Herter Gives Warning to Russia

Challenges Unjustified Charges

Says West Action Only for Protection

GENEVA (AP)—U.S. Secretary of State Christian Herter warned Soviet Foreign Minister Andrei Gromyko in the Big Four conference Thursday against making "unjustified accusations" against NATO of aggressiveness.

Herter, who had not planned to speak Thursday, suddenly broke into the debate on a German peace settlement to challenge Gromyko's charges.

He hoped the accusations and invective will be halted, Herter said, because Gromyko's statements could lead to creation of "very serious tension in the conference."

The Western powers have only taken "prudent action to protect themselves," Herter said, in response to actions started by the Soviet Union.

The West has always contended that Russia initiated the arms race and that the North Atlantic alliance and other Western pacts constituted a response to the Soviet challenge.

Herter made what amounted to a rebuke to Gromyko a short time before the U. S. Secretary was to play host at dinner in the Soviet minister as well as Britain's Selwyn Lloyd and Maurice Couve de Murville of France.

Gromyko got into his charges against the West in a speech renewing his arguments for a peace treaty to be signed with each side of divided Germany.

Western spokesmen once more rejected the proposal. Ambassador Wilhelm Grewe of West Germany specifically denounced a provision in the Soviet plan for a German confederation. He said it was designed to paralyze West Germany.

Hamilton's Replacement Suggested

The faculty suggestions for a new vice president for academic affairs have been submitted to President John A. Hannah.

The final decision now rests with him, said Dale Hathaway, chairman of the committee for selection of the new vice president.

President Hannah asked the eight-member committee to secure suggestions from the faculty for a new vice president when Dr. Thomas Hamilton resigned.

Hamilton resigned in order to accept the presidency of State University of New York.

The participation of the faculty was good, said Hathaway, and the choices indicated that thoughtful consideration was given to each selection.

A significant number of the faculty were recommended, but a relatively few received wide spread support, he said. There were some off-campus choices, but none received the support that on-campus nominations had received.

It will probably be a man who has had experience himself in scholarly activity, and if possible, administrative ability, Hathaway said.

This appeared to be the general consensus of those who submitted their selections, said Hathaway.

Tickets Available

Commencement tickets, two to each graduate, will be distributed Monday and Tuesday at 225 Student Services. ID will be needed to pick up the tickets.

Syndicate Members Indicted

Federal Agents Check Criminals

NEW YORK (AP)—Twenty-seven delegates to the 1957 Apalachin underworld conclave were indicted Thursday for defying the government's attempts to determine its purpose. It was one of the biggest federal crackdowns ever on the national syndicate that allegedly controls organized crime.

Federal agents began a coast-to-coast roundup of the defendants shortly after sunrise. They were being held in bonds as high as \$100,000 for appearance later in federal court here.

They face up to five years each in prison if convicted. The charge is conspiracy to obstruct federal justice.

Most of the 63 delegates to the underworld convention were little known to the general public before Apalachin. But the government contends they formed the executive board of "the largest criminal syndicate in the country."

The Apalachin, N.Y., meeting was held Nov. 14, 1957, at the lavish hill top home of Joseph Barbara. It was broken up by state police who could not, however, find any charges for holding the 63 delegates.

'To Dance Is to Live'

Theme Sparks Dance Program

By ANNETTE KRAUSE

"To Dance Is To Live" was proven Wednesday night when the HPER department presented its dance production in the Women's Intramural building.

Members of the Dance Production Class, Orchestra, and Promenaders danced their way into the audiences hearts with a gay opening number "How-Dee-Do."

A comical number, "Four On a String" followed, featuring human marionettes. Their mechanical movements gave a stirring impression of dolls.

A group of children at play were gaily depicted by Lena Boelter, Maxine Harris, and Martha Reiss in "Happy Day."

"Round We Go" a merry-go-round number closed the first part of the program.

The second part, "The World Around Us" opened with a bull fighting scene complete with torreador.

A dream sequence "Lost, But Not Forever" was danced by Joan Brede in an interpretation of a person dreaming and remembering something that made her angry.

