The Gods To Visit 'Greeks'

By SUE PRICE
State News Managing Editor

A granddaddy will create a new Greek festival in the middle of May, according to the plan announced today. The festival was signed off by the board of trustees after a little investigation of the possibilities suggested that it be a festival devoted to the gods which would be held in the Greek village. The festival was announced after the board of trustees had approved the Greek Week-end.

Thomas said plans for the coming term event are still in the planning stages. It will be a week-end instead of a full week as in previous years. The festival will make it possible for more people to attend the event without receiving about a week's notice and Greek week-end during the week.

Thomas said his relations with the Greek village, the Greek village and the Greek village. He also said that the Greek village is a very kind and friendly place. He also said that the Greek village is a very kind and friendly place.

All the gods on Mt. Olympus are being invited to the festival. The festival is a very important event for the Greek village.

Union Board Meets Bridge Question Debated

To play or not to play bridge in the grill was the question brought before Union Board directors Tuesday night by Stanley Fowler, Kokomo, Ind. resident. The board voted to continue the ruling that card playing will not be allowed.

Fowler brought the question before the group after being asked by Union officials not to play cards in the grill.

Speaking for a representative group, Fowler suggested that the problem could be changed so that bridge playing would be allowed in the grill between classes.

"It is easier to find a replacement in the grill," he said, "than to find a replacement in the grill."

Fowler also suggested that the problem could be changed so that bridge playing would be allowed in the grill between classes.

The ruling was probably reversed, he said, when the board voted to continue the ruling that card playing will not be allowed.

South Loses on Civil Rights Vote

Senate Rejects Plea To Delay Legislation

Roll Call Caucus Defeats Stalk Two-Thirds Margin Rushes Issue

WASHINGTON (AP)—Southern senators were handed a 61-38 defeat Tuesday in the first roll call vote of the 1960 civil rights battle in the Senate.

The vote was a two-thirds majority against a plea by Sen. Richard Russell (D-Ga.) that the Senate postpone consideration of civil rights legislation until next Tuesday.

The House rules committee is considering the question of sending to the floor a bill already approved by the House Judiciary committee. It will make it a crime to oppose court orders for school integration by force or threats, and would require that local voting registers preserve their records for federal inspection.

The only southern senators voting against Russell's request were the two from Texas, majority leader Lyndon Johnson and Ralph Yarborough.

The Senate rejected an 88-4 roll call vote of Sen. Walter Moore (D-Calif.) to discharge the Judiciary committee from further consideration of civil rights legislation if it failed to produce a bill by Feb. 25.

Moore contended this was the only way to proceed, but Johnson contended it would only delay the Senate in coming to grips with the proposed civil rights measures.

Johnson urged the Senate not to get bogged down in a fight over procedural questions but to get on with discussion of the basic issues involved in the controversy.

The only senators voting for Moore's motion, other than himself, were Sam Ervin (D-N.C.), Albert Gore (D-Tenn.) and A. S. Mike Monroney (D-Okla.).

In a prior development, Sen. Everett Dirksen (R-Ill.) said he thinks the Senate will bring the civil rights issue to a final vote within three to four weeks.

Dirksen, the Republican leader in the Senate, said he had given his estimate to President Eisenhower this morning.

This was the second day of Senate consideration of the hot political issue, and these were among the developments:

1. Sen. Kenneth Keating (R-N.Y.) failed in an effort to force the Eisenhower administration's civil rights program out of the Senate Judiciary committee.

2. Sen. Jacob Javits (R-N.Y.) and Paul Douglas (D-Ill.) announced they will offer a catch-all proposal, including provisions for presidentially appointed voter registrars and court-appointed voting referees, to help southern Negroes vote.

3. The House Rules committee heard testimony from Rep. William Tucker (D-Va.) opposing any federal legislation on Negro voting.

Tucker, a former governor, said with a stereophonic sound system.

Tonight's show is a complete sell-out. There are only a limited number of tickets still available for Thursday's performance.

Holders of series A tickets will be admitted tonight at 8:15 p.m. Students must present IDs at the Aud.

Fred Waring and the Pennsylvanians bring the first of two appearances at MSU tonight at the Aud.

Assisted by specially made speakers, the current cross-country tour marks the first time in musical history that a live performance is being combined

with a stereophonic sound system.

Tonight's show is a complete sell-out. There are only a limited number of tickets still available for Thursday's performance.

Holders of series A tickets will be admitted tonight at 8:15 p.m. Students must present IDs at the Aud.

