Serving MSU For 50 Years

VOLUME 51, No. 136

EAST LANSING, MICHIGAN—WEDNESDAY, FEBRUARY 10, 1960

PRICE 5 CENTS

A TENSE SCENE of decision from the University Theatre production of "The Emperor's New Clothes." From left to right, the emperor (Bob Nroll) contemplates the startling information gained from Zan (Sunia Tiefenthal) while the wicked Prime Minister (Ed Flournoy) is watched by the impish Zar (Ken Andrews). Above, the empress (Amy Salisbury) and two citizens (Penny Fortino and Peg Brede) look on in wonder. This delightful children's fairy tale will be presented to greater Lansing elementary schools Feb. 13 and 14.

Ike Presents Farm Program; Asks Congress for Suggestion

Fast Action Requested In Solution

Modifies Demand For Lower Supports

WASHINGTON (AP)—President Eisenhower presented his election year farm program Tuesday and challenged the Democratic-controlled Congress to come up with a better solution to the critical wheat surplus problem than he proposed.

"I will approve any constructive solution," Eisenhower said. Thus, as expected, he modified past administration insistence that the wheat crisis be met by lowering price supports and eliminating export controls.

But in his speech, the President stressed that it is imperative for Congress to move promptly to deal with a situation that is costing the government \$1.2 billion dollars every day—\$1,000 a minute to stabilize wheat prices and incomes.

Without prompt action by both Congress and the government, he said, "this entire program will collapse under the pressure of public indignation and thousands of our farming people will be hurt."

Eisenhower's message was generally welcomed by Republicans, including some who had opposed his previous proposals. Many of the GOP legislators said the President has put the problem where it belongs, up to Congress.

However, Elinor Soper, if there is to be any real cooperation between Congress and the administration in enacting legislation "it is necessary that we obtain the active support" of Secretary of Agriculture Ezra Taft Benson.

Benson has been under particularly heavy fire since Eisenhower last year vetoed a bill that would have required wheat growers to cut their planting in return for higher price supports.

Eisenhower's message outlined four recommendations outside his solution to the wheat problem:

1. A three-year extension of the soil bank land retirement program and an expansion from the present 28 million acres to 60 million acres. This program is designed to help curtail over-production.
2. A vigorous advancement of the government's Food for Peace Program to combat hunger by moving U.S. surpluses to needy areas abroad.
3. An aggressive research program to develop new markets and new uses for farm products.
4. An expansion of the rural development program to help low income rural families find better opportunities on and off the land.

State News Photos By Tom Armstrong

COULD THIS BE YOU with the surprised expression? It could be, if you are one of the 17 faculty members who are being selected by Mortar Board to attend their annual "Apple Polishers' Dessert," to be held this year March 3. Faculty members are selected on the basis of their contributions to the university and to student understanding in the past year. Here, Mrs. Stanwell Ikenberry, instructor in home management and child development, accepts an invitation from Ann Dunwell, Kalamazoo senior and Mortar Board secretary, and Doris Stevens, Mt. Pleasant senior.

Training Shortened

Nation-Wide Revamping Of AFROTC Proposed

A nation-wide modification of the basic Air Force ROTC program has been proposed by the United States Air Force. According to university officials, the revised program, which will go into effect next September, will reduce the demand on cadets' time by one-third.

"Right now we are offering AFROTC credit for a geology class which is taught by the university Geology Department," said Major John Barron. He added that under the new proposal university courses in humanities, social sciences, foreign lan-

guages, physical or natural sciences, and mathematics will meet pre-commission officer requirements.

Barron said that this proposal also involves condensing the essentials of current military instruction from six terms to three terms.

After an 18 month study of the program's operation in 175 colleges and universities, this comment was given by Brigadier General William Bell of the USAF.

"Although we consider our present freshman and sophomore air science courses entirely successful and effective, we have determined that they can be refined and condensed without materially sacrificing our primary objectives for pre-commission officer education."

The Air Force indicates that the new proposal should result in increased credits for students, decreased requirement for military instructors, improved instruction at the basic level, plus a satisfaction of officer education requirements.

"Although maximum benefits will be derived by adoption of the proposal by those institutions having a compulsory basic program, it also has application at institutions having an elective program," General Bell said. He added that in either case, the result would be a reduction of the student's time investment in AFROTC.

