## United Fund Set for Tonight

### Miss America, 4 Lads To Appear With Bands

Miss America and the Four Lads will be featured tonight in Jenison Field House when the Greater Lansing United Fund Campaign is launched from 7-9 p.m.

Considered the top vocal group in the country today by many critics, the Four Lads returned from a triumphant tour of the United States and Canadian night clubs. The Lads are Frankie Lymon, baritone, Bernie Tover, tenor, and arranger, Gene Costello, bass and arranger, and Jimmy Arnold, tenor.

Twenty-year-old Miss Mead is from Mississippi where she attends the University of Mississippi and is a Chi Omega sorority sister of last year's Miss America, Mary Ann Mobley.

Featured along with Miss America will be four guests who attend MSU: Miss Hawaii, Pat Vasser, Miss New Hamp-

Woman Athlete of the year, will appear with the MSU gymnastic team.

The Holt Squares from the "Four to Go" TV show will square dance and eight shows from Lansing will provide added entertainment.

Lansing's VFW 701 marching band along with area high school bands and cheerleaders will take part. Master of ceremonies will be Bud Guest, W.R.'s Goodwill MC and son of the late poet, Edgar A. Guest.

Free tickets have been made available through the men's and women's divisions of the Dean of Students and also to the Honor's College.

Because the tickets are limited, other students can not be admitted until ticket holders are seated. If there are seats available at 7:30 non ticket holders will be admitted at the south doors of Jenison.

### Polio Shots Available Now

Polio shots are now available to the student body. Tickets will be on sale from today through Friday at 308 Student Services.

Students may purchase tickets for the complete series or for each shot individually. The cost is 50 cents per shot.

The shots will be given starting on Oct. 19-23 between the hours of 8 a.m.-noon, and 1-4 p.m. at Olin Hospital.

The second shot will be given one month after the first, and the third shot seven months later.

All students are urged by the American Medical Assn. to go on and take a fourth shot to insure immunity.

FOUR LADS ... here tonight ...

## Steelworkers Union Refuses Court Order for Lasting Peace

### Reds Raise Issue Of 5 U. S. Captives

#### Soviet Premier-Urges Mao To Aid East-West Relations

LONDON (AP)—Soviet Premier Khrushchev Monday was reported to have raised with Mao Tse-tung the possibility of releasing five American captives of Red China.

Secret diplomatic information from Peking indicated the Soviet Premier also urged Mao privately to do everything else he can to aid the process of East-West reconciliation.

The outcome of Khrushchev's representations concerning the jailed Americans is not yet known. Prisoners include missionaries and men convicted of spy charges.

In the wake of their discussions there have been a number of political moves by Mao's men. Among the Red Chinese moves:

1. Red China Sunday unexpectedly hailed the Khrushchev-Eisenhower exchanges as being conducive to the further relaxation of international tension and the safeguarding of world peace.
2. In the same official government statement, Peking renounced its suspicions about an East-West summit meeting and backed Khrushchev's proposals.

#### Senior Pics. Proofs

Seniors are reminded that this is the last week to sign up for senior pictures and those who have their proofs may return them to the Delma representative on the fourth floor of the Union opposite the Tower Room.

For ending the world arms race.

3. Last week Premier Chou En-Lai told Indian Prime Minister Nehru that the present Chinese-Indian frontier dispute is merely an episode in our age-old friendship.

4. Peking last week also renewed its on-again off-again overtures for peaceful negotiations with the Chinese Nationalist regime of Formosa.

5. A delegation drawn from Japan's ruling Liberal Democratic Party has accepted an invitation to visit Peking later this month to talk about improving relations between Japan and Red China.

#### Notre Dame Game Tickets Available

Despite all reports to the contrary, the Michigan State-Notre Dame football game is not a sell-out.

Michigan State Athletic Ticket Sales Manager Warren Barth said that as of Monday about 2,000 seats remained unsold. Sales are brisk, however, and a sell-out by game time is anticipated.

Prospective patrons who may have been deterred from seeking tickets in the mistaken impression the game was a sell-out may obtain them by contacting the Athletic Ticket Office, Jenison Gym, either in person or via mail.

The tickets are \$4 each. An earlier limitation of four tickets per applicant has been waived and applicants can secure any number they desire.

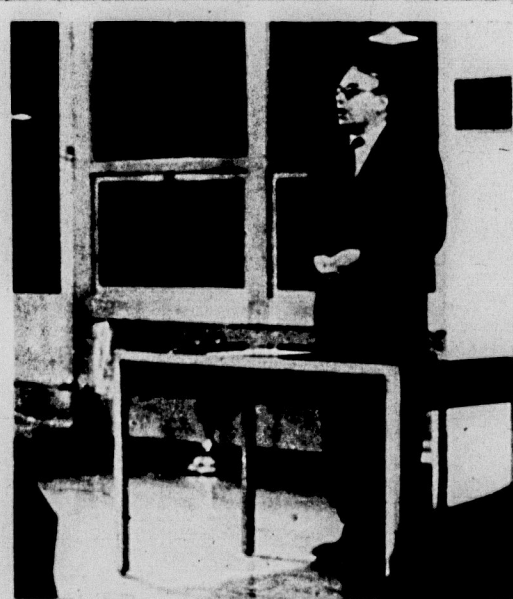

#### For Engineering Students

## Drainage Pipe Visits Campus

The Steelmobile, the only stainless steel drainage pipe on wheels is on campus today.

George Shafer, formerly vice president of engineering for Armo Drainage and Metal Products, Inc., will deliver illustrated lectures on selected subjects to engineering classes in connection with the display.

Sponsored jointly by the National Corrugated Metal Pipe Assn. and Armo Drainage and Metal Products, Inc., the Steelmobile contains full-scale exhibits of highway and municipal products.

PROF. FRANK JESSUP of Oxford University spoke to students Monday night in the library lounge. He claimed that 95 percent of students who go to English universities graduate.

#### English-U. S. Studies Education Discussed

Ninety-five percent of students who attend universities in England graduate, compared to 25 percent in the United States, said Prof. Frank Jessup Monday night in the library lounge.

