saturday.

Saturday night and Sunday the faculty representatives of the nine member schools, acting as morticians, will prepare the body for burial and bury it.

Suffering from a cancer of discontent, the conference scheduled its own demise at a meeting last August in Portland Ore. The discontent had broken into the open in the spring of 1956. The University of Washington was placed on probation for two years for violation of the rules on payment of athletes.

UCLA next drew a three-year probation and Southern California a two-year probation on similar charges. California was tagged with a \$25,000 fine. Threats of withdrawal were heard and the conference finally decided to call it quits.

The deceased will leave one child—the four-member Athletic Assn. of Western Universities, UCLA, California, Washington and Southern California formed it and will provide the western entry for the Rose Bowl football game after 1960.

The rest of the schools—Stanford, Oregon, Oregon State, Washington State and Idaho—have not organized and will operate as independents.

Minor get-togethers are slated during the week. Athletic directors of the five northern schools met Wednesday to draw schedules for freshman football and spring sports. Today all nine directors, as trustees of the 1960 Rose Bowl game, will chat about their chore of selecting the western team next winter.

Southern California, which has dominated the track picture in the conference, again will be the heavy favorite. A scramble for second place is expected among Oregon, UCLA, California and Stanford.

Stan Drobnak, Michigan State's tennis coach, was the Big 10's singles champion as an undergraduate at MSU in 1953.

Big 10 Golf Match To Start Friday

Holding 11-1 Season Record, State Plays Darkhorse Role

With its most successful regular season in history, its belt, Michigan State's golf squad will tee off Friday and Saturday in the Big 10 championships at Ann Arbor.

Defending champion Purdue and last year's runner-up Indiana figure to battle it out for conference honors again this year at the tough University Golf Course.

But just a little luck could allow Michigan State and host Michigan, both rated as strong darkhorses in the meet, to take home team honors.

Captain, sporting an even 76 stroke average for the season, fired a pair of 76's for an eight over par 152 last Saturday. Baldwin, finally rounding into form after some early season troubles, carded a 75 and 77 for his 152 total.

The Spartan coach will take six players to the meet, but only the five low scores count in final tallying. The meet is based strictly on medalist play for 72 holes, the team having the low total score for five of its players winning.

Purdue won last year's meet at Ohio State with a 1522 total.

Besides Caplin and Baldwin, Van Alstyne plans to use the same six men who played in last Saturday's match. C. A. Smith, Jack Reynolds, Tad Schmidt and Gary Barrett round out the squad.

Smith, who shot in the number one position Saturday and carded a 78 and an 80 for a 158 total, also has averaged an even 76 strokes per round for the season.

Reynolds was the Spartans' mainstay early in the season, averaging about 75 strokes per round during mid-season. A return to his then near par form would greatly enhance the Spartans' chances.

Schmidt, who carded a one over par 145 at Notre Dame earlier, shot a par 71 round against Indiana here. Schmidt soared to an 86 on the first round last week, but came back

with a 79 on the final round. Barrett had two rounds of 80's last Saturday, but easily improve upon them the conference meet. His showing this season was a 153 on rounds of 78 and

Purdue, which has won conference title four of the six years, has two All-American juniors pacing its team. Konsek, defending Big 10 individual champion, and Francis, the fourth place runner last year, have led the makers to an 8-2-1 record against conference opponents this year. Bob Black and Boots are two other juniors averaged less than 75 strokes per round early in the season.

Indiana, with its six best men back from last year's nerup squad, has one up over Michigan State in the winning here two weeks ago. The Hoosiers hold one over win over Purdue and one over the Bolliermakers last week team points while ending the champions by three strokes. Purdue has two victories over the Hoosiers too.

Host Michigan could be a real surprise of the meet. Wolverines were last host to meet in 1949 when they lost the loop crown with a 1949 total.

Michigan, because it is not the conference tourney, played its last five matches home. The Wolverines have upset win over Purdue in their 6-5 mark against foes. Despite its loss to Spartans last week, Michigan a better team score Michigan State, 946-954.