Weber to Resign; Williams' Aide

LANSING (AP)—Paul Weber announced today he will step out March 15 after 11 years as press secretary to Democratic Gov. G. Mennen Williams.

Weber, 34, is resigning a \$13,000 a year post subject to notice of political change in favor of a new \$18,000 a year protected position with the state Civil Service Commission.

Weber said his move shed no light on the No. 1 political question in Lansing—whether Williams will run again. Political observers are divided on the issue and have been for months.

Student Congress To Discuss Oath

Reports on the loyalty oath and housing resolutions will be brought before Student Congress tonight, but no action is expected to be taken.

The loyalty oath will come out of organizational committee with the recommendation that MSU stay in the position and only disapproval of the disclaimer affidavit be included in the resolution.

Rep. John Cowden, chairman of the organizational committee, said his committee agreed the affidavit was a negative form of the loyalty oath and of such was resolution.

The committee's recommendations have no official meaning. The resolution stands, as it was introduced, to withdraw from the National Defense Education Act, only congressional action will change it.

The housing resolution, seeking to allow students to break housing contracts at the end of the year.

L-C Speech To Feature Civil Rights

Baldwin Travels As UN Consultant

Robert Baldwin will be featured speaker at Fairchild Theater Thursday and Friday at 8:15 p.m. as part of the Lecture-Concert Series.

"Human Rights in the World Today" will be Baldwin's topic. He was director of the American Civil Liberties Union from 1920 to 1950.

Since his resignation from this organization, Baldwin has specialized in promoting civil rights internationally. At the request of government officials, he has traveled extensively in foreign countries establishing counter-parts of the Civil Liberties Union.

His major activities concern the human rights work of the United Nations. He is board chairman for the International League for the Rights of Man, a UN consultant agency.

Baldwin is the author of several books and many pamphlets. Included among his books are a study of civil rights in industrial conflict (the Godkin Lectures at Harvard in 1931), a report of "Liberty in the Soviet Union" and a book on juvenile courts.

General admission is \$1. or a season ticket. Students will be admitted by presenting IDs.

'Mighty Wave' Swamps Tanker

SAN FRANCISCO (AP)—A mighty wave washed down the funnel of the big wine tanker Angelo Petrif just off San Francisco's Golden Gate Tuesday and sent her reeling helplessly without power.

Three Coast Guard helicopters lifted 14 of the 39-man crew from the roiling vessel. They then suspended operations at the request of the Petrif's captain, Edward Lehm Jr. of San Mateo, Calif.

Lehm told the Coast Guard he hoped that, with the aid of two Coast Guard cutters and two commercial tugs, he and the remaining crewmen could save the 7 million dollar ship and her cargo of 2 1/2 million gallons of bulk wine.

Meeting Postponed

The social work club meeting scheduled for tonight has been postponed until Wednesday, Feb. 17, at 6 p.m.

BULLETIN

The loyalty oath bill will not come out of the organizational committee today, John Cowden, chairman of the committee, said Tuesday night.

It is still in committee, being revised. One of the provisions is being dropped entirely, he said, and others are being covered again. There are "a couple of things to be investigated yet," Cowden said.

The housing resolution will come out as announced.

A term, was sent back to committee Jan. 21 for further study. Congress is expected to take action on a bill to appropriate \$250 to AUSG's high school operation committee for purchasing 1960 Wolverines to be sent to schools throughout the state.

A bill appropriating \$50 to check the eligibility of students participating in extra-curricular activities is expected out of committee.

A procedural resolution to reorganize the committee system in AUSG may be introduced.

More Cop Corruption Revealed in Chicago

CHICAGO (AP)—New charges of tie-ups between police and criminals echoed through the Chicago Police Department Tuesday.

Chief of Detectives James McMahon ordered two investigators to the Illinois State Penitentiary at Jolietville to question several inmates about fresh accusations that four detectives cooperated with a gang of fur burglars and several furriers who disposed of the loot.

McMahon said he was informed of the gang's loot from fur thefts in Chicago and elsewhere over the nation mounted into the millions during the last several years.

ERIC JOHNSTON, president of the Motion Picture Export Association of America, will appear tonight at Fairchild Theatre at 8:15. "A Time for Bridges" will be Johnston's topic, dealing with the cultural exchange idea.