Prof. Jessup from Oxford University lecturing on "University Education in England" said, "Through a system of selection only the intellectually elite are allowed to attend universities in England."

This means that they are almost certain to complete their studies without failure, the U.S. Registrar and secretary for Extra-Mural Studies of Oxford University said.

University education is not a matter of amassing an education, but a matter of mental training of the mind, Jessup said.

When you have learned the methods of study you can use these methods to study any subject, he explained.

Prof. Jessup said that in the United States, 30 percent of high school graduates attend college, whereas in England only seven percent are admitted.

At 7:30 p.m. Friday in the Band Shell, a pep rally will be held by Spartan Spirit as a prelude to the Notre Dame game. There will be no entertainment. Spartan Spirit is asking each living spirit to come as a group with some sort of banner, house-maker or any type of gimmick.

#### Huff, Walters Named Editors To Fill State News Positions

MSU's Board of Student Publications Monday made new appointments to two top State News jobs, naming Mary Huff editor-in-chief and D. Peter Walters managing editor.

Miss Huff, appointed interim managing editor at the beginning of the term, succeeds Harry Christ, who did not reapply for Publications Board consideration.

She has also served as editorial page editor, night editor, night sports editor and co-editor of the 1959-60 State News welcome edition. A Michigan senior, she is a member of Theta Sigma Phi, women's journalism honorary, and Kappa Alpha Mu, professional journalism honorary.

Walters, a Royal Oak senior, is a former State News sports editor, editorial page editor, night editor and night sports editor. He is MSU chapter president of Sigma Delta Chi, professional journalism fraternity, and a Kappa Alpha Mu member.

Both appointments take effect immediately.

MARY HUFF, editor-in-chief of the State News, and D. Peter Walters, managing editor, gather in Miss Huff's office after being elected to their new posts Monday.

## McDonald Says Issue Unsolved

### 80 Day Truce In Record Strike

WASHINGTON (AP)—Declaring it will not be beaten, the steelworkers union said Monday a court order may force an 80-day truce in the record steel strike "but there will be no permanent peace."

Steelworkers president David McDonald told a White House fact finding panel that at the end of the enforced truce the basic issue would remain unsolved. The basic issue, he said, is whether the companies will break the union.

McDonald and Arthur Goldberg, the union's general counsel, were leadoff witnesses as a three-man panel began hearings intended to help President Eisenhower decide whether to seek a strike-halting injunction. The board is under orders to report to Eisenhower by Friday.

Industry spokesmen were in line to give their views to the fact finders after the union has had its say about the increasingly bitter dispute which dragged through its 80th day. The company representatives are expected to state their case Tuesday.

In the past, the companies have accused the unions of demanding pay boosts and other benefits that management argued would threaten new inflation. The steel firms have pledged to resist this, and there was no sign they were ready to back off.

This, together with McDonald's no-retreat stand, pointed to a renewed walkout about New Year's Day even if a federal court order should send the strikers back to the mills for 80 days. McDonald said his union would bow to an injunction, although opposed to it.

However, there were indications that members of the Presidential panel contacted both sides before the hearing began in an apparent effort to mediate and avoid an injunction. Whether this effort made any headway was not known immediately.

The panel's assigned job is to find the facts in the case, but board chairman George Taylor had made it clear he planned to try to work out a voluntary agreement. Taylor, an old hand at arranging such settlements, is outspoken in his feelings that a Taft-Hartley injunction only serves to prolong a labor dispute.

#### All-Girl Japanese Dance Theater Performs Tonight

The 1959-60 Lecture-Concert season will open tonight with the first of two performances by the world-famous Takarazuka Dance Theater.

The Japanese dancers will perform tonight in series "A" and on Wednesday night in series "B." Both performances will be at 8:15 p.m. in the Aud.

The all-girl company of 73 dancers, singers, actresses and musicians will perform three acts, each act composed of many scenes including traditional Japanese dances based on legend and folklore.

The Takarazuka dancers have been featured in Cinema's "Seven Wonders of the World" and were an inspiration for the motion picture, "Sayonara."

#### UB Accepts Dates

Union Board Publication Committee are now accepting dates for the winter term calendar. Bring the dates to the Board office and post them on the Committee bulletin board.

## ROTC Not Needed, Says Future Group

ALREADY THE MOST-PUBLISHED recommendation of the Committee on the Future of the University is that the compulsory requirement of the ROTC program should be abolished effective with the fall quarter, 1960.

In view of recent developments at other colleges and universities around the country, this recommendation may be of national significance. The Committee, however, feels it is only a minor part of their report, and has listed only one of 74 pages to the topic.

The Committee called the current compulsory program "an intrusion on the educational process." It considered the primary purpose of the program, including both basic and advanced phases, is to furnish career and long-term officers of highest caliber and dedication. The compulsory program, however, was felt in the Committee's view to be a "negative factor in career motivation."

PROFESSIONAL OFFICERS such as are sought by the ROTC program must have both a broadly based educational background and specialized and intensive advanced preparation.

Instead of going away with the compulsory requirement of ROTC, the Committee has suggested a whole new approach to the program. It recommends forming a joint Faculty-Student Committee to investigate a new voluntary program of military education.

Such a program, it is recommended, should have educational content and stature of any other field of study. The student enrolling in the special program would take an elective major in an appropriate department or division, and the needed military courses.

HE WOULD HAVE a specially designated adviser to guide his program in consultation with the commandant of a particular military branch. Required courses for off-campus training should include languages, geography, international relations, and economics.

The basic, compulsory ROTC course in current operation at MSU is a total of 160 contact hours spread over two years, approximately equivalent to a month's military training. The advanced program, taken by juniors and seniors on a voluntary and selective basis, is a total of 18 contact hours plus a one-month summer camp.

Although a compulsory basic program affords greater activity in screening applicants for the advanced course, the Committee pointed out that "only a slightly higher percentage" of the total male graduates are commissioned through the ROTC programs in colleges and universities.

Compulsory programs during the first two years of those offering voluntary programs.