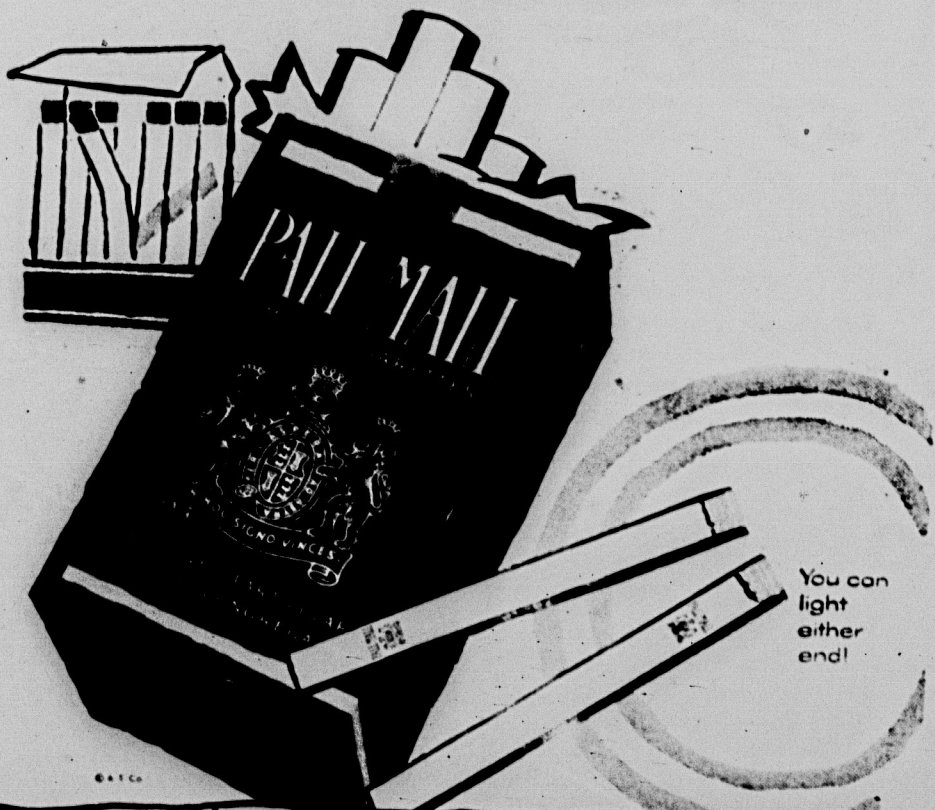

Wisconsin could move to any of the top four teams. The Badgers absorbed losses from the Spartans in the record against Big 10.

Iowa, paced by last year's individual runnerup John Lee, could provide a few moments also. Licent was feated by the Spartans' 41-11, earlier this year.

Illinois and Nebraska haven't shown too much this season and are expected to place high on the list. Missouri and Ohio State have some unknown records and could surprise.

Kobsmen Beat U-D In Detroit

Get Vengeance For Early Loss

The Spartan baseball team beat the University of Detroit Wednesday, 8-0, to avenge an earlier defeat at the hands of the Titans.

In the earlier game the Titans downed State, 7-5, behind the pitching of Gary Mettie. Wednesday's game was a reversal as Mettie got credit for the loss and allowed the Spartans 10 hits.

The pitching chores for the Spartans were divided as Craig Van Sclaver, Mickey Sinks and Capt. Dick Radatz all saw action.

Van Sclaver started the game and got credit for the win as the Spartans jumped to a two run lead in the first inning. Another run was added in the third when John Fleser hit an inside the park home run.

The ball was a sharp hit grounder that went down the third base line and eluded the left fielder, then continued on under a hustling cage and out the other side.

Sinks took the mound in the fourth and held the Titans scoreless through the eighth.

After the homer by Fleser in the third Mettie managed to curb the Spartans until the top of the eighth.

Fleser started off the action in the eighth when he was hit by a pitched ball. Dean Look and Wade Cartwright kept the rally going with a single each. Mettie walked catcher Jim Conlin.

Golden, the next man up, popped out to the first baseman. Don Clemons and Tony Hill shouldered to right for his only hit of the game. Sinks got in the hitting column with a double to center, and the next man up, Don Munce, flied out. Dick Radatz came on in the ninth to finish the game for the Spartans. In the last two innings he didn't allow a single hit in Detroit, and he struck out four of the six men he faced. Jim Debever relieved Mettie in Detroit in the ninth and retired the Spartans in order.

Dick Daguanno, Detroit center fielder picked up a single and a double for two of the five Titans hits.

Fleser got three hits for four times at the plate for the Spartans, including two singles and a homer.

Look got two hits for four trips to the plate and had a single and a triple.

Cartwright, one of the converted catchers, kept up his good hitting streak with two singles for four times at bat.

Michigan State will face Minnesota, the top team in the Big 10, on Friday. If the Spartans can beat them it could pave the way for Illinois to tie the Gophers for first place.

TOM HENSON, ATO, second from the left, begins to surge ahead in the 100-yard dash in the fraternity track finals Wednesday. Frank Miller, Sigma Nu, who tied for second, flanks him on the left, while Herb Fisher, other second place and A Phi A, and Rody Herrill, fourth, run on the right. Henson was one of the two double winners, also taking the 220-yard dash.