"WHEN IT HURTS?" is the question most blood donors ask when they go to give for the first time. Strangely enough, it doesn't hurt more than a light pin prick. And besides the "good feeling" that comes from donating blood, none replaced any way, there are the free doughnuts and coffee given out afterwards. The current AWS-sponsored drive will last until Friday afternoon, so far, it is lagging far behind quota.

'Contemporary Literature' Claims Greene 'Remarkable'

By LYNN SHEPARD
State News Editor

The English novelist Graham Greene, is the most remarkable and, in many ways, the most original creator of artistic fiction in literature, Prof. A. J. M. Smith told a Union gathering Tuesday night.

Prof. Smith, a graduate of McGill University and a member of the MSU English department since 1931, was speaking on the "New Voices in Contemporary Literature" series.

"So far as we are human what we do must be either evil or good, so far as we do evil or good, we are human, and it is better, in a paradoxical way, to do evil than to do nothing, at least we exist."

It is true that the glory of man is his capacity for self-education. It is also true that his glory is his capacity for damnation.

This paradox, Smith said, would allow the sinful to appear in a state of grace, while the good, through a slight flaw, would be guilty of mortal sin.

Greene, like Francis Mauriac and Franz Kafka, is obsessed with guilt and evil.

In "Brighton Rock," a novel of gang warfare, juvenile delinquency and murder, Greene treats the sadistic Pinky Brown as a monster, but a human monster whose "glory" is to accept the eternal consequences of mortal sin, Smith said.

Self-satisfied Ida, unlike the innocent Rose, knows only right and wrong, but is ignorant of good and evil. In Pinky's words, "she is nothing."

"You can't conceive of the Organization committee for study."

The committee, which has the power to amend a resolution, stated in a written report that the loyalty oath rightfully affirms a person's allegiance to the United States, and that the loan program is beneficial to students and the nation as a whole.

Most dissatisfaction centered on the disclaimer affidavit. The committee listed four main objections:

1. It discriminates against students since no other groups are required to sign an affidavit.

2. It is repetitious of the loyalty oath.

3. It is unclear in interpretation.

The phrase in the affidavit that he "does not believe in and is not a member of and does not support any organization that believes in or teaches the overthrow of the U.S. government" could be interpreted either collectively or singularly.

4. It is ineffective since individuals with subversive ideas would sign anyway. Those who do sign could be prosecuted for perjury under other internal security laws.

The new resolution resembles a bill under study by the U.S. Senate Committee on Labor and Public Welfare which would delete the affidavit from "the NDEA.

MSU Briefs

Art Show Petitions

Petitions for the Union Board will be available until Friday. They may be picked up at the Union desk at the Student Center. All types of art are acceptable. Call Marilyn Wood, ED 7-8138 for information.

Spartan Engineer

The Spartan Engineer will hold an open smoker Wednesday at 7:30 in Parker A. Union. Most students see positions on the year's staff. Most of the positions are being vacated by the end of this year, according to editor Lavern Root.

Jazz Society

The West Circle Drive Jazz Society will hold a symposium tonight at the Catholic Student Center, at 8. The Alan Quarter, representing MSU at the Notre Dame Jazz Festival, will be featured. Dr. Eugene Hall, Assistant Professor of the music department, will conduct the program. Non-members are welcome.

Elsworth Gets Trophy

Elsworth House Monday received the Inter-Campus Council trophy for the 11th straight year. The award goes to the group with the highest scholarship average for the preceding year. Elsworth had a fall combined average of 2.78.

Petitions Available

Petitions for Blue Key, national junior-senior men's honor society, are available in the Union Concourse. All petitions must be returned today.

Blood Drive

AWS-sponsored blood drive is being held on fourth floor Union today through Friday. With quotas of 1500 pints looking for from 1500 pints, many campus dignitaries, including Chas. Daugherty, asked students to respond and donate blood.

Radio Program Holds Interviews

Randy Hopper and Cathy Spang, of "News from Michigan State," the Mike Wallace Interview type of program heard every Wednesday over WJLS from 9:30-10 p.m., will be interviewed by the new Miss MSU, Patti Pickens, 21, New 1960 Sweetheart, of Sigma Chi, Justy Frazier, 31, Lynn Wattrick, chairman of the 1960 blood drive, 41, Chairman of the Union Board, 42, and the all-around affairs committee and reporting functions and members to other committees.

The Union Board has also considered eliminating two of its members in the future, one member at large and the all-around affairs committee and reporting functions and members to other committees.