No Date Set

UN to Debate Aggression Of Communist China in Tibet

UNITED NATIONS, N.Y. (AP)—The UN General Assembly decided Monday to hold a full debate on charges of Chinese Communist repression in Tibet.

The vote was 45 to 11. Voting 'no' were the communist nations and Indonesia, which complained that the Peiping government would not be present to answer the charges since the UN has refused to consider admitting it.

Speaking in favor of holding the debate, U.S. Ambassador Henry Cabot Lodge told the Assembly: "If we turn our faces away from evil in the UN the world will be in serious danger."

Twenty-five nations abstained, mostly Asian neutrals and Arabs.

India, whose relations with Peiping have deteriorated since the anti-communist rebellion in

Tibet this spring refused even to participate in the vote.

The discussion is aimed at focusing world opinion on the situation in Tibet. It was scheduled for the UN assembly without being shunted aside to a committee—but no date was set.

Ireland and Malaya, sponsors of the move, expect they can push through a mildly worded resolution appealing for respect for human rights but making no mention of Red China.

Vassily Kuznetsov, a Soviet deputy foreign minister, led the communist attack. He repeated charges that the move had been organized by the U.S. State Department to stop the flow of Soviet-American relations that began with Soviet Premier Khrushchev's trip to the United States.

Kuznetsov accused the sponsors of hypocrisy, malice, slander and attempting to interfere in Red China's internal affairs. Lodge replied: "The truth of the matter is that it is not the person who talks about crime, it is not the person who wants to do something about crime who promotes the Cold War, it is the person who commits the crime."

The tone of the debate was heated, but less acrimonious than in the assembly's steering committee last Friday. At that time Kuznetsov said: "Tibet is a dead question and it is already beginning to stink."

The assembly acted shortly after the Dana Lanza, exiled Tibetan leader of Tibet, sent the UN a message appealing for a future of peace and justice in his country.

The appeal was transmitted by Gyalo Thondup, the Dana Lanza's brother, now in New York City. The young god-king, messenger from Tibet, said that his people desire peace and civilization, and it is in that spirit that he has appealed to the United Nations in the hour of the people's agony.

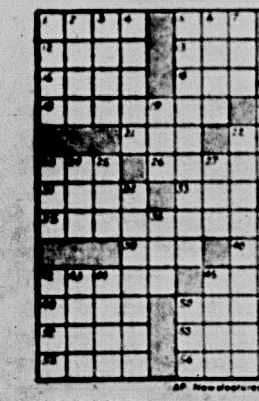

Michigan State News

Read Daily by MSU's 25,000 Students and Faculty. The Michigan State News is published by students of Michigan State University, East Lansing. It is not the official voice of the university or of the student body, but it is seeking to serve the best interests of both. It is not to be confused with the Associated Press, which is a news-gathering agency, or with the Associated Press, which is a news-gathering agency.

J. M. Roberts AP News Analyst Interpreting the News

JUST WHEN the United States has begun to accept Indonesian neutralism, and to extend military and economic aid to a government which seriously needs it, the Indonesian foreign minister has taken a highly unneutral position with regard to Formosa. Considered against the background of recent events and what seems to be the verities of Indonesian politics, one cannot help but wonder whether oriental courtesy may not have involved Foreign Minister Subandrio in something from which he may later need to extricate himself.

years of conflict with the Dutch, had reopened her heart and her coffers to the new republic. IT COMES at a time when the Indonesian government is very largely controlled by anti-Communist General Nasution, who has turned to the United States for military aid in his efforts to quash the numerous local rebellions which still plague him. It comes on the even of Subandrio's visit to Japan, which has always opposed any Chinese expansionism in the far Pacific, and to the Philippines, to which Red Chinese on Formosa would represent the same sort of threat as the Japanese did in World War II.

Letters to the Editor

Women Students Demand Dorm Cigarette Machines

To the Editor: As we begin our second year attending Michigan State University and living in university housing, we become increasingly aware of our voice in the Student Government. We understand one of the aims of this institution is that of making mature individuals of its students. When a rule of the school seems unjust, outdated, or ridiculous, we should necessarily question it, and attempt to change by majority vote whether this rule should be continued. We also believe that within reasonable limits, the majority vote is the deciding vote on minor policies.

I have been a resident of East Lansing for 19 years and am now in my sophomore year at Michigan. I know for a fact that even though MSU always holds Michigan as its biggest rival, her students have always had the intelligence and respect to keep their "Beat Mich" attitude at a sporting level. I hope Mr. Little's letter will weaken the majority of my colleagues at Michigan from its invidious and disgraceful behavior and open their eyes to the fine and decent example set by our rivals from the north. An apologetic U. of M student

Welcome Week Issue Criticized To the Editor: The welcome edition of the State News contributed greatly

Therefore, it seems logical to assume that the women students should have a chance to decide for themselves the issue of cigarette machines in the dorms. Most of us are probably aware that cigarettes are sold in the Student Services Building, the Union and the men's dorms. Since access is granted to within a block or two of our women's residence halls, and since men students, who have no restrictive laws to prevent their going out for cigarettes, may purchase them in their dorms and since school policy is obviously not against the sale of tobacco on campus, it seems unfair to prohibit the installation of cigarette vending machines in the women's dormitories.

As for the fear of incurring parental wrath by encouraging new women students to smoke, we feel that beginning smokers are more apt to learn on cigarettes cadged from friends, rather than taking the initial step of buying a whole pack on their own.

Also, the distance one must travel for tobacco seems much less restrictive than the distance. How many students have nothing better to do than to learn to smoke in the wee morning hours? Having discussed this of something with fellow men students, we find a strong sentiment of agreement for selling cigarettes in our women's dorms. Could the female student body petition or take other action to encourage this question being put to a vote? The issue itself is more important because of the act of discrimination toward women than because of the substance it causes us.

Sylvia Neahr, Sandy Walker, Annette Gensert, Nancy McCreddie, Marje Wible

UofM Student Sends Apology

To the Editor: In reference to a letter written by David Little of MSU to the editor of the Michigan Daily. Mr. Little gives several points of U of M conduct at last Saturday's game (October 3), of which Michigan students should be greatly ashamed. If you will permit me, I'd like to tell David Little how highly I regarded his letter.