"Banda" followed depicting a Caribbean folk tale concerning two girls and the devil.

The emotions of discovery, enjoyment, boredom, anger and resignation were portrayed in "Wall of Loneliness" danced by Donald Bumgardner. The movements of the dancers body showed perfect control in turning the words into meaning.

"Jazz-From Then to Now" themed the third part of the program.

"Southland" a typical southern jazz number and "Inhibition-Exhibition" gave jazz lovers a taste of the real thing.

A charleston portrayed the wealth of feeling in jazz communication. Dancers included Bonnie Balzer, Becky Habel, Don Randall Jr., and Phil Tietzel.

Part four of the program "Subjective or Introspective" opened with "One Touch" a religious number taken from Mark 5:24-25.

"Les Mouches" showed that anyone can live in a web but a spider and "Dox Hope Vanish" was an outstanding solo by Kay Ward.

The finale "Campus Capers" wove various themes into one mass number. "Fall Fever," "Dream Dancing," "Steady Study," and "Final Fling" were danced by various members of the cast.

The show ended with variations of rhythm in the MSU fight song.

Republicans Threaten Veto

House Passes Housing Bill With 4-Year Rent Provision

WASHINGTON (AP)—The House Thursday passed a \$2,000,000,000 housing bill including provision for a four-year rent provision for additional low-rent housing.

The amount and the public housing feature are at odds with President Eisenhower's declaration the bill certain vote if finally enacted.

The House-passed bill now in a Senate-House conference to compromise differences in the two branches. The earlier this session passed \$2,000,000,000 housing bill, its big issue was the lack of continued public housing.

Orchestra Plans Spring Concert

MSU Orchestra, conducted by Louis Potter Jr., will present spring concert in Fair Theater Sunday at 4 p.m. The concert will be broadcast by WKAR.

The orchestra will open the concert with two selections from "Porgy and Bess" by Rimsky-Korsakov.

Programs for Piano and Organ composed in 1958 by the late Taylor at work by a Master of Music in composition, will be featured by the composer.

House Democrat Rages Over Tax Compromise

EAST LANSING (AP)—An explosion by a House Democrat today marked the end of another negotiating session between Republican and Democratic legislators seeking a compromise on taxes.

Show to End Michigan Week

Michigan Week in the Arts, a special program dedicated to the cultural activities of Michigan, will climax Michigan on Channel 10 at 4 p.m. today.

Performers in dance, art, drama and literature, will be cooperating in a program presented by WILX-TV.

The program, sponsored by the Young Socialists Club, will feature Bob Himmelman who will sing and play the guitar in the course of his lecture.

Highlights Talk

American folk music and labor songs will accompany a talk on the history of the American labor movement Sunday at 4:30 p.m. at the Union. The program, sponsored by the Young Socialists Club, will feature Bob Himmelman who will sing and play the guitar in the course of his lecture.

Students Paid By University

Despite lack of state appropriations student payroll was met today.

The payroll is a comparatively small one, amounting to \$64,000, according to Merrill Peterson, assistant to vice-president in charge of business and finance.

The next payroll, May 29 is a double payroll which will include labor pay and salaries of faculty and staff month-end pay. Funds for this payroll have not been issued by the state legislature as yet.

Twenty-seven hundred university students are involved in today's payroll. Despite the present financial crisis, Phillip May, vice-president in charge of business and finance, has reassured students that their pay would continue as long as possible.

Trustees to Review New Housing Rules

President John A. Hannah will discuss a new set of housing regulations with the Board of Trustees today at its regular monthly meeting. The board will meet at the MSU-Oakland branch at 10 a.m.

The regulations will later be submitted to Dr. Hannah and an administrative group for final approval.

If approved, the regulations will be an administrative policy, and not a Board ruling.

The proposed regulations are: Housing regulations for all undergraduate students:

1. All first year students must reside in the residence halls for at least one year. (Veterans, married and local residents excepted). A veteran for the purposes of these regulations must have served at least 21 months in active status in one of the United States military services.