Blue Purse, 'Will' Studied by Grand Jury in Murder

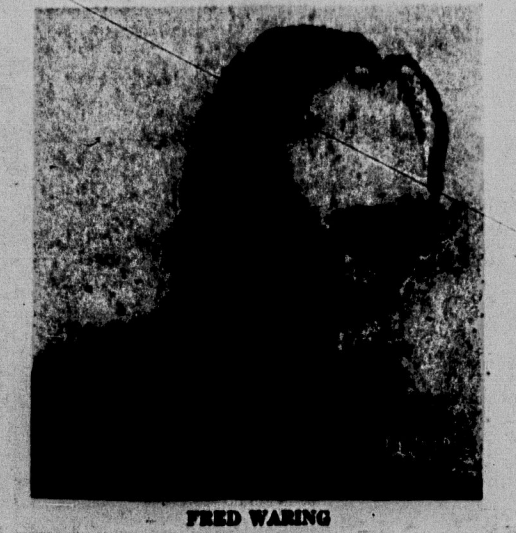

BATON ROUGE (AP)—Several items of evidence, including a blue purse, Tuesday came under study of the grand jury looking into the killing of a woman biology professor.

Dr. George Mickey, 50, is charged with the murder of Dr. Margaret McMillan, Mickey is dean of the Louisiana State University graduate school and long an associate of the woman who taught at LSU's New Orleans branch.

George LeBlanc, Asst. Chief Criminal Deputy Sheriff, brought what appeared to be Dr. McMillan's purse from the grand juryroom. He also had several large envelopes and an accordion-like file that may hold correspondence and other items.

Fred Silman Jr., chief investigator for the District Attorney, brought to the grand jury room a volume of Louisiana statutes and a document resembling a will.

Dr. McMillan's will named Mickey to receive one-third of her moderate estate if others named were dead.

FRED WARING

Resolution Expected Out Tonight

The loyalty oath resolution is expected out of committee at Student Congress tonight, amended to protect only the disclaimer affidavit of the NDEA student loan program.

The original resolution, introduced Jan. 13, suggested that MSU withdraw from the loan program because of the loyalty oath. It was then referred to the Organizations committee for study.

The committee, which has the power to amend a resolution, stated in a written report that the loyalty oath rightfully affirms a person's allegiance to the United States, and that the loan program is beneficial to students and the nation as a whole.

Most dissatisfaction centered on the disclaimer affidavit. The committee listed four main objections:

1. It discriminates against students since no other groups are required to sign an affidavit.

2. It is repetitious of the loyalty oath.

3. It is unclear in interpretation.

The phrase in the affidavit that he "does not believe in and is not a member of and does not support any organization that believes in or teaches the overthrow of the U.S. government" could be interpreted either collectively or singularly.

4. It is ineffective since individuals with subversive ideas would sign anyway. Those who do sign could be prosecuted for perjury under other internal security laws.

The new resolution resembles a bill under study by the U.S. Senate Committee on Labor and Public Welfare which would delete the affidavit from "the NDEA.

Blood Donations Up Second Day; Lag Behind Quota

The second day of the AWS-sponsored blood drive saw some what higher returns than the first day's donations. Out of 129 signups, 114 pints were accepted after the preliminary physical examination, compared with 82 pints on Monday.

Spokesmen for the AWS said that the drive is falling far behind the 1500 pint quota set for the five day drive. Other years, students have donated as much as 2056 pints in the five-day period.

Many campus dignitaries, among them "Biggie" Munn, pleaded for students to support the drive.

In the box score of donations so far, Zeta Beta Tau led the race again Tuesday with more than 50 percent of its actives and pledges donating. Farmhouse fraternity was second with 33 percent.

Among the women's dorms, South Williams led with six percent, and South Campbell placed second.

Signups will be taken from 8 a.m. to 3 p.m. today and Thursday, while actual donations will be taken from 2 to 8 p.m.

Friday signups will begin at 8 a.m. and donations will be taken between 10 a.m. and 3 p.m.

Junior Award Open

Petitions for outstanding junior awards may be picked up in the Union Concourse desk until Friday.

Bill Durkin, left, vice president, assists the blind students at the Michigan School for the Blind in Lansing along with his other classmates each week. The students are an integral part of the new athletic program at the school.

Blind School Athletics State Students Help

By LANE WICK
The Michigan School for the Blind in Lansing is a busy place. A new athletic program, according to Bill Durkin, vice president of the school, is being introduced. The program is designed to help blind students become more self-reliant and to provide them with a means of recreation. The school has a track and field team, a basketball team, and a tennis team. The students are trained by sighted coaches and are competing in various leagues. The program is a success, and the students are enjoying it very much.

The students are helped by sighted students and staff members. They are given the same treatment as sighted students and are encouraged to participate in all school activities. The program is a great help to the blind students, and it is hoped that it will continue to grow and improve in the future.