# Quiz Contestant Dodges Chance to Speak of Rig

## Van Doren Not Present At Hearing

WASHINGTON (AP)—Charles Van Doren, big money winner on a television quiz show was accused by the chairman of a house investigating committee Monday of dodging an opportunity to say in person whether the show was rigged.

Announcing that a subpoena has been issued to require Van Doren's testimony, Chairman Owen Harris (D-Ark) declared: "Mr. Van Doren has purposefully avoided service."

Van Doren sprang to nationwide fame by winning \$129,000 on the now-defunct program "Twenty-One" in 1956-57. Other contestants on the show, notably Herbert Stempel who won \$49,500, have said they were given answers in advance, and told when to lose.

Stempel did not say Van Doren was coached, however, and Van Doren telegraphed the investigating committee a request that his denial of trickery be entered into its record.

Van Doren made his long distance request last Wednesday, from his home in New York.

Harris disclosed Monday that the committee sent Van Doren a new invitation on Thursday to testify in person, but has heard nothing from him.

Then, on Friday, a subpoena was issued ordering Van Doren to appear Monday, but it was not served.

Van Doren was an English instructor at Columbia University when "Twenty-One" made him famous. He is still an instructor there, but one of the results of his TV fame was a \$50,000-a-year job with the National Broadcasting Co. as a commentator and specialist in education.

## Tower Gets Face Lifting

Beaumont Tower's north terrace is being re-landscaped for the first time since 1928. Milton Baron, assistant with the Landscape Architecture Campus Site Plan, designed the new plan.

Most of the old shrubs are being removed and low evergreens, ivy and other ground covering plants are replacing them. Early spring flowering shrubs are being planted.

Baron said that the old year plants and evergreens were crowding the terrace and growing too thick, making pruning and trimming difficult. The evergreen plants obstructed the view of Beaumont and caused congestion of pedestrian traffic between classes.

The last time the landscaping was done was in 1928 by T. Frank Phillips, head of the Campus Site Plan at that time.

The landscaping began Monday and should take a week or 10 days, Baron said.

## Vets Call Meeting: First for Season

Fall is here and the call of the wild duck is summoning the Veterans Assn. for another year's activities.

The Vets Wives are also gathering for another season of meetings, social functions and charity work. First on the schedule for the Vets Wives is a bake sale Oct. 31 at Woolworth in Frandor.

The vets have also scheduled a speaker from the Michigan State Police Narcotics Bureau.

A fall program is planned for the year, including nearly everything except bridge. The first meeting is tonight at 8 in the Spartan Village Hall, on the corner of Willow Lane and Harlan Road.

## B of E Group To See Latest Architecture

Michigan school board members will view the latest advances in school architecture and equipment at the 11th annual School Board Conference today at MSU.

Sidney Sixma, executive secretary of the Michigan Assn. of School Boards, said the architectural display will feature about 60 pictures and scale models of modern school plants.

Another exhibit will show the latest designs in school furnishings and supplies, he added.

More than 500 school board members from across the state are expected to attend the conference, sponsored by the College of Education.

Keynoting the one-day seminar will be a talk by Dr. Lewis Harris, executive secretary of the Ohio School Board Assn.

Others on the program include Dr. Clifford Erickson, dean of the College of Education; Dr. Lynn Bartlett, State Superintendent of Public Instruction; Harold Webb, of the National School Board Assn.; and Dr. James Bushong, superintendent of Grosse Pointe schools.

## Speaks at UAW Convention

# Kennedy Defends Labor Connections

ATLANTIC CITY, N.J. (AP)—John Kennedy (D-Mass) told the United Auto Workers' convention Monday that he did not consider it a political liability to be associated with organized labor and particularly with the UAW.

Appearing before the convention as a potential candidate for the Democratic presidential nomination in 1960, Kennedy was given a standing ovation by nearly 3,000 delegates.

He avoided making any new disclosure of his political intentions but he drew a big cheer when he suggested that UAW President Walter Reuther "would do very well" as a candidate. He was commenting on handbills distributed at the entrance of the hall suggesting "Reuther for President."

Earlier there had been rumors that some delegates would walk out when Kennedy appeared because of his role in labor reform legislation. But nothing like this happened.

"I do not intend to apologize to members of organized labor or to the members of the gen-

eral public for my record in recent days and months and years," Kennedy said.

Then referring to Teamsters President James Hoffa, Kennedy said, "Jim Hoffa may not approve of me, but I do not apologize for having earned his hostility."

"I realize," Kennedy said, "that the Labor-Management Act of 1959 is not the bill that

you wanted on the bill that I wanted. It contains many features inserted by the enemies of organized labor and the general public, not to get at the hostilities and the racketeers who may have infiltrated the labor movement, but to weaken the rights of honest unions to represent their members at the bargaining table."

He said Republican senators

had failed to find any hoodlums in high office in the UAW. He said they wanted to investigate it because it "both stimulates and symbolizes the liberal movement in this country."

Attacking the national administration, Kennedy said, "The American people for the last seven years experienced a government frozen in the ice of its own indifference."

DR. ALBERT SCHWEITZER, right, receives a document making him an honorary citizen of Frankfurt from Mayor Werner Hoekelmann in a ceremony last week at Frankfurt, Germany. The Nobel prize winner has been visiting West Germany.

## Record Loot

### London Burglars Rob Jewelers

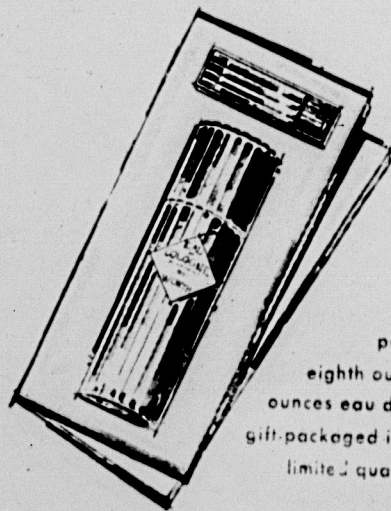

LONDON (AP)—A daring gang of burglars made a grand tour of four fashionable jewelry stores during the weekend and vanished with a record haul of gems. Scotland Yard scoured London's underworld for clues.