MSU Performers Give Opinions

Children Called Most Receptive Audience

Children, not adults, make the best audience according to two veteran MSU Youtheatre performers.

Mike Price, Chicago senior, and Marilyn Steegstra, Grand Rapids senior, stated this opinion as they were preparing for the forthcoming production, "The Emperor's New Clothes."

The 40-member company will perform for about 5,000 young students in the Greater Lansing elementary schools, Feb. 13-14.

The cast has been rehearsing the play, an adaptation of the famed Hans Christian Andersen fairy tale, for a month.

"Children are much more enthusiastic than adults," said Price, the play's stage director and a performer in nine previous Youtheatre plays.

"They come bubbling with enthusiasm to see you after the performance. Kids know you're really not the person you portray, but they talk to you like you are."

"Also, we find that there is a big difference in child audiences," said Miss Steegstra. "Grosser Pointe children, for example, tend to be less demonstrative than Lansing children. But they all have one thing in common: enthusiasm."

The play's theme is oriental and centers around a vain emperor, played by Robert Nroll, Monclair, N.J. graduate student, who is shown the futility of his vanity by two young scoundrels played by Kenneth Andrews, Allegan freshman, and Suna Tiefenthal, Kalamazoo freshman.

The forces of good and evil are portrayed by Amy Salisbury, East senior, as the charming

\$15,500 in Two Years

DJ Says He Accepted Money

WASHINGTON (AP)—A former jockey who figures he can earn around \$40,000 a month Tuesday how he picked up more on the side.

He kept an eye out for "good spots" produced by certain companies and in return for consideration collected \$15,500 for example, in one two-week period.

The testimony came from Joseph Finan, who was fired from Cleveland radio station KYW Dec. 3 during last year's exposure of payola scandals—the slipping of undercover money as an inducement for playing certain records over the air.

Finan told a House subcommittee investigating payola that the \$15,500 figure of outside income was for 1958-59.

The subcommittee is looking for payola on the grounds that the inducement system deceives the public as to a record's worth of popularity, and maybe a law is needed.

Finan, a cross-cut, fair-comer, young man of around 30, told the congressman his income from radio and TV.

Khrushchev to Leave For New Asian Tour

MOSCOW (AP)—Nikolai Khrushchev departs today on a new storming tour in Asia, leaving behind him a diplomat puzzled by his blunt, personal demands on the key international issues of Germany and West Berlin.

The foreign diplomatic corps in Moscow, which witnessed his heated exchange of views with visiting Italian President Giovanni Gronchi, has been invited to be present when the Premier takes off from Vnukovo Airport for India.

MSU Briefs

Petitions Due Today

Today is the last day for fraternity men to fill in petitions for Greek Week committees. Petitions may be turned in at the Union desk.

Applications Out

Applications for positions on the executive branch of AUSG are now available in room 331 Student Services from 4 to 5 daily. Anyone who is interested should stop at the office before February 18.

Management Meets

The MSU Management Club will meet tonight at 8:30 in 32 Union. There will be a discussion of current Labor-Management issues. A question and answer period will follow informal remarks by the speakers. All interested students and faculty are invited.

Clown to Entertain

Zeta Tau Alpha sorority and Sigma Phi Epsilon fraternity will give a Valentine party for the children of the Walnut Street Orthopedic School. The party will be held at the ZTA house Saturday. Entertainment will be provided by a clown from WJL-TV.

Finan stated that only in the case of one firm—Big Top Records—had he agreed to play specified records over his radio record program in exchange for payments. Big Top paid him \$450 for promoting three records, he said.

Finan said that in the rest of the cases in which he received outside money he agreed only to give special consideration to certain records.

As he explained this consideration:

1. He would keep a special watch for certain labels among all the great number of records that came each week to station KYW.

2. Then, when he saw a label for which he had promised consideration, he would give the record a try and if he liked it he would play it over the air. If he didn't like it, he said, that was the end of it as far as he was concerned.

Records distributors listed by committee counsel and confirmed by Finan as among those who gave him money were:

Jay Coe Records and Cosmat Distributing Co., Mercury Records, Big Top Records, United Artists, Shad Records, Hugo and Luigi Products of New York.

Finan said he gave extra attention to the Hugo and Luigi records.

Correction

Because of a State News error on the layout date of U-Nette, the Union Board chorus, lyrics will be held again at 7 tonight in the Union Tower Room.