Registration Cards Travel To Unknown Areas

Michigan's new registration cards, which will be used by all students, are now being distributed to schools. The cards are designed to provide a record of a student's academic and extracurricular activities. They will be used by the Registrar's Office to track student progress and to provide a basis for awarding scholarships and other honors. The cards are being distributed to all schools in Michigan, and it is hoped that they will be used widely.

Driving 'Bum' Behind Wheel Causes Wreck

A student who was driving a car while intoxicated caused a serious accident, resulting in injuries to several people. The driver was identified as a student from a local school. The accident occurred on a busy street, and the car lost control, crashing into a building. The driver was taken to the hospital, and the extent of his injuries is not yet known. The accident has caused a great deal of concern among the school and the community.

The accident was caused by the driver's impaired judgment and lack of control. It is a reminder of the dangers of drinking and driving. The school and the community are working to raise awareness of this problem and to provide resources for students who may be struggling with alcohol abuse.

Columnist Opens Mail, Gets News

By HAL ROYLE
A columnist who writes a popular column in a local newspaper has received a great deal of mail from readers. The columnist has responded to many of the letters, and has provided news and information to the community. The columnist's work is highly valued, and it is hoped that it will continue to provide a valuable service to the community.

Mom, Pop, Porker Receive Money For 'Little Ones'

A family of four has received a grant from a local foundation to help them care for their children. The grant is intended to provide financial assistance to families who are struggling to make ends meet. The family is grateful for the help, and they hope that the grant will allow them to provide a better life for their children.

The grant is a great help to the family, and it is hoped that it will allow them to provide a better life for their children. The foundation is committed to helping families in need, and it is pleased to be able to provide this assistance.

Life Can Be... EXPENSIVE WHEN

SAN DIEGO, Calif. (AP)—A young man who was killed in a car accident has left behind a young child. The child's mother is struggling to make ends meet, and she is looking for ways to provide for her child. The community is offering help, and it is hoped that the child will have a good life.

Biggie As Quarterback Sparks State to Victory

By JESS MAXWELL
Clarence "Biggie" Munn, quarterback of Michigan State's football team, led the Spartans to a victory over the University of Michigan in the Big Ten championship game. Munn's leadership and skill on the field were instrumental in the team's success. He completed 15 of 22 passes for 225 yards and three touchdowns. The Spartans won the game 21-14, and Munn was named the Most Valuable Player.

Munn's performance was a highlight of his career, and it has earned him a reputation as one of the greatest quarterbacks in college football history. He is expected to continue to lead the Spartans to success in the future.

Life Moves On As Always In Jackson Hole Country

JACKSON, Wyo. (AP)—The first big snow of the winter has arrived in Jackson Hole, and life is moving on as usual. The snow has caused some inconvenience, but it is expected to melt quickly. The community is preparing for the winter, and it is hoped that the snow will provide a beautiful winter scene.

High Schools Need Change

ATLANTIC CITY (AP)—American high schools must be completely overhauled if there is to be any marked improvement of education in this country, a research expert said today.

"The whole concept of the secondary school—its facilities, its purpose, its message, its staff, its curriculum, its finances—must undergo basic, carefully considered changes," J. Lloyd Trump told the American Assoc. of School Administrators.

Trump is an official of the National Assn. of Secondary School Principals and director of the association's experimental study commission.

"Large group instruction should be used to save funds and teacher time and energy when purposes can be achieved as well or better than in the present standard sized classes," the educator said.

At the same time, students should spend six or more hours per week as members of small discussion groups with no more than 15 students each.

"Possibly the most important change of all requires that students have 12 or more hours per week, on the average, to work independently in laboratories, shops and research centers inside and outside school buildings.

"Carefully selected and qualified instruction assistants, clerks and general aides should be employed to save the teachers from doing tasks that can be done as well by other persons."

Trump also called for greater use of such devices as television, film, tape recorders, slides and records, after careful study of their respective merits.

Educational facilities should be available to students and teachers more hours per day, more days per week, and more weeks per year.

The school building of the future must be functional, he added, with auditoriums that can be divided into smaller areas and small rooms that can be expanded.

"Students should have opportunities to reach educational goals far beyond those usually provided in today's schools," Trump told the administrators. "They must have more independent responsibilities in learning."

WERE THE ANCIENT AMERICANS CHRISTIANS?

You are invited to hear six stimulating illustrated lectures . . . By Roy F. Weldon, Member of American Archaeological Society

LANSING CIVIC CENTER
FEB. 21 to FEB. 26 7:45 P.M.