Detectives and store officials said Monday at least 210,000 pounds (\$368,000) worth of jewelry was stolen and that the total may reach 500,000 pounds (\$1,400,000).

Police theorized it was an inside job. The burglars worked systematically through all four shops of the Goldsmiths and Silversmiths Assn. chain in London's west end as if they knew their way around. They swept the shelves, drawers of rings, brooches, bracelets and watches.

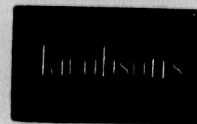

Scotland Yard has been reconstructing the burglary, but the gang has disappeared. Detectives searched for clues in desks and papers, a watch in a pocket and a pair of shoes.

State enquiries suspected nothing as they opened up the shops Monday morning. Inside, they found empty jewel cases scattered around and the stock gone. Only cumbersome stuff like silver plate and pewter was left.

If you saw a man on his hands and knees in the street, searching for something, would you (A) try to find it before he does? (B) tell him it isn't worth getting him over for? (C) ask him what he's doing down there? (D) offer to buy it from him when he finds it?

A B C D

Do you think that the old saw "an apple a day keeps the doctor away" is (A) simply a trick to get you to eat apples? (B) tough on the doctor? (C) a health precept that can apply to other fruit, too? (D) applesauce?

A B C D

Would you choose a filter cigarette because (A) of what is said about the tobacco? (B) you could hardly tell the filter is there? (C) it has the most advanced filter design? (D) it claims to filter well because it tastes weak?

A B C D

Why do men and women who think for themselves usually smoke Viceroy? Because they've found out the Viceroy filter

is the best of its kind ever developed, for finest tobacco taste. A thinking man's filter. And they know Viceroy delivers a rich, satisfying taste that's never been equaled. A smoking man's taste.

A thinking man's filter... a smoking man's taste. How about you trying Viceroy's?

\*By the way, if you checked it, in three out of four of these questions... man, you think for yourself!

## The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!

# TANG! New breakfast drink you can keep in your room!

**EARLY ELLEN** I get up so early to study that a glass of TANG takes me over my breakfast. It's delicious and saves you up better than a cold shower.

**ALWAYS HUNGRY HAL** I'm a before-and-after-meal TANG man. It really fills in where fraternity food leaves off. Buy two packs. Your friends need vitamin C, too!

**LAST MINUTE LOUIE** A fast TANG and I can make it through class. If I have time for breakfast. Fast! All you have to do is add to cold water and stir.

**DEAD BEAT DON** I have to get in a lot of hours on my lat. But since I have TANG on my desk, it really keeps me going even through the longest hours.

NEW! INSTANT!  
Just mix with cold water!

GET TANG FOR YOUR BOOKSHELF SOON

TANG has real wake-up taste, more vitamin C than fresh or frozen orange or grapefruit juice. Plus vitamin A. TANG keeps without refrigeration so you can keep TANG right in your room.

MORE VITAMIN C THAN ORANGE JUICE!

WANTED: Characters and captions for campus TANG-ites (like above). Must relate to TANG. Will pay \$25 for every entry used.

Address: TANG College Contest, Dept. GRM, Post Division, Battle Creek, Mich. (Entries must be postmarked before Dec. 15, 1959.)

## Five New Bowls Slated

NEW YORK (AP)—Five new bowl football games have been approved by the National Collegiate Athletic Assn., making a total of 15 at the end of the season.

Five new bowl games were approved—the Aluminum, Flower, Bluebonnet, Liberty and Santa. The Citicadeo Bowl, played in Escondido, Calif., was dropped.

Here are the bowl games approved for this season:

- Nov. 21—Mineral Water Bowl, Excelsior Springs, Mo.
- Dec. 12—Flower Bowl, New Orleans.
- Dec. 12—Bluegrass Bowl, Louisville.
- Dec. 19—Bluebonnet Bowl, Houston, Tex.
- Dec. 19—Liberty Bowl, Philadelphia.
- Dec. 25—Santa Bowl, Houston, Tex.
- Dec. 26—Aluminum Bowl, Little Rock, Ark.
- Dec. 31—Sun Bowl, El Paso, Tex.
- Jan. 1—Tangerine Bowl, Orlando, Fla.
- Jan. 1—Prairie View Bowl, Prairie View, Tex.
- Jan. 1—Orange Bowl, Miami, Fla.
- Jan. 1—Sugar Bowl, New Orleans.
- Jan. 1—Rose Bowl, Pasadena, Calif.
- Jan. 1—Cotton Bowl, Dallas.
- Jan. 2—Gator Bowl, Jacksonville, Fla.

OHIO STATE'S JERRY FIELDS (21) races 21 yards around right end before being snared by Illinois Mel Romani (19) on the Illinois 20-yard line, in this third-quarter play Saturday. The Illini upset Ohio State, 9-0.

## American Tennis Aces Nix Aussie Tournaments

SYDNEY (AP)—Barry MacKay wants too much money and Alex Olmedo isn't available, so no Americans will play the Australian Tennis circuit this year.

Australian officials reportedly are unhappy over this turn of events. Absence of Americans is expected to hurt the various gates.

"We should boycott the next U.S. Championships as a reprisal," commented one angry official.

The Australian season opens with the New South Wales tournament in Sydney in November and winds up with the national championships in January.

The two leading U.S. juniors, Earl Buchholz Jr. and Charles McKinley of St. Louis, turned down invitations because of studies.

## Charley Dressen Gets Fine For World Series Antics

NEW YORK (AP)—Baseball Commissioner Ford Frick Monday slapped a \$200 fine on Charley Dressen, Los Angeles coach, for acting up in the final World Series game last week.

The commissioner said Dressen must pay \$200 for using profane language and threatening gestures and \$100 for "showboating" after he had been thumbed off the field by Ed Hurley, the first base umpire.

This is the second time Dressen has been fined for his actions in a World Series. He drew a \$100 penalty for protesting a strike decision when he was manager of the Dodgers at Brooklyn in 1953.

fourth inning of the sixth and decisive game of the series at Comiskey Park.