Two Juniors Win National Awards For Architecture

Richard Dee, Lansing junior, and Francis Trojanek, East Jordan junior, have won two of the six awards in a recent national competition among landscape architect students.

Eight accredited universities entered 45 students of junior standing in the competition, sponsored by the American Society of Landscape Architects.

Dee, together with Ken Havenman, also a Lansing junior, is completing plans for the landscape treatment of MSU's research house on Dobbie Road. Dee and Havenman were commissioned for the project last fall by the National Association of Home Builders after the students were successful over 24 others in a NAHB contest.

House Beautiful magazine will publish completed plans of the research house and its site.

Pakistan to Discuss Spaker at Meeting

"Recent Developments in Pakistan" will be the topic of discussion Friday night at the International Club meeting as MSU welcomes Mr. H. Alam, member of the Pakistan Embassy in Washington.

Alam, a Calcutta University honors graduate, has been a member of the Pakistan foreign service since 1949. He joined the Washington embassy over three years ago.

The public is invited to attend the meeting Friday at 8 p.m. in the Union.

Bible Story Given Space Slant

MOSCOW (AP)—A Soviet scientist has turned the Bible story of Sodom and Gomorrah into a science thriller by suggesting the two wicked cities were blown up by a nuclear blast set off by invaders from outer space.

Possibly, suggested physicist and mathematician M. Agrest, Lot's wife was petrified—the Bible says she turned into a pillar of salt when she disobeyed a warning not to linger in the area of look

back. Those who looked at the fire and brimstone lost their eyesight and perished, he added. Agrest's theory, presented in a literary gazette article, was transmitted seriously and in detail by the Soviet News Agency Tass. This is how it goes:

Before the dawn of history, the earth may have been visited by space travelers from other planets. The landing may have been in the area of the Baalbek Terrace, a platform of huge stone slabs in the Anti-Lebanon mountains of Syria, or the slabs may have been constructed as a launching platform by the space invaders. Nobody, said the author, has satisfactorily explained the existence of the Baalbek Terrace.

This area, relatively speaking, is not far from the Libyan Desert, where grassy bodies called tektites, containing radioactive

Queen's Name Change Stirs Controversy

LONDON (AP)—With Queen Elizabeth's third baby expected in less than a week, a controversy swirled about her head today because she changed the royal family name to one with a German background.

Players Present 'Guys and Dolls'

"Guys and Dolls," the long run Broadway comedy about the amazing Damon Runyon characters, will be presented tonight thru Saturday in Lansing's West Jr. Auditorium.

The Tass account said: "The Soviet scientist believes that the space travelers could have exploded, before leaving the earth, their excess stock of nuclear fuel, after having warned the local population in advance, so that they would not perish from the atomic blast."

ARMY ROTC CADETS attend a fire-power demonstration at Fort Knox, Ky., last week. The demonstration, costing the government approximately \$500,000, was part of the annual program, during which 90 cadets and three officers toured the camp. The MSU cadets, along with cadets from four other schools, were also honored at a banquet.

Two big newspapers complained of the new name, Mountbatten-Windsor. The pro-Labor Daily Mirror, with more than four million circulation, demanded the issue be submitted to Parliament.

Professionals from summer stock, George Salesbury and Carmen Decker, will be found in the leading roles, those of Nathan Detroit, the harassed operator of a floating crap game, and Adelaide, his "doll" who has been engaged to him for 14 years.

Agrest expressed the belief that through joint research, scholars of ancient culture, archeologists, geologists, physicists and radio-chemists may find traces of the probable visit of envoys from other worlds to the earth. This, he said, would be graphic confirmation that man some day can reach the remote planets, "now that the great achievements of Soviet science have made outer space accessible to man."

Intramural Highlights

A chalkboard containing the daily IM schedules in every sport has been placed in the east main lobby of the Men's IM building.

Varsity Club to Meet

The varsity club meets tonight in the stadium club room at 8:30 p.m.

Interested in Fun? Join Badminton Club

The Spartan badminton club will hold its weekly meeting tonight in the Main Sports Arena of the IM Building from 7-10 p.m.

Students, faculty, and staff members are invited. Meets have been scheduled with clubs from different places, for both the men and women.

If you are interested in recreation, instruction and good competition plan to attend this meeting.