If you thrill to new adventure, if you have wondered about the origin of the Ancient Americans, if you would like to unlock the mystery of the Ancient American civilization, you should not miss these lectures.

Mr. Weldon has traveled extensively in Mexico, Central and South America, photographing and studying the ruins left by the Ancient Americans.

HERMAN THE HOUND seems to be giving advice to members of the group that decided on the theme of the 1968 Water Carnival. Furman has been around these parts for more than six years, giving him more experience than any of the persons on the board. Julie Shook, Auburn, Ind., junior, Ken Wisenberg, East Wayne senior, Angie Vapoli, Chicago junior, and Dan Riedel, Dayton, Ohio, junior, listened attentively to Herman Tuesday night, and come up with the theme—"The Sound of Music."

Founded 'Crossroads Africa' National Director Honored

The Lansing World Affairs Council, having recently endorsed the "Operation Crossroads Africa" project which will send 100 MSU students to West Africa this summer, is sponsoring an East Lansing luncheon in honor of the project's national director Thursday.

Dr. James Robinson, of New York City, founder and director of "Operation Crossroads Africa" will be the guest and speaker.

The luncheon, being contributed by the Edgewood Peoples Church Women's Society, will be held at the Edgewood Peoples Church Thursday noon. Mr. Robinson will be the guest of honor.

Invitations to the luncheon have gone to leaders of civic, business, labor and religious organizations throughout the Lansing area.

"The purpose of the luncheon," Landers said, "is to further acquaint community leaders with this extremely worthwhile effort to promote African-American understanding. We hope a number of the groups represented at the luncheon will want to schedule speeches by the MSU students returned from Africa next fall, and perhaps contribute toward their expenses this spring."

"Operation Crossroads Africa" will take 150 students and 20 adult leaders from throughout the United States to ten West African countries for two months—a month of study and a month of work, helping young Africans to construct village schools. Assistant Professor and Mrs. Douglas Kelley will be adult leaders of the Eastern Nigeria unit of the project.

Romney Reveals Stock Exploits

DETROIT (AP)—George Romney related in detail Tuesday how he has bought and sold American Motors stock in an effort to make money and pay his debts, and not because of any lack of confidence in the company.

The president of the thriving independent auto manufacturer laid bare his financial aims as he discussed his sale last month of 10,000 shares of AMC stock for about \$900,000, or a gross profit of some \$700,000.

News of this sale was said by some brokers to have contributed to the continuing slide of prices on the New York Stock Exchange where American Motors stock has fallen \$9.45 a share in two days.

Romney said he will not sell further stock this year. Instead, he plans to increase his holdings above the 24,000 shares he held at the start of the year.

Diamond Eater Fined 10 Pounds For Daring Theft

LONDON (AP)—You know how it is with women. They love diamonds. Christina Mezey loved them so much she ate it.

Christina and her boyfriend were browsing through a jewelry shop on a recent day, looking for an engagement ring. A modest little solitaire, valued at 45 pounds (\$124) vanished from a display pad.

The shop was searched. No diamond. Christina and the boyfriend insisted that they be searched, too. Still no diamond.

Police detective John Lavery was called in. He took a shrewd look at Christina and suggested that she submit to an X-ray.

She agreed and went to a hospital. The X-ray plate plainly showed (1) a ring and (2) a taxpayer.

"It is our view," Prosecutor Robert Thomas told the court, "that the sixpenny piece was swallowed to confuse the doctors."

He added somewhat vaguely: "Miss Mezey was kept in the hospital for two days and the ring was recovered."

Miss Mezey, a feehing, 22-year-old brunette, said she tried to ring on, found it over-sized, and swallowed the ring in trying to remove it from the third finger of her left hand with her teeth.

"When taken to the hospital," she testified, "I became worried and swallowed the sixpence as well."

Justice H. B. Meredith shook his head.

"This," said he, "was a deliberate and calculated offense. It fined her 10 pounds (\$28) for theft."

In the right photograph Leslie Dyer of the Spartan judo club is thrown by Antonio Reyes of the Battle Creek Y.M.C.A. in the club's first dual meet since its formation. Battle Creek won, 3 to 1.

More Troubles Harass Olympic Game Openings

SQUAW VALLEY, Calif. (AP)—Troubling piled on troubles Tuesday with just two days left before the oft-harassed Winter Olympic games open.

Nothing seemed to go right. Timing was fouled up at the 400-meter speed skating oval, creating a situation termed "ridiculous" by one official.

Olympic planners were feuding with the International Hockey Federation over scheduling of the 30 games in the 11-day show that opens Thursday.

Cross Country races got lost on a practice course at McKinney Creek, 17 miles south of here. Timing there was a mixup, too.