Dressen was coaching at first base while the White Sox were at bat in the fourth. Just after Ted Kluszewski, Chicago first baseman, had hit a three-run homer, Dressen began exchanging words with Hurley, an American League umpire. After a while, Hurley thumbed Dressen off the field.

Later it was reported that Dressen was ejected for yelling at plate umpire Frank Dascoli while Earl Torgeson was at bat for the White Sox. Hurley told Dressen to be quiet and Dressen snapped back.

Dressen, who missed most of his team's 9-3 victory which sewed up the series, complained in the dressing room that he was banished without reason.

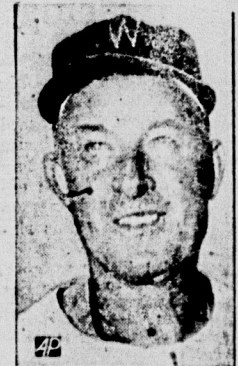

"The bench got on Dascoli for what we thought should have been a strike against Torgeson," Dressen said. "Hurley told us to shut up. I yelled 'What do you mean, shut up?' He thought I told him to shut up. I was innocent of the whole thing."

Frick said World Series fines are rare but added: "We occasionally hit them for a little money."

In 1953, in the fourth game of the New York Yankees-Dodgers series, Dressen was fined \$100 for arguing with plate umpire Art Gore over a ball thrown to Phil Rizzuto. The Yankees' Irv Noren was fined \$100 in the sixth game of the same series.

for making a gesture when the official scorer charged Billy Martin with an error.

Last year Ryno Duren, Yankee pitcher, was fined \$250 for making a "choke-up" gesture at plate umpire Charley Berry. It happened in the 10th inning of the

CHARLEY DRESSEN  
... "I was innocent" ...

sixth game of the series with Milwaukee after Berry had awarded a base on balls to Milwaukee's Johnny Logan.

The most sweeping fine was the \$50 each assessed against each of the 22 members of the Milwaukee Braves — also last year — for prematurely disclosing how they were splitting up their World Series swag.

## ND Coach Makes Pitch For Tackle

CHICAGO (AP)—Notre Dame Football Coach Joe Kuharich made a pitch for more players from the Chicago area Monday.

At the Chicago's American weekly "quarterback luncheon" he made tongue-in-cheek recruiting overtures to high school star Jerry Mroz, a 248-pound tackle, who was on the roster to receive a certificate as prep lineman of the week.

Regarding George Izo and Red Mack, injured regulars who were used only sparingly for the first time this season in Notre Dame's 28-6 victory over California, Kuharich said:

"Izo played in the first quarter and tossed a touchdown pass. But he still is troubled with his knee. We fret while he is playing because he is far from being effective at quarterback with that injury."

"As for Mack, his knee gave way on him and he is only 60 percent efficient. He is a great running back and fine defensive man. It is a tragedy he is not sound physically."

"We are concerned about Michigan State this Saturday. They have had the same trouble as ourselves in getting acclimated. We don't consider ourselves a good team in any sense. We only have one or two positions with a certain amount of ability. But we hope to improve as we go along."

## Michigan Men Draw Mention No Sure Successor Seen for Bell's Post

PHILADELPHIA (AP)—The sudden shock of Bert Bell's death left National Football League owners without a standout choice to succeed him as commissioner.

His 13 years as czar of the NFL were busy ones for Bell, leaving him without time to groom a successor.

Even the man who temporarily is filling Bell's post, former FBI agent Austin Gunesel, said today he had no idea whom the 12 owners might select.

Gunesel, as league treasurer, became acting commissioner Sunday when Bell died, under provision of the NFL constitution. He'll remain in that post at least until Wednesday when the club owners are expected to meet here after Bell's funeral.

Names being mentioned in speculation are those of Don Kellie, general manager of the Baltimore Colts; Joe Donoghue, vice president of the Philadelphia Eagles and assistant league treasurer; Paul Brown, Cleveland Browns coach and executive; and George Halas and George Preston Marshall, owners of the Chicago Bears and Washington Redskins. Halas and Marshall have said they don't want the post.

Three Michigan sports figures drew mention also.

President-General Manager

Edwin Anderson of the Detroit Lions, Athletic Director Fritz Criesler of the University of Michigan and General Manager Nick Kerbaway of the Detroit Pistons were mentioned as possible successors. But there was no indication that any of them had an inside track to the job.

Though he has been part owner of the Lions for more than a decade, Anderson moved into an active role as president and general manager only in July, 1958.

Criesler would have to be regarded as a real long shot for the post since he frequently has been an outspoken critic of pro football.

Kerbaway was a member of the Lions' staff for 19 years before stepping out as general manager in June, 1958, to accept the job of running the Pistons basketball team.

Marshall was the first owner to mention a possible successor, Gov. A. B. "Happy" Chandler, former commissioner of major league baseball, declined nomination.

Gunesel also could be considered. But his background in football is short—having been seven years when Bell hired him to protect the league against scandal.

## Go-Sox Went With Less

CHICAGO (AP)—The Chicago White Sox went farther with less than any club in Major League baseball, Club President Bill Veeck said Monday.

"A winning spirit did it," Veeck told a quarterback club meeting. "Balks, sacrifices, walks and steals we were familiar with. Base hits, we didn't know about. We had a localized offense—

Luis Aparicio walking to lead off, stealing second, being batted in by Nellie Fox—and then went another three innings."

"We are going to find somebody who can whack that ball," Veeck continued.

"As for making any trades with the New York Yankees, Weiss (George Weiss, General Manager) and I don't see eye-to-eye. He wouldn't trade with me and I wouldn't trade with him. Besides, he is smarter than I am."

# Blaik Explains Quitting

## James Tiff Over Army Aid Policy

### Offer Called Biggest Influence

NEW YORK (AP) — Col. "Red" Blaik acknowledged Monday that he and Superintendent differed over Point's football program mainly because of a decision to quit in the current issue.