IM Offenders Now Ineligible

The SAECA intramural hockey team is no longer eligible for IM competition this year, according to Frank Beeman, chairman of intramural sports.

Two rule infractions brought about the ruling. The SAECA team used a high school player and a player under an assumed name in IM hockey competition.

The action by the offenders jeopardized both the high school player and the IM hockey program, Beeman said.

Three basketball teams have been penalized by the IM department, also.

The teams, Fabulous 5's, Keglers and Catholic Student Organization, forfeited games when they used illegal players.

Two squads used varsity baseball players, who are now practicing, and the other used a player under an assumed name.

Michigan State placed six football players on the 1957 All-Big Ten first team, marking the largest one-year representation on the All-Conference squad in Spartan history.

Big 10 Not Tempted By Rose Bowl Loot

CHICAGO (AP)—Some \$300,000 yearly of Rose Bowl football money was slipping through the fingers of the Big 10 conference Tuesday.

In a second, last-ditch vote on whether to renew a contract for participation in the New Year's Day game in Pasadena, the Big 10 appeared evenly divided, 5-5.

A majority is needed to continue the series with the new Big Five—Southern California, UCLA, Washington, Stanford and California.

The old pact with the defunct Pacific Coast Conference expired with the 1960 game. Fourteen games were played, with the Big 10's only two losses by Wisconsin in 1953 and 1960.

Wisconsin, Minnesota, Illinois, Northwestern and Ohio State are against renewal of the rivalry. All but Northwestern have announced their stand publicly.

Tankers to Meet Michigan, Big 10 and National Champs

The Spartan tankers have another giant task Saturday when they meet the University of Michigan, Big 10 and national defending champion.

"Probably last year they were the best team ever put together," MSU Coach Charles McCaffree says. He expects the Wolverines to have some trouble from Indiana, the team to beat MSU last weekend, 12-33.

"If anyone can beat Michigan, it will be Indiana," McCaffree predicted. The two powers meet Feb. 20 when MSU is host to Ohio State, the No. 3 team in the conference.

Only four of the Michigan team have graduated. It was recently disclosed, however, that Capt. Tony Tashnick has mononucleosis and is not expected to compete.

Tashnick was a triple winner in the Big 10 last year in the 100 and 200-yard butterfly and individual medley.

Those returning include Dave Gillanders, who can ably sub for Tashnick in the butterfly. Gillanders set a new mark of 2:02.5 in the 200-yard butterfly in the NCAA event, and also won the 100-yard butterfly.

Frank Legacki, Big 10 and NCAA 100 yard freestyle champion, and AAU titlist and American recordholder in the 100-yard butterfly, will face the Spartans. Legacki was a member of the U.S. team that competed against Japan last summer.

Another top Wolverine is Ron Clark, Big 10 200-yard breaststroke champion and titlist in national AAU competition in the 200-meter event. Clark, who also holds the American records at 200 yards and 200 meters as well, recently cracked all records with a low 2:19.2 in the 200-yard breaststroke.

McCaffree has great praise for Michigan's backstrokers. The Wolverines have John Smith and Al Gaxiola, who finished second and third, respectively, in NCAA competition after finishing in reverse order in the Big 10. Added to the list is sophomore Fred Wolf, a high school teammate of Spartan Dick Brackett.

Carl Wooley, a senior who was ineligible last semester, will be back Saturday aiding Legacki in the sprint, along with John McGuire, who was third in the conference last year.

Tashnick was a distance swimmer as well as butterfly, so in his spot in distance, Wolf and Bill Darnton, sophomore from Flint Central and state titlist, will dominate the department in the 220 and 440-yard freestyle. Wolf swam these events in high school with Brackett.

The diving department is heavily packed with Joe Gerlach, Hungarian Olympic diver and winner of the national AAU title in the three-meter event last year; Bob Webster, who placed in the Pan-American Games, Ernie Melsner, a member of the Canadian team in the Pan-Am Games and sophomore Ron Jaco and Ted Francis.

Some top spots for the Wolverines are Terry Sionaker, state champ in butterfly; Jim Kerr, state champ in sprint; Denny Flodin, who can swim the 50-yard freestyle or the backstroke.

Erdelatz Named Coach
OAKLAND, Calif. (AP)—Eddie Erdelatz, who gained fame as head coach at Navy from 1950 through 1958, Tuesday was named head coach of the new Oakland team in the American Football League. No contract has been signed yet.