East and West Germany, competing under one flag, continued a feud that broke out yesterday over selection of Alpine (down-hill slalom) skiers.

Training on the ladies 1-kilometer downhill course was delayed because the run was too icy.

It was a bad day all around. At the speed skating oval, it was announced that world champion Eugeni Grishin's time for the 500 meters was 40 seconds flat, two-tenths of a second under the record he set at the 1950 Olympics.

But the 40 flat was the stopwatch clocking. The electrical timer caught him at 40.3.

It really didn't matter, since the clocking came in a time trial and wouldn't have gone into the record book anyway. But other discrepancies led officials to discard all electrical times.

About all that was proved was that the ice was fast and that the timers had better get together. Meetings already have been scheduled.

The cross country races complained that the markings on the course weren't clear enough.

Baseball and Track Schedules Posted

The 1950 baseball and outdoor track schedules for Michigan State have been announced by Director of Athletics Biggie Munn.

The baseball team will play a 34-game schedule, including an eight-game southern training trip.

The trip opens March 25, 26 to 31 in a four-game tournament at Camp Lejeune, N.C.

Following the tournament the Spartans play North Carolina State, University of North Carolina, Wake Forest and conclude April 2 against Ohio University.

Friday, Saturday, April 28-29—Penn State, Philadelphia, Pa. Saturday, May 3—Purdue and Indiana, Lafayette, Ind. Saturday, May 11—Notre Dame, East Lansing, Mich. Saturday, May 18—A.A.U. Championships, Villanova, Pa. Saturday, June 4—Central college Championships, Milwaukee, Wis. Friday, Saturday, June 11-12—A.A.U. Championships, Berkeley, Calif.

Female Tankers Still Undeclared

The girls' swimming team is still undeclared after winning over Bowling Green Saturday there. The final score was 44-41.

Pat Lucas took first in the 50 yard backstroke and second in the 50 yard freestyle. Bonnie Blackport pulled a first in the 75 yard individual medley and a first in the 100 yard freestyle.

The 50 yard butterfly was won by Sue Anderson, and Nancy Warner took first in the 100 yard relay. The 200 yard freestyle relay was won by Blackport, Lucas, Warner and Anderson.

Wings in Slump With No Hope in Sight

DETROIT (AP)—The walk and swoop and the Detroit Red Wings can do nothing except wait and wait.

The once-mighty Wings, no longer the Yanks of hockey, are in danger of missing the Stanley Cup playoffs for the second straight year.

Before last season's last place finish—the first time in club history—the Wings had reached bottom; it had been 21 years since Detroit missed the post-season games.

Sunday night's 5-1 defeat by the Toronto Maple Leafs edged the Wings to the brink of 1950 loss. The Boston Bruins, 39-19-10, are leading the league with 78 points.

Weekly statistics released Tuesday show Horvath with 32 points on 37 goals-plus in the circuit—and 35 assists. Bellevue, who has been sidelined with a groin injury the last five games, has 66 points on 32 goals and 34 assists.

Hobby Hull of Chicago is third with 64 points. He is followed by Vic Stasiuk of Boston with 61 and Henri Richard of the Canadiens, 59. Don McKenney of Boston, who has collected five points and moved up four places to sixth with 58 points, is the leader in assists with 41.

Jacques Plante of the league-leading Canadiens continues to head the goalies, with a 2.49 goals-against average.

Horvath Now Top Scorer

MONTREAL (AP)—Bronis Horvath, seeking to become Boston's first National Hockey League scoring champion in 16 years, has taken a six-point lead over Montreal's Jean Beliveau in the 1950-51 race.

Weekly statistics released Tuesday show Horvath with 32 points on 37 goals-plus in the circuit—and 35 assists. Bellevue, who has been sidelined with a groin injury the last five games, has 66 points on 32 goals and 34 assists.

Fresh to Compete Nine Top Wrestlers Are Past Champs

Whether "Ma Brody" or "Ma Shaw" serves "the breakfast of champions" or not makes no difference to Michigan State's freshman wrestling team.

Any breakfast those lads eat is a "breakfast of champions" because the top nine fresh prospects won 11 state high school wrestling championships in their prep days.

Topping the list is 115 pound Oklahoma Johnson who wrestled at Norfolk, Va., Granby High School, but who makes his home in Greensboro, N.C., now Johnson was Virginia state high school champ in his weight class four years in a row.

The only other out of state champ for the fresh is Merle Preble, 177 lbs., from Cleveland who won the Ohio 175 pound title several years ago.