2. Alcohol is prohibited in the living quarters of students at MSU.

3. Students are prohibited from having members of the opposite sex in their unchaperoned living quarters.

4. The same rules of conduct are in effect for students regardless of where they reside, on or off campus.

5. Anyone commuting from home beyond a 50-mile radius must have special permission from the Dean of Students.

Housing regulations for single male undergraduate students:

1. All single undergraduates are required to live in quarters approved by the university as meeting required standards of safety and sanitation and where reasonable standards of behavior and decorum will be maintained. Supervised quarters will be required except as noted in (2).

2. Unsupervised quarters may be approved for single men living away from home only for men enrolled in the upper colleges (or veterans as defined above), at least 21 years of age, and with a minimum grade point average of 2.0.

3. The housing area in which quarters may be located shall be bounded by Mount Hope Road on the south, east to North Okemos Road, on the west, Pennsylvania Avenue north to Saginaw, then north on Wood Street to include Hopwood Acres and then east to take in the annexed part of East Lansing to Abbott Road, Abbott Road south to Saginaw, east to North Okemos Road.

4. Each landlord requesting the university to approve his facilities for a student residence must agree to determine the eligibility of each student negotiating a rental agreement with him.

5. Inspection for approved quarters will be made from April 1st to September 15th of each year for the ensuing year.

Pledge Trick Creates Fire Hazard

Fraternity pledges piled eight to 12 inches of straw in the Sigma Chi house early Wednesday morning to create an extreme fire hazard.

"Although this was done as a prank," John Patriarche, East Lansing fire marshal, said, "the Sigma Chi pledges were not using very good judgment. The smallest spark could have started a flash-fire which the fire department would not have had the slightest chance to extinguish."

Legal action against the eight pledges is now pending further investigation.

Highlights Talk

American folk music and labor songs will accompany a talk on the history of the American labor movement Sunday at 4:30 p.m. at the Union. The program, sponsored by the Young Socialists Club, will feature Bob Himmelman who will sing and play the guitar in the course of his lecture.

... lab assistant inspects part of \$50,000 machine ...

MSU Spends \$50,000 For Bubbler

"Turn on the bubble machine" is the familiar call heard in MSU's physics research department.

Dr. Joseph Ballam, associate professor of physics, is heading the research program dealing with a bubble chamber that investigates the fundamental particles that make up the nucleus of the atom.

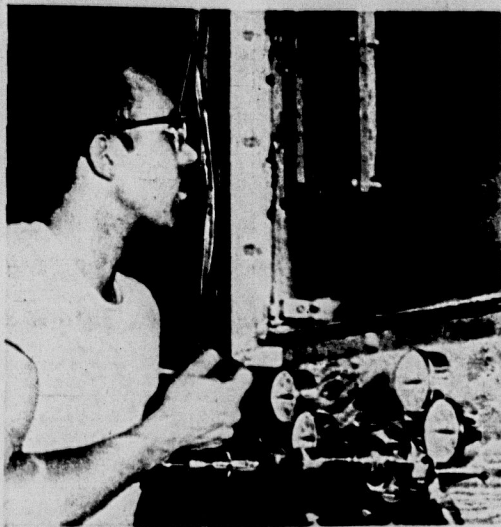

Work began a year ago last summer at the cosmotron of the Brookhaven National Laboratory, Long Island, N.Y., when 60,000 photographs of high energy interactions were taken as a result of the process discovered by Prof. D. Glaser of the University of Michigan.

MSU's bubble chamber is estimated at \$50,000 according to Ballam. It is being financed partly through the University and the National Science Organization.

Ballam is presently working with the University of Wisconsin's research group headed by Prof. W. D. Walker. The two groups are planning an expedition again this summer at Brookhaven with the intention of creating another chamber.

School Slates Sale

The Spartan Co-op nursery school will sponsor a rummage sale Monday 9-3 at the South Lansing Community Hall.

"But it's not as good as breakfast at Odam's"

I'm not a complainer, but the breakfasts I've been getting lately ... well, they've been lacking.

I've tried raising a fuss, but there has been absolutely no action.