Spartan Icers Edge Michigan On Turcotte's Overtime Goal

By GARY RONBERG

Sophomore wingman Red Turcotte whistled a 10-foot shot past Michigan goalkeeper Jim Coyle with 2:38 gone in overtime to clinch a brilliant 4-3 Spartan comeback effort over the State that had trailed by two goals halfway through the second period at the MSU Ice Arena Tuesday night.

Turcotte's score halted Michigan State's losing string at three games and gives the Spartans a clean sweep over the Wolverines at East Lansing. State lost to Michigan, 6-1, at Ann Arbor Jan. 15, but returned to home ice the following night to dump M's icers, 4-2.

MSU coach Amo Bessone had singled his three-forward lines for the Michigan game in an attempt to add more scoring punch, but the changes appeared to be anything but effective in the first period and a half.

The Wolverines' leading goal producer Steve Bochen notched his 12th score of the year to put Michigan in front at 12:37 of the first period. M's fabulous sophomore center Red Berenson made his three minutes later when he skated in alone on Spartan sophomore Eldon VanSpybrook and whipped a beautiful backhand shot from the right side of the upper lefthand corner of the net.

Spartan captain Jack Roberts put state on the scoreboard at 1:50 of the second period after taking a fine pass from Andre LaCoste who had centered the puck from behind the net.

Berenson put Michigan ahead 3-1 at 6:38 of the third stanza, on a screen shot from the right side, and it looked like State was ready to fall.

The Spartans had other ideas. With a teammate in the penalty box, Berenson was in the position of killing the penalty when he shot the puck in the Michigan goal. State center Jim Atak skated and broke in alone on the Michigan goal. Coyle made a sensational save of Atak's shot, but failed to cover the rebound.

The Spartans' Tom Mustonen, following Atak in on the breakaway, rammed the puck past the sprawling Coyle to make the score 3-2 at 7:45.

Terry Moroney knotted the count at 12:50 on a point-blank shot from the right side after taking a pass from LaCoste. This set the stage for the overtime heroics.

Michigan began with flourish, threatening twice in the opening moments of the sudden-death period. State got a break when White was sent to the penalty box for tripping, but the Spartan advantage didn't last long as Roberts joined White in the box at 2:24 for the same violation.

Shortly thereafter, State wing Claude Fournel gained possession of the puck behind the Wolverine net, spotted Turcotte in front of the goal mouth, and fed him with a perfect pass to

CROSS-CHECKING THE ACTION . . . MSU's Van Spybrook, erratic as ever but tough in the clutch, wound up with 35 saves . . . Coyle had 23 . . . Bessone started the new line of LaCoste, Moroney, and Roberts and the trio picked up four points on two goals and a pair of assists . . . Atak, Mustonen, and Fournel made up the second line . . . sophomores Frank Silke, Hendrickson, and Turcotte rounding out the third.

SPARTANS TERRY MORONEY and Jack Roberts put the squeeze on Michigan's Al Hinneegan (15) as the Wolverine wingman attempts to get the puck past State goaltender Eldon VanSpybrook in Tuesday night's clash at the MSU Ice Arena.

26 Teams Kansas Tops IM Swimmers Win Games

Winners were crowned in six events Tuesday at the men's intramural individual swim meet in the IM building pool.

Kansas' defending NCAA champion track team leads the parade of entries in the Michigan State Relays to be held this Saturday at Jensen Fieldhouse. Preliminaries will begin at 2 p.m. and finals start at 7 p.m.

"With Kansas and a number of other potent teams here, we have the making of one of the best relays meets in a long time," said meet director and Michigan State Coach Fran Dittich.

Eight intercollegiate athletic conferences will have 21 teams competing in the relays. These entries are augmented by those from five independent institutions. They'll compete for 18 championships—six of the relay variety and 12 open events.

An added feature is a high school medley relay, with at least five Lansing area schools competing.

Expected to press the talented Kansas for honors at the relays are Michigan, the Big 10 indoor titleholder, Western Michigan, the Mid-American outdoor winner, and Oklahoma and Kansas State, chief pursuers of the Jayhawks in the Big 8.

Also to be reckoned with are Notre Dame, Purdue, Ohio State, Drake, Missouri, Loyola and an improved Michigan State squad.