He stepped down last Jan. after 25 years as head of the U. S. Army Academy and seven at Point. He now is a vice president of Avco Corp. and the Associated Press.

Blair's resignation was announced in a letter to the academy's superintendent, which was dated Oct. 15.

The superintendent, which was dated Oct. 15, was signed by Blair. Blair's resignation was announced in a letter to the academy's superintendent, which was dated Oct. 15.

**NORTHWESTERN END** Paul Yanke (88) leaps to grab a seven-yard touchdown pass thrown by quarterback Bob Eickhoff, who came off the bench to spark an 86-yard scoring drive in the fourth quarter Saturday against Minnesota. The lone TD gave the undefeated Wildcats a 6-0 win. Gopher back Arlie Bomstad (26) tries to intercept in vain.

## Spirits Still High Several Gridders Hurt: Skip Monday's Practice

The Spartan gridders went through a brisk workout Monday following their 37-8 loss to Iowa. Considering the bitterly cold weather and the poor showing against the Hawkeyes, Duffy Daugherty and his coaching staff were in surprisingly good spirits.

Several of the Spartans, including the great running back, were put in the hospital Monday. The cause of the injuries was not clear, but it is believed that the players were overexerted during the game.

Daugherty's outlook was optimistic. He said that the team would be back to normal by the end of the week. He also mentioned that the players were in good health and that the team would be ready for the next game.

## Texas Wins Don't Bother Sooner Chief

NORMAN, Okla. (AP) — Oklahoma football Coach Bud Wilkinson told his weekly news conference Monday he didn't believe the loss of two straight games to Texas has any significance in regard to recruiting.

"After all, we're a pretty local team when you realize that the majority of our students come within a 300-mile radius," Wilkinson said.

Wilkinson's remarks came on a direct question as to whether the Texas losses in 1958 and 1959 would hurt Oklahoma's chances of getting Texas players as they have many times.

Texas writers said after Oklahoma's 19-12 defeat by Texas Saturday it could mean the end of the Wilkinson era of getting good Texas players for the Sooner squad.

"I don't think a team's record has too much significance," Wilkinson added.

"We seldom ever have anyone from a far distance. Most of our boys have come from the Amarillo, Wichita Falls, Odessa and Brownsville areas, and that's pretty close to Oklahoma."

## Charley Gets Help In Aggies' Offense

COLLEGE STATION, Tex. (AP) — Speaking of one-man teams and a fellow carrying the whole load, consider Charley Milstead, Texas A&M's busy quarterback.

But things are getting better for him. On the Aggies' offense, Milstead is the star. He has completed six of 11 passes for 66 yards to give the Aggies a 7-6 lead.

In the second half came the revelation that the Aggies no longer were a one-man team. Sophomore Jesse McGuire ran a kickoff back 86 yards to get A&M moving without Milstead, who had been taken out because of a slight injury.

At one time there was an all-sophomore backfield in the game doing a top job. A&M won 21-6, for its third victory in a row.

Myers says Milstead is valuable because he is furnishing great leadership. Not only is he a fine student—averaging B in engineering and making the academic All-America team—but he can deliver the goods in football the way the others on the team would like to do it.

Coaches agree that defense, the kicking game and offense in that order are the most important factors in football. Milstead is good at each.

## Art Wall 'Golfer of Year'

DUNEDIN, Fla. (AP) — Art Wall Jr., a 35-year-old exponent of the baseball grip, is the PGA Professional Golfer of the Year for 1959.

Harold Sargent, president of the Professional Golfer's Assn., announced the selection of the slim shotmaker for the award today.

The slim veteran of 11 pro seasons will receive the trophy awarded annually at a dinner in Clearwater, Fla., Dec. 8.

Wall, Pocono Manor, Pa., is the reigning Masters Tournament champion.

Sargent said Wall was named on 216 ballots submitted by sports writers and members of the PGA. Bill Casper Jr. of Apple Valley, Calif., finished as runnerup with 60 votes.

Next came Bob Rosburg of Napa, Calif., with 46 points.

### People Stare As Apparition Shines on Warsaw Church

WARSAW (AP)—Drawn by widespread word-of-mouth reports of a luminous, Madonna-like figure appearing at the top of the church steeple for three nights, people gathered by the hundreds around shabby St. Augustine's church on Nowolipki street Sunday.

Some of the visitors said they had seen the mysterious, glowing figure at night and had come back to look at the tall, cross-topped spire in daylight.

The luminous figure, some said, was first seen last Wednesday on the feast of Our Lady of the Rosary.

Passersby said they noticed the figure standing at the peak of the steeple where a golden ball and tall, simple cross are seen in daytime.

Reports of the apparition spread and a number of people turned up Thursday night to see if it would come again.

On Friday, it was reported to have appeared shortly after darkness and again on Saturday night.

Authorities, anxious to clear up the mystery and aware of its possible impact on the deeply religious Polish population, turned off the electricity in the district for several minutes on Friday night to determine whether it was a reflection from some light in the area. A number of people questioned later said the figure remained visible and could be seen even better with the street lights off.

By Saturday night, the kneeling and chanting crowds outside the church became so large that police patrols were called and the area was cordoned off.

In addition to thousands of Poles, a number of Western diplomats went to the church and came away saying they had seen the luminous figure.

Among Western observers was Gov. G. Mennen Williams of Michigan and Mrs. Williams who were in Warsaw on a private visit and went to the church late Saturday night. Standing among the praying and chanting people, both said they could see the figure.

Mrs. Williams commented later, "I've never seen anything like it before in my life." The Governor said, "It was fantastic."

### ROTC Holds Convocation Hannah Stresses Military Need

By BILL KIELMAN  
Practically every male in the freshman and sophomore classes attended the ROTC convention in the Aud last night.

One thousand, eight hundred and thirty-eight basic Army cadets and 1,417 basic Air Force cadets, their cadet officers, and their regularly commissioned officers and instructors listened to talks by President John A. Hannah and coach Hugh "Duffy" Daugherty.

The convocation was held in Dr. Hannah's words, to "answer some of the questions as to how we can get the best out of ROTC here."

for military strength, considering it the only language the Soviet Union understands.