So, I've decided as soon as I learn to use a fork I'm going to start my day with a Spartan Breakfast at Odam's. But until then I'll settle for a roll and coffee.

If your breakfasts have been lacking too, enjoy your favorite kind of breakfast at Odam's.

Odam's

Gives All-College Aid Research Bureau Instituted For Educational Services

The Bureau of Educational Research was instituted in 1954, as an all-college research and services bureau.

Original objectives were the supervision of College of Education publications, off-campus instruction, and development of research in the field of education.

Later, reorganization within the university brought off-campus instruction and consultation under the Continuing Education Service.

The bureau's present function is assisting the College of Education to build a research program that will generate more complete educational research.

Its main objectives are (1) to stimulate and encourage educational research, (2) to attract research support, (3) to provide opportunities and facilities, (4) to inform education faculty of research within the college and university, and (5) to strengthen graduate research.

Kresge Displays To Feature Art
Examples of art ranging from jewelry to printmaking, painting and sculpture will go on display in Kresge Art Center Tuesday through Sunday.

These works are the creation of master's degree candidates in the art department.

Also new at the art center is an exhibition of children's work from the public schools of Columbus, Ohio. This exhibit can be seen daily from 8-5 p.m.

Religion Prof Sets Lecture

"Why Not Abandon the Church?" is the question to be discussed by Dr. J. S. Whale, one of the leading theologians in the English speaking world, at 8 p.m. Sunday, in the Alumni Chapel reception room.

The Council for Christian Work announced this to be the last of a series on "The Life and Mission of the Church." Whale is here as a visiting distinguished professor, on the invitation of the department of humanities.

"Christian Doctrine" and "The Protestant Tradition" are two of his latest works, one of which is now being used as a text in religion courses.

At the present time, Dr. Whale is offering a lecture course on "The Christian Faith in the Modern World" in which he has spoken on such subjects as "The New Biblicalism" and "The Christian Understanding of Evil."

There will be an opportunity for discussion following his lecture.

On Campus Pedaling Wonder

By SUE PRICE
State News Society Editor

"Look, Mr. X. Jones! You're big wheel now—the bicycle has been discovered at Michigan State!"

You're right, that two-wheeled wonder, the poor fellow's Cadillac, is in style around campus. Bikes have invaded in full force and the fat is growing by leaps and bounds each day.

We've kidded about our country cousins down Ann Arbor way, but this time we have to admit they had a good idea when they adopted the bicycle as the mode of transportation.

Students need no longer complain about that long walk to eight o'clock on south campus. Even Anthony Hall is within reasonable distance when you're on wheels. For the men of Brody, the bike is the best thing that's come along in a long time.

For those who like to tempt the little orange gates in the parking lots, bikes can squeeze by the side space (especially if tied and propped). You can also raise havoc with the highway department's car-counter wires located on roads in this vicinity.

Put the plight of the poor pedestrian these days. He not only has to dodge cars on Grand River, he's faced with a new menace: he's no longer safe on sidewalks (it's really illegal to ride on sidewalks).

Who said the parking problem was solved? Ever since the two-wheeled wonder came into the lightweight bike scene, it's hard to come by. Those iron racks never saw so many customers. Anyone for installing meters?

The bike has come a long way since the days of the ancient velocipede, which was propelled by feet touching the ground. The vehicle had a huge front wheel and a small rear wheel and was difficult to balance. Needless-to-say, special talent was needed to manage this invention.

Ernest Michaux put pedals on a velocipede in 1825 and re-named it "bicyclette." Since then one bike wheel has shrunk and the other expanded.

Today's bikes are light-weight and even come equipped with gears. Uphill, downhill and just riding. The biggest problem with bikes is that they act like nearly alike. If you forget where you're parked you're liable to find yourself inspecting several bikes in search of the right one.

Bikes provide a lot of pleasure and get you places fast and economically—they even beat the Rambler on mileage to the gallon.

Wives to Receive Special Degrees

"Putting Hubby Thru" degrees will be awarded Saturday to 28 Michigan State Spartan Wives whose husbands will graduate this year. The degrees will be given at a luncheon at Coral Gables.