Michigan produced the remainder of the champs Ed Youngs, a two time state champion from Jackson, injured his knee early in the season so he isn't competing now. Assistant wrestling coach Gale Mikles said that Youngs will be back next year for varsity action, probably in the 191 pound or heavy weight class.

Alex Valcaroff, known in the Lansing area for his achievements in football and wrestling at Lansing Eastern, won two state titles in the 157 pound class. Valcaroff now wrestles with the 167 pounders.

Part Huron supplied State with a champ in the form of Dave Chester, a state title holder in the 133 pound class who now participates with the 136 1/2 pounders.

Andy Pink from Ypsilanti, tipping the scales at about 160, rounds out the corps of high school champs on the fresh wrestling squad.

Three other wrestlers, all from the Lansing area, placed high in the state wrestling match but were not title winners. Gary King, from Lansing Sexton, was state runner-up in the 138 pound class which is nine pounds lighter than his current wrestling weight.

David Smith, of East Lansing, placed third in the state, wrestling at 133 lbs., compared to his present weight of 136 1/2 lbs. Another East Lansingite, Dan Reid placed among the leaders in the 147 pound class in the state match last year. Reid now wrestles as a 160 pounder.

Coach Mikles said, "This is the strongest freshman wrestling team we've ever seen at MSU." Despite their current strength, Mikles said that Dave Behrman, one of the top heavy-weight prospects in the country wasn't out for the team.

Unlike many of the other freshmen athletes teams at State, the freshman wrestlers will get a chance to show their stuff in competition with participants from other schools.

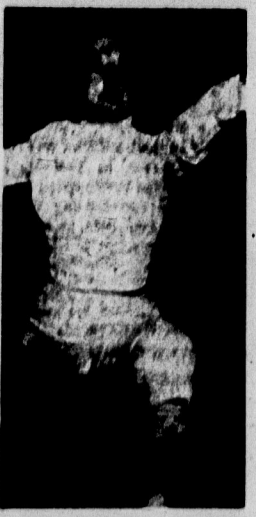

Their first chance comes the 18th and 19th of March at the Michigan AAU meet in River Rouge. This is an open tournament which attracts top high school and college wrestlers throughout Michigan. Some grapplers even come from Canada to participate.

Speaking of the state AAU event Mikles said, "This is just a warm-up for the district U.S. Olympic trials held at Toledo early in April."

At Toledo the wrestlers will be bidding for a shot at the Olympic wrestling finals at Iowa State, Ames, Iowa, from April 27-30.

"Anyone who places 1st or 2nd in the district meet will go to Ames (Iowa) for the finals," Mikles said.

Mikles is an alumnus of MSU where he won four varsity letters in wrestling before graduating in 1948. While at State he won the National AAU title in 1945 wrestling as a 145 pounder and the 1947 National Collegiate championship in the 155 pound class.

Goodrich to Represent U. S. In Russian Fencing Matches

By ROBERT NEUMAN

Judy Goodrich, 20, a former junior, is one of two students selected to represent the U.S. at the Junior World Championship Fencing matches in Moscow this April.

Miss Goodrich said that she and Tom Glavin, 20, an NYU pre-law student, are the first team ever selected to represent the U.S. in this particular event.

The championship is to be held in Moscow, Russia, April 15 through 18. The two representatives will leave the U.S. on April 12 or 13.

They are being sponsored by the Amateur Fencers League of America. Miss Goodrich received a letter of invitation early this month from Ronald Thompson, president of the league, to attend the meet.

The event is open to all fencers of amateur standing under 21 years of age. All European countries will be represented along with those from every part of the world, said Miss Goodrich.

As far as Miss Goodrich knew, there would be no delegation going with them. She said she thought that she and Glavin would be going alone and probably would fly to Moscow.

Miss Goodrich said that she did not know any Russian, but knew French, and anticipated no language barriers because all international fencing is conducted in French.

The previous winners of the fencing match were picked by Miss Goodrich and she said that Hungary and Russia are certain to be strong in the event.

Miss Goodrich began her fencing career when she was 12 years old.

When in junior high school, Miss Goodrich entered competition between schools and two general state championships. Toward the end of high school,

she was representing the Duke in national matches.

From then, Miss Goodrich went on to represent the U.S. in the British Empire Games.

Early in high school, Miss Goodrich's coach told her that he was going to try and get her in the Olympics.

"In 1952 he said I was going to make the '56 Olympics," said Miss Goodrich. "From that day on I practiced every day and entered every meet possible."

When that date came, Miss Goodrich went to Melbourne, Australia as a member of the U.S. fencing team in the 1956 Olympics. The team was made up of three girls and 15 boys. Miss Goodrich placed as one of the top 15 fencers in the world.