Weingandt, Henson Win 2 ATO Sweeps IM Track Finals

ATO swept the fraternity track meet finals for the seventh time in 13 years Wednesday, coping first place with 39.24 points.

SAE upset one of the traditional pacemakers, Sigma Nu, replacing second with 28.37 points. Sigma Nu occupied third with 23.74. KA Psi fourth with 19.74 and DTD fifth with 18.

ATO had two double winners. Tom Henson won the 100-yard dash in 10.5 and the 220 in 23.2. Frank Miller, Sigma Nu, and Herb Fisher, KA Psi, tied for second in the 100. Fisher and Al Bertram, ATO, were seventh and third in the 220.

Don Weingandt, last year's Tuxedo

key 100-yard winner, was victorious in both, the half-mile and the mile runs. His half-mile time was 7.9, and his 4.51 mile time broke his own record of 5:02.

Dave Tate, A Phi A, and Jim McCue, Phi K Sig, were second and third in the 880-yard, and Warren Kellogg, DTD, and Bill Cooner, ATO, second and third in the mile.

The 440-yard dash winners were Rody Herrill, DTD, 1:10.7, and Alvin Waddles, A Phi A, and Don Harrington, SAE, tying for second.

The 60-yard low hurdles winners were Mike Nordstrom, SAE, Waddles and Dave Shannon, Sigma Nu. Shot put winners were George Steinman, SAE, George Evankovich, LAC, and Jim Strohl, SAE.

ATO won the 880-yard relay with KA Psi and SAE placing. Broad jump victors were Bill Wallace, Sigma Nu, Wayne Berman, BT Psi, and Frank Miller, Sigma Nu. Harold Chappell, DS Phi, took the high jump, followed by Ed Mann, Phi K Sig, and Dave Conley, Phi K Sig.

Wolves Favored Big 10 Tennis Tourney Begins

With Michigan's Wolverines looming as the title favorite, the Big 10 tennis championships will open this morning at 10 on the courts south of the Stadium.

Being held at MSU for the first time in history, the meet will get underway with the singles division grabbing the opening day spotlight. Doubles will follow this afternoon.

Coach Stan Drobac, Spartan coach and meet director, rates the Wolverines as the team to beat, with Kalamazoo ace Jon Erickson leading the way.

Erickson is Michigan's No. 1 singles player and has yet to lose in conference play. His lone loss was to Max Brown of Notre Dame, top tennis team in the Midwest this season.

The only team Erickson didn't meet was Iowa, which has a star of its own in Art Andrews. Should these two collide in the meet this weekend, one of the meet performances of the year can be expected.

There'll be plenty of top notch names, though, in this 30th annual league meet. A total of 70 players from the 10 schools have entered competition and among them are some of the country's best.

Michigan may have a tough time palling away from challengers Illinois and defending champion Iowa. But the Wolves have a solid core of veterans to back up their No. 1 ace Erickson. Gerald Dubie, Bob Sassone, Frank Fulton and Wayne Peacock are the other Michigan singles players that could spell the difference.

The fight for fourth should be among host MSU, Ohio State, Indiana, Minnesota and Northwestern.

The Spartans will throw Bill Hotchkiss into the fray after a tough season of stiff competition. Hotchkiss is a junior and will be the only returning No. 1 man back in the Big 10 next year.

He will team with Doug Smith, No. 2 player, Capt. Foster Hoffman, Bob Sassack, Roger Pagenhofer and Ron Mescall in the Spartan attack. State finished in the No. 6 spot in last year's tourney.

Led by Capt. Don Schmidt, the Rottermakers just ended a mediocre 6-6 season. However, Schmidt's record was a better-than-average 3-6.

Purdue, which is at present carrying on a running feud with its sister university, Indiana, regarding the caliber of its minor sports teams, is out to prove

that they can be tough and should be able to beat the weak Wisconsin team.

The conference teams arrived on campus Wednesday and were guests of MSU tennis coach Stan Drobac at a Big 10 tennis dinner in Kellogg Center Wednesday night.

The MSU courts have been set up to handle the large influx of players. Six referee stands have been erected, as well as a concession stand to handle the large crowd expected. In addition, a tent has been set up between the two sets of courts to house the trophies, and the audio-visual department has constructed a new scoreboard.

Because admission must be charged under Big 10 rules, a charge of \$1 for adults and 50 cents for students is being required.