He also emphasized the point that the United States has commitments to allies, the world over—Formosa, Vietnam, Korea, Germany, the NATO powers, the other alliances.

Dr. Hannah pointed out that while the Morrill act does not require compulsory ROTC, but merely the offering of the course, the land-grant colleges, almost without exception, have felt honor-bound to require it of able male students.

"At MSU," he stated, "this policy has been re-examined from time to time, as it is now being re-examined by a committee of our faculty and by our Board of Trustees."

An important part of the President's address concerned the future of the ROTC program at MSU. He told the assembled cadets that the University had recommended that required participation in the ROTC program be abandoned beginning with the freshman class entering in 1960 and a major in the field of military science be substituted for those students who wish to pursue this.

In other developments for the future, Dr. Hannah indicated that a faculty committee and a student committee have also been considering the question of compulsory ROTC, and that the armed forces are considering a drastic revision of the curriculum, with the emphasis placed much more on academic subjects than it has been in the past.

Football coach Hugh "Duffy" Daugherty also spoke at the convocation. In his words, "I have always felt, had I gone to a college with compulsory ROTC training, I would have been in a much better position to serve my country that I was."

Daugherty enlisted as a private in World War II and returned as a major.

The convocations were started four years ago, according to Dr. Hannah, after several series of incidents on the MSU campus showed that the other students had a lack of respect for an absence of understanding for the ROTC program.

The first of the annual convocations was held at that time to permit the university to explain why ROTC is regarded as an important part of the university's total program.

### Society Seeks Poems By College Students

An anthology of original poetry written by college students is being compiled by the American College Poetry Society.

Students who are interested in having their work published may submit the work to Alvin Post, executive secretary, American College Poetry Society, Box 23460, Los Angeles 24, Calif., by Dec. 15.

The editors' name, address, and address should appear on each page. Poems which may deal with any subject, but may not exceed 40 lines, but may be individual subject more than two poems.

### Space Future Agency Topic

LANGLEY RESEARCH CENTER, Va. (AP)—The National Aeronautics and Space Administration reported Monday on research that may lead to the development of a communications system for space vehicles.

The agency also lifted the wraps on many other facets of its space and aircraft research at the opening of a week long inspection of its research center here near the Newport News-Norfolk area.

NASA said it has built at its Lewis Research Center, Cleveland, Ohio, an experimental electrical space engine, using ion beams, and plans to build larger ones. A small scale ion engine was unveiled here.

Four members of the College of Engineering will take part in the 15th annual National Electronics conference in Chicago through Wednesday.

More than 10,000 scientists, engineers, educators and others from the United States and many foreign countries are expected to attend.

Dr. John Ryder, dean of the College of Engineering, will conduct a session on "Recruiting of Scientific Personnel." A session on "Numerical Analysis and Switching Theory" will be conducted by Dr. Lawrence Von Tersch, director of the computer laboratory and head of the electrical engineering department.

Dr. Gerard Weig, associate professor of mathematics with the computer laboratory, and John Eason, graduate student, will give a technical paper dealing with a problem involved in electronic computing.

### Prof's Attend Conference

Four members of the College of Engineering will take part in the 15th annual National Electronics conference in Chicago through Wednesday.

### Professional Sorority To Hold Rush Party

The Gamma Nu, national professional sorority for women in business, will hold the first in a series of rush parties today, from 7-8 p.m., in Out College Hall.

Women who are four-year students in the Division of Business and Economics are cordially invited to attend.

To be eligible for membership one must have at least a 2.0 all-university average and a 2.5 average in business subjects with a minimum of six hours recorded (70-75) this year.

### Compulsory Physical Education

(Continued from Page 1)  
In 1957, for example, statistics are as follows:

Compulsory—Percent of male graduates commissioned—regular and reserve: Army 12.0, Air Force 4.8, Navy 3.0.

Voluntary—Percent of male graduates commissioned—regular and reserve: Army 9.3, Air Force 3.9, Navy 5.4.

The Committee made use of information in the study "Education and Military Leadership," by Lyons and Masland, published this past May by the Princeton University Press.

Another consideration the Committee used in basing its decision is that the financial burden upon the University to support the compulsory program will grow as enrollments increase.

Recent developments cited by the Committee in the ROTC situation include a re-examination of compulsory basic ROTC requirements and failure of the federal government to provide meaningful support for legislation authorizing aid in construction of ROTC facilities.

A quite drastic drop in the physical education requirement is another of the Committee's findings. The future of the physical education program is the subject of the report.

The only physical education recommended as required for all students is the course in Foundations of Physical Education. After taking of this course, students whose testing program results show need for additional physical education courses should be encouraged, but not required, to take additional courses for credit.

For all physical education courses of this nature, and for the Foundations course, it is recommended that students receive grade and credit. The grade, however, should be on a satisfactory-unsatisfactory basis, and not considered in all-college grade-point averages.

At present, MSU's physical education program requires that each student be able to swim, complete the Foundations course, and complete six instructional credits. Each of these six credits requires three hours per week for one term.

A recent study by the National Collegiate Athletic Assn. showed education requirement is not unique. More than 85 percent of colleges and universities surveyed require one or more years of physical education. The Department of Education's National Physical Education Study Commission, which is responsible for the physical education program through the National Physical Education Study Commission, means to increase liberal arts education, and to produce a small liberal-arts college.

New cigarette paper "air-softens" every puff!

**Now even the paper adds to  
Salem's springtime freshness!**

Salem's amazing new HIGH POROSITY paper "air-softens" every puff.

Invisible porous openings blend just the right amount of air with each puff to give you a softer, fresher, even more flavorful smoke.

An important breakthrough in Salem's research laboratories brings you this special new HIGH POROSITY paper which breathes new freshness into the flavor. Each puff on a Salem draws just enough fresh air in through the paper to make the smoke taste even softer, fresher, more flavorful. If you've enjoyed Salem's springtime freshness before, you'll be even more pleased now. Smoke refreshed, smoke Salem!

menthol fresh • rich tobacco taste • modern filter, too

**Salem refreshes your taste**

NOW MORE THAN EVER