In 1958 she was on the U.S. team in the Philadelphia World Championship matches. After that Miss Goodrich quit fencing for almost a year.

"I wasn't slacking on fencing anymore," she said.

But when she came to MSU as a freshman, Miss Goodrich began making the student's team and started to practice a little. One thing led to another, and before the end of her freshman year she was fencing daily.

Now Miss Goodrich hopes to make the Olympic team that will go to Rome in August and September of this year. She said that the members will be selected at the National Championships in New York in the first part of July.

Miss Goodrich is uncertain about her future fencing career. She would like to continue as a professional, but does not want to become a professional. There is the possibility of her teaching the sport, she said.

Spartan Iceers Fall, 5-3

2 Late Goals Lead to Defeat

(Special to the State News)
ANN ARBOR—Michigan State's hockey team, holding the University of Michigan to a 3-3 tie until 18:40 in the third period, lost its poise and the hockey game to the Wolverines, 5-3, here Tuesday night.

Michigan broke loose with two goals in the last minute and seconds to win its first start in four outings.

Four of the five markers came from the Wolverines' sophomore line of Joe Langhammer, Jerry Colla and Red Berenson.

The game started at a fast pace with Michigan's first line taking out the first minute and a half to come. Gary Malton saw his chance and poked in a loose puck from the side of the net.

It took Michigan's sophomore line just three seconds longer, 18:51 to score. Berenson skated behind State's net and passed to Langhammer, directly to goal who scored.

The Spartans, playing mostly a defensive game, finally mustered a rush. When a Michigan defenseman dropped away from Jim Mastonen, the Spartan put a 30-footer past goalie Jim Colla.

After Spartan goalie Eldon VanPyrbroek stopped two Wolverine breakaways, Michigan tied the game. Capt. Jack Roberts slapped Terry Moroney's rebound past Colla at 18:40 of the first period. Michigan was up two men at the time.

Berenson put his team ahead at 7:56 of the second stanza with an unassisted goal. He took the puck from behind the net and fired from 20 feet in front.

The Spartans started the third period with three quick shots and the third one clicked as Arnold LaCoste knotted the score.

Colla put Michigan ahead to play at 18:40 with State's first goal. Langhammer used his second goal to insure the win.

Top Teams In WCIA Slug It Out

MINNEAPOLIS (AP)—Top-ranked teams of the Western Collegiate Hockey Assn. slug it out this weekend in a pair of two-game series that may decide the league race.

Michigan Tech, shooting for the championship, meets 1959 NCAA champion North Dakota at Houghton, while second place Denver battles Colorado College.

Also opening a stake in the proceedings is Michigan, the only other team with a chance to qualify for the four-team playoffs that will determine the west's two entries in the NCAA tournament.

Michigan Tech (14-5-1) and Denver (9-4-1) are cinches for the playoffs, and North Dakota is all out in Colorado College (8-8) has to contend for the fourth spot with Michigan.

Colorado College is at Denver Friday night and the scene moves to Colorado Springs the following night.

In the individual scoring scramble, Michigan Tech's Paul Corpo has pulled into the lead with 38 points.

Hacks Down Pistons
DETROIT (AP)—A third-period explosion, carried by Louie Hawks to a 111-104 victory over the Detroit Pistons here Tuesday night in a National Basketball Assn. game.

During the third frame, the Hawks, who are leading the Western Division, outscored Detroit 34-18. This ultimately proved to be the decisive factor.

McFarland Given Grant for Research

Dr. Dalton McFarland, professor of business administration, has been awarded a research grant of \$10,000 by the American Management Assn. to study executive behavior at various levels in industrial relations.

Under a new program of research assistance being conducted by the AMA, the one-year research project will place special emphasis on the relationship between the chief executive and the top executive in industrial relations.

Ministers Try Not to Preach

"Reverend, that was a fine talk, but you sound too much like a preacher!"

This unusual criticism was one of a number of professional pointers given Presbyterian ministers at a Broadcasting Workshop held Feb. 9-10 at MSU.

The Kellogg Center workshop, attended by ministers from Michigan and Indiana, was designed to help pastors work more effectively through the media of radio and television.

He held personal and labor relations positions with various private firms prior to coming to MSU and has been a consultant in the area of human relations, personnel management and labor relations.

Recent Appointments To Staff Announced

Recent appointments to State News editorial staff positions include:

Lyva Shepard, Lansing semi-editorial page editor, Ben Burns, Memphis sophomore, night editor, Hank Beronstein, Chicago junior, night editor, Charlotte Patton, New Haven freshman, assistant night editor, Bill Wiese, Hastings sophomore, wire editor.