HILDA HESSE, Detroit sophomore, (second from left, back row) was chosen Miss Lansing this weekend. Diane Tillotson, Arlington, Va., soph., (second row, right), was runner-up and Susan Montgomery, East Lansing soph. (third row, middle) was also a finalist. Pictured are (back row, l-r) Ann Hudson, Lansing senior, Hesse, Barbara Baneroff, Morenci soph., and Sharon Sandborn, Sunfield fr.; (third row, l-r) Becky Thompson, East Lansing fr., Montgomery and Kay Brown, Detroit senior; (second row) Suzanne Snyder and Tillotson; and front, Susan Peterson.

3 MSU Finalists

Hilde Hesse Reigns As 'Miss Lansing'

Recently chosen as Miss Lansing, Hilde Hesse, sophomore will reign over the city Saturday in the Lansing Centennial parade.

Two other MSU coeds, Diane Tillotson, Arlington, Va., sophomore, and Sue Montgomery, East Lansing sophomore, will also take part in the parade. Miss Tillotson was the first runner-up in the contest while Miss Montgomery was one of the five finalists.

Miss Hesse, who will be automatically entered in the Miss Michigan contest in Muskegon, played "Clair De Lune" by Claude Debussy for her talent presentation in the contest. She is a home economics major and plans to do graduate work in dietetics.

A member of Kappa Kappa Gamma, Miss Hesse previously was queen of Snyder Hall. In addition to her honors as a campus beauty, she is a member of A.S.U., Fresh-Soph Council, Campus Chest and Union Board Fashion shows.

After graduation, Miss Hesse

plans a career in medical research.

Miss Tillotson, the first runner-up, added the Miss Lansing contest to her long list of beauty honors including Crescent Queen court, Miss MSU court of 1958 and Miss MSU of 1959. Combining beauty with intelligence, she is a member of Tower Guard and Alpha Lambda Delta, scholastic honorary. A career in secondary education is planned.

Miss Montgomery, a national synchronized swimming champion, excels in the field of physical education and plans to own a school of dance and teach swimming.

Ready May 31

Student Written Play To Appear on WMSB

Many characteristics differentiate the coming Alpha Epsilon Rho-Theta Alpha Phi television production of "Forever Hold Your Peace" from ordinary TV fare.

The farce fantasy, written by William Sakalauskas, East Lansing grad student, dealing generally with people who talk too much, will be presented from 12:30-12:45 p.m., Sunday, May 31, on WMSB.

Sponsored by the joint efforts of the local chapters of Alpha Epsilon Rho, national radio-TV honorary, and Theta Alpha Phi, national dramatics honorary, the unusual story takes place in eight different places, but only one set is used—serving for all locations.

The production, produced and directed by Ron Weaver, Three Rivers, senior, will feature Ed Bumgartner, Pontiac grad student, Linda Smith, Detroit freshman, and James Taylor, East Lansing junior.

Advertising Agency Career Opportunity For Exceptional June Graduates

Here is a rare opportunity for exceptional young men and women with creative ability and a desire to develop top level careers in the advertising agency business.

National advertising agency with wide group of diversified accounts and outstanding professional reputation is now expanding its personnel development program. Candidates with suitable qualifications who are accepted for this program will get planned practical experience in writing, art, and client contact, according to individual abilities. Starting income increases, plus regular through the program period, with a real future in store. People who have completed the program now hold key positions with the agency.

Here are the basic requirements to be eligible for consideration: A college degree (but not necessarily a major in advertising, marketing or journalism); a sound academic record; high mental ability and special aptitudes for advertising work as shown by thoroughgoing aptitude tests given those considered; evidence of creative ability through extra-curricular activities; a determination to work in a creative field.

If you feel your qualifications and ambitions honestly measure up to this opportunity, write in detail today. Give draft of reference status.

Founded 1873
Beal Garden First Of Kind in Country

MSU has had a great many "firsts" and many of its buildings, customs, or traditions have the label of "the oldest in the United States." One of these is the Beal-Garfield Garden, which is the oldest continuously operated botanic garden in the U. S.

Recently the Garden, which was founded in 1873 by Professor W. J. Beal, was enlarged to include a section of ornamental trees and shrubs surrounding the Women's Gym. Dr. George Parmelee, curator of the Garden, said:

Several of the finer ornamental plants are located at various spots on campus. Dr. Parmelee said, but that the new area was being added so that it would be possible to view them all in one place.

The Garden is divided into three sections: the Economic, the Systematic, and the Ecologic collections. The new area will be part of the Economic collection where the plants are grouped according to use.

In the Systematic collection, they are grouped according to families, and in the Ecologic collection, the plants are all native to Michigan, Parmelee said.

Two other new areas to be added this year are the Mediterranean and Southern Appalachian Mountains plants. The Mediterranean plants include 30 species of colorful native tulips that were gathered wild and transplanted here.

Hotel Dinner Plans Begin