No university won more than one of the six relay events last year, and all the defending champions are returning in attempting to repeat in their specialties.

Six Events Held

Winners were crowned in six events Tuesday at the men's intramural individual swim meet in the IM building pool.

IM Swimmers Win Games

Winner of the 50-yard freestyle event was Wayne Parsons in a time of :24.7. Runner-up was Bruce Netzer. Bob Leich took the 50-yard butterfly title in :28.2, with Parsons second.

Fifty-yard backstroke winner Bill Jamison clocked :29.3 and was followed by Jim Post. Jamison also took the 50-yard breaststroke in :35.6. Jim Thomas placed second in the event.

Netzer posted a :57.7 time to win the 100-yard freestyle race. George Johnstone was runner-up. Al Kramer, with 1:54.5 points, and James Tanielain, with 1:20.5, took the top two places in diving.

Pistons Beat Warriors Chamberlain Tops All-Time Record

DETROIT (AP)—Wilt "The Stilt" Chamberlain broke the National Basketball Association's all-time single season scoring record with a 41-point burst Tuesday night against the Detroit Pistons, but the Philadelphia Warriors lost the game 122-113.

The fabulous rookie now has scored 2,134 points, breaking by 29 the old record of 2,105 established last season by Bob Pettit of the St. Louis Hawks.

Pettit set his record over a 72-game span. This was Wilt's 56th game. He missed one of the Warriors' 57 games with the flu, so the 7-foot-2 phenomenon, only 22 years old, has 18 games in which to add to the record.

The Syracuse Nationals defeated the Cincinnati Royals 117-111 in the opening game of the Olympia Stadium double header witnessed by a crowd of 8,201.

Chamberlain broke the record in the early moments of the second period with a jump shot from the key. The game was stopped and Pistons' General Manager W. Nick Kerbaury presented Wilt with the basketball.

Wilt accomplished his feat under trying circumstances. Several of his teeth were jammed into his lower jaw when he was hit in the face in Sunday's game at St. Louis. He said he had practically no food since, and had been able to take three glasses of orange juice for nourishment.

Chamberlain, who nearly got his team back into the game in the final moments by swishing in five field goals inside of three minutes, is the third player to crack the 2,000-point barrier.

George Yardley was the first, scoring 2,001 points in the 1957-58 season with the Detroit Pistons. Pettit did it last year and Cincinnati's Jack Tryman has a good chance to do it this season.

Chamberlain also set a league rebounding record for one sea-

3 MSU Cagers Named All Big 10 Iowa Holds Firm In Rose Bowl Pact

Horace Walker, Lance Olson and Dave Fahn of Michigan State have been named to the mid-season all-Big 10 basketball team named by Tom Decker, State News basketball expert.

Walker landed on the first team with forwards Terry Dischinger of Purdue and Jerry Lucas of Ohio State. The trio is 1-2-3 in conference scoring.

OSU's Mel Nowell and Willie Jones of Northwestern were picked for the top guard slots. Joining Olson and Fahn on the second team are Walt Bellamy of Indiana at center, Ron Johnson of Minnesota, forward, and Jerry Bass, from Indiana, guard.

IOWA CITY (AP)—Iowa held firm Tuesday and said it favors renewal of the Big 10 Rose Bowl pact, leaving the conference deadlocked.

There had been word that Iowa would swing its vote to join Illinois, Minnesota, Wisconsin, Ohio State and Northwestern, who have opposed the post-season football tie-up.

A formal vote on the question is scheduled next month. A majority vote is needed to renew that pact. But the 5-5 deadlock between Iowa, Michigan, Michigan State, Purdue and Indiana and the other Big 10 schools leaves a loophole which would allow any conference member to accept a Rose Bowl invitation.

ENGINEERS

The Bureau of Ships Offers Civilian Opportunities In Challenging Fields

The Bureau of Ships of the U. S. Navy has opportunities for engineers in the following specialties: Electrical, Electronic, Mechanical, Civil (for training as Naval Architects), Marine and Naval Architecture.

You will participate in programs involving new concepts and advanced studies in ship, machinery and electronic design including hydrofoil craft . . . air cushion ships . . . motion stabilizers . . . thermo-electric power generation . . . thermionic power conversion . . . fuel cells . . . magneto-hydrodynamic propulsion . . . missile environment . . . noise reduction . . . radar, sonar communications.