Miss Bill Keil, club advisor, will award the P.H.T.'s. New officers will be introduced and installed at the luncheon.

Pinnings

DELTA OMICRON

Linda Slocum, Hastings senior, to Charles Vercellotti, Detroit senior and Phi Mu Alpha.

DELTA UPHILON

Linda Halderman, Kalamazoo, N.Y. freshman and Delta Gamma, to John Harbison, Saginaw, N.Y. senior, Nancy ... worth, Grand Rapids senior, and Kappa Alpha Theta, to Lee Mulnis, Grand Rapids senior.

Big 10 Tightens Up On Eligibility Rules

ANN ARBOR (AP)—The Big 10 Thursday granted another competitive season to a Northwestern basketball star, but at the same time tightened its eligibility rules.

Meeting in connection with the conference's annual spring meet today and tomorrow, the league's athletic directors and faculty representatives here approved the new rules.

Today the two groups will hold a joint meeting to review the rules of the Big 10 conference, which will be discussed.

Willa Jones, Northwestern star, was given another season of Big 10 basketball competition at the faculty group, which also heard a brief report of freshman competition with Chicago Teachers College in 1959.

The faculty representatives conference policy-making group proposed that athletes who drop out of school without regard to eligibility until one calendar year from the time they re-enter school. At present, the limit for re-entry varies from six to 12 months.

The faculty representatives conference policy-making group proposed that athletes who drop out of school without regard to eligibility until one calendar year from the time they re-enter school. At present, the limit for re-entry varies from six to 12 months.

The action regarding a 10-day return to individual schools, as aimed at the practice of attending attending alternate schools in order to regain eligibility within a six-month period. Faculty action by the faculty representatives included voting a proposal to grant financial aid to athletes attending alternate schools.

Big Leagues Invite Another

COLUMBUS (AP)—Big League baseball today Thursday invited another application for formation of a third major league. And Commissioner Ford Frick said:

"I firmly believe we will have a third league within five years. That is a personal opinion."

Major league clubs operate at a profit, Frick said, and he authorized Frick to explore the possibility of having a second All-Star game each year. All-Star games each year authorized a fund of up to \$1,000,000 to finance a player training and development program for the future and nationalized the purchase of Chicago White Sox stock by Bill Veeck.

Meet Minnesota, Iowa Here Kobsmen Close Out Big 10 P

Michigan State still holding on to its outside chance to top second place in the Big 10 baseball race. The team still has a shot at the conference crown today and tomorrow in the Spartans' last three non-conference games of the season.

DON EADS
... top Big 10 hurler

Minnesota, the league's defending champion, and current leader with a three-game edge over second place Illinois, tonight will meet Michigan State for a single game at 2:30 today, while last place Iowa comes here for a non-conference game at 7 p.m. Saturday.

The Gophers, assured of at least a title tie, need only one win this weekend here or over Michigan tomorrow or a single Illinois loss to wrap up its third conference title in the last four years.

Michigan State has an added incentive for tripping up the Minnesota express. Last year the Gophers tripped the Spartans for the top crown by defeating them in the final weekend of the season.

Coach John Kosc plans to start his pitching ace, Capt. Don Eads, against the high flying visitors today. The big right-handed hurler, a 4-6 under-200-pounder, carries a 1.85 average into the game.

Don Eads, Jr., son of the Gopher coach, is the probable starter for Minnesota. The younger Eads, like Eads, sports a 4-4 loss mark and possesses a stingy 1.56 FEA. He topped in the conference with Illinois' Terry Gellinger's 1.22 mark.

Kosc figures on Craig Detweiler to start the game against Iowa. His other choice is not certain yet.

The rest of the Spartan lineup will remain essentially the same as it has been for the last few games.

Wade Cartwright will start in right field. The recently converted backstop has been performing superbly since his change to the outfield. He is carrying a .500 batting average for eight games.

Another ex-backstop, Don Munn, will open at third base. Munn is hitting .385 for nine games.