Training programs are tailored to individual assignments, and job-related graduate study is sponsored by the Bureau of Ships.

Positions are available in the Headquarters Office in Washington, D. C., and in the naval shipyards and laboratories throughout the United States.

Seniors of the Week

MARTHA PARST

MARTHA PARST, Mattawan senior, has a record of scholarship and activities well worthy of the honor of senior of the week.

Martie, a fine arts major, was president of Orchestra last year, a member of Block 'S', publicity chairman for the Greek Week (FC-PanHellenic) banquet, publicity co-chairman for the Big 10 (FC-PanHellenic) conference, on the decorations committee of the 1959 J-Hop and was art director of her sorority, Kappa Alpha Theta. Martie is president of her sorority this year.

With an all-college average of 3.4, Martie has received many campus honors including the Outstanding Junior award, and membership in Alpha Lambda Delta, Tower Guard and Tau Sigma. She is historian for Morse Board, and on the honor college co-curricular committee. Martie plans to be married in June and to work in interior decoration or commercial art.

DICK STAFFORD

RICHARD STAFFORD, Washington, D.C., senior, has worked in hotels in Florida, New Hampshire and Michigan to supplement his studies in the field of hotel administration.

Dick has been a cheerleader for three years, a member of IPC, an officer of Sigma Pi, the steward of his fraternity, Sigma Nu, and a member of the Hotel Assn.

As president of the Fraternity Buyer's Assn., Dick controls the cooperative buying of all fraternity supplies.

Dick has an all-college average of 2.9 and has held the Stetler scholarship for two years.

Before coming to State, Dick was president of his high school Varsity Club, won letters in football and swimming, was a class officer and president of the JI-Y Club. He has kept his hand in sports through fraternity intramurals.

After graduation, Dick plans to continue his education and to work in Switzerland.

To Discuss Health Hazards at Meeting

Health hazards of vending machines offering coffee and other beverages will be a topic for study at a forthcoming conference March 1-2.

More than 60 sanitarians and microbiologists from Michigan public and private agencies are expected for the 18th annual Dairy and Food Sanitarians Conference at Kalamazoo Center.

Special attention will be given to sanitation problems, with emphasis on food poisoning and listeria mastitis.

Conference officials point out that bacteria can find conditions ideal for propagation in a machine dispensing warm foods, if proper precautions are not taken.

Other sessions will consider hazards in the preparation of processed foods, and the effectiveness of various sanitation measures.

Dr. Georg Borgstrom, of the MSU College of Agriculture, will discuss food-poisoning organisms. A group session will investigate food-borne epidemics on the basis of several recent case histories.

Sanitarians and the federal government lately have expressed concern over the appearance in milk of antibiotics used to combat mastitis, officials note.

The prevention and control of bovine mastitis will be covered by Dr. Albert Drury and Dr. Glen Reed, both of the MSU College of Veterinary Medicine. Dr. Irwin, of the Flint Health Dept., will report on action taken in Flint on the mastitis-microbial problem.

Dr. W. W. Armstrong, dean of the MSU College of Veterinary Medicine, will speak on the dairy cattle tuberculosis program in Michigan.

The conference is sponsored by both the MSU department of dairy and department of microbiology and public health.

William Seaman Named to Position By Archeologists

Dr. William Seaman, professor of classical languages, has been designated an Institute Lecturer by the Archaeological Institute of America and will lecture at various universities this month. The Archaeological Institute of America is a national organization of about 2,500 members who are practicing archaeologists or people interested in the subject.

A member of the faculty since 1947, Seaman is associate director of the Service Bureau of the American Classical League and a member of a number of classical societies. His articles have appeared in various classical journals.

Series of Blasts Destroy Factory

HAVRE DE GRACE, Md. (AP)—A series of explosions—blowing up small buildings like a string of Chinese firecrackers—swept through the Havre De Grace Fireworks Co. about two miles west of this northern Maryland town today.

State Trooper David Forrester said 25 persons were believed in the first of the 18 small frame buildings to blow up.

"I don't know if any of them got out or not," he said.

"We're expecting another one to go up anytime now. It should be a hell of a blast."

He said he helped one elderly woman away from the scene but said she appeared to be suffering mostly from shock.