Don Munn, who leads the Spartans in hits with 47 and runs batted in with 22 besides sporting a .375 average at the plate, will be at his second base post.

Don Munn, who leads the Spartans in hits with 47 and runs batted in with 22 besides sporting a .375 average at the plate, will be at his second base post.

Lake, Kennedy Rated Highly in Distance Events

Thinclads Seek Big 10 Individual T

By JOHN BEATTY
Eighteen members of Michigan State's track squad will leave for Ann Arbor today to compete in the Big 10 championships this weekend at Michigan's Ferry Field.

Among the 18 men that Coach Fred Dittman is relying on, the top two are considered definite title threats. Don Lake, conference champion for the indoor season and holder of a 4:04.3

mile record, would be regarded as the favorite in that event.

The other Spartan contender is Capt. Fred Kennedy, who has a 3:46.2 two-mile to his credit. The mile relay team of Don Marsh, Don Hughes, Max Weisenburger and Brian Castle also has a good chance of winning. It's time of 3:35.5 rates as the second fastest in the conference this year.

For the sprint, Jack Sharp will compete in both the 100-yard dash and 200. Max Weisenburger will also enter the latter event.

The roster for the middle distances includes Castle, Marsh and Weisenburger in the 400, with the top three from a combination of Castle, Hughes, Jim Carr and Tony Smith going in the 800.

Smith and Lake are entered in the mile and Jim Horan, team with Kennedy for the two-mile entry. For both the 100-yard high hurdles and the 200-yard low hurdles, Dittman will send James Harness and Mike Kleinhans to the starting line.

Harness and George Ward will compete in both broad jump and high jump, while Frank Kenward will go in broad jump and pole vault. Kenward is the other pole vault entry, while Al

Neuman is the 400, Illinois, the 800, and Michigan champion, are in the meet. For the mile, the Spartans have Jim Carr, Don Marsh, and high jumper and shot put.

The top three sprinters are the Spartans' Don Sharp, Don Munn, and Don Munn. For the mile and two-mile, the Spartans have Jim Carr, Don Marsh, and high jumper and shot put.

The top three sprinters are the Spartans' Don Sharp, Don Munn, and Don Munn. For the mile and two-mile, the Spartans have Jim Carr, Don Marsh, and high jumper and shot put.

Lee Plans Retirement In 1960

Shao Chang Lee, head of the foreign studies department, will retire from the MSU faculty in 1960 but he will not retire from my responsibilities as a United States citizen.

Lee, head of the foreign studies department, was born in China, became a U.S. citizen in 1951 and has spent the last five years in the U.S. promoting a mutual understanding between the two nations.

In July, 1958 he will take a one-year terminal leave from the faculty to travel and study at U.S. universities and colleges. Upon returning in 1960 he will retire permanently as an instructor but will continue his contacts with MSU through the International Center.

Lee started the International Center in 1945 when he joined the MSU faculty and served as its director for six years.

Lee graduated from Lingnan University in Canton in 1911 and from Tsing Hua College in Peking in 1913. A scholarship from Tsing Hua enabled him to study for six years in the U.S. He received an AB from Yale University in 1917 and an MA from Columbia University in 1918.

Lee taught Chinese history and language at the University of Hawaii from 1922-45, serving as head of the foreign studies department from 1931-45.

Lee has been a visiting professor at the University of Hawaii from 1946-54, Lingnan University in 1955-56 and at the University of California in 1959.

Lee is a firm believer in education as a means to the solution of world problems. He has achieved a better brand of internationalism by his close contacts with students.

"If students make an effort to become acquainted with their instructors, they will find the latter are quite human," Lee has often proved himself a "human." All students in his foreign studies classes receive questionnaires at the beginning of the term inquiring about majors, courses, activities, travel, jobs held and religious affiliations.

He is the author of "An Outline of the History of the United States" (in Chinese), "An Outline of Chinese History," "China's Contribution to World Civilization," and numerous articles dealing with Chinese-American relations.

Lee, a member of Pi Kappa Phi and Phi Gamma Mu, is married and has one daughter and one grandchild.

Upon retirement he plans to continue in East Lansing because he has so much to offer the university.

"The philosophy of life can be summed up in his statement, 'I'll try my very best to do the best that's in me.'"

Hotel Presidents Receive Awards

The Hotel Man of the year award will be presented to Arthur Lahti and Edwin Boss, both of East Lansing.

Lahti is president and general manager of the King Hotel in Memphis, Tenn. Boss is president of the Boss Hotel in Chicago.

The presentation of the award will be made by Thomas J. Schaefer, vice-president, at a dinner in Kellogg Center.

The Hotel Man of the year is chosen by hotel industry executives and the hotel press.

INTERCOLLEGIATE SYNCHRONIZED swimming champions (l-r) Denise Donmoyer, Birmingham Junior and Nancy Lee Miller, Muskegon Junior took first place in duet competition last Saturday. Their number "Strolling Thru the Park" was one of the events in the intercollegiate synchronized swimming meet held here last Friday and Saturday.

Sponsored by Green Splash

Synchronized Swimmers Win Three Firsts at Meet

MSU took first place in three out of four events in the Intercollegiate Synchronized Swimming Meet here last Friday and Saturday. The event was sponsored by Green Splash, women's swimming honorary.

Winners in the duet competition include: first place Denise Donmoyer, MSU; second place Nancy McKain, Ohio Wesleyan; third Mary Kay Page, MSU; fourth Nancy Miller, MSU; fifth Charlotte Honora, Ohio State.

Solo competition winners include first Nancy Miller, MSU; second Sandra Naoki, Ohio State.

Dulles' Condition Remains Weak

WASHINGTON (AP)—John Foster Dulles' condition is about the same as earlier this week when he was reported growing weaker, the State Department indicated Thursday.

Department press officer Lincoln White told newsmen there was nothing new to report on Dulles, who is waging an apparently losing fight against cancer complicated by pneumonia.

The last official report, issued Tuesday, pictured the former Secretary of State as growing weaker and receiving pain-killing drugs.

Not 'For Cows Only' APO Service Fraternity Warns 'Save Our Grass'

It's not "for cows only" as some of the signs around campus may read. This and other humorous slogans are Alpha Phi Omega service fraternity's annual Save Our Grass reminder that portions of the campus' greenery are being seeded.

Service to the campus, community, and nation has been the main objective of Alpha Phi Omega national fraternity since 1923. APO strives for fellowship, leadership and service.

The men also interested in scouting, combined weekend social activities with work, helping prepare a nearby Kiwanis Camp for its summer opening.

Male students at Olin hospital receive a daily visit from an APO who purchases any articles they may want from the stores.

Each fall the service fraternity assists with the campus blood drive. Registration has the APO's working along with Tower Guard and Green Helmet, scholastic honoraries, aiding students in planning their schedules.

May 23, the date of the Lansing centennial parade, the APO's will sell refreshments to assist in raising funds for Ciro-boss, a diseased condition of such organs as the liver, and the kidneys.

Men who are interested in scouting, fellowship, and service are welcome to attend APO meetings on Wednesdays at 7:30 p.m. in 323 Student Services.

Because of the very dry climate, most of the body had been preserved much in the same way that corn is preserved—by natural drying. Hair, finger nails, the skeleton, and some skin are still clearly identifiable.

The age of the girl at death was estimated to be about eight years.

SINGER offers SUMMER EMPLOYMENT WITH CAREER OPPORTUNITY

A unique summer employment opportunity with challenging career possibilities limited only by your ambition and ability with a well established international organization, is available to all undergraduates.

Work this summer in one of the 1500 branches of the SINGER Sewing Machine Company near your home. Gain valuable business experience while earning salary plus commission. Your potential abilities will be developed by our proven training program.

Successful men who wish to finance their education may continue on a part-time basis during school term. All successful men will be given a graduation career opportunity with a chance for advancement in Domestic Sales, Foreign Distribution, Advertising, Engineering, Finance, etc.

For personal interview, stating name and location of college, area of desired employment, course or major, and year of graduation, to:
