

Protest Resolution Adopted by AUSG

Discrimination in Stores Is Target of Action

A resolution to demonstrate the feeling of MSU students toward race relations was passed Wednesday by AUSG.

The resolution declared that AUSG urges MSU students to refrain from making purchases in stores of members of chain stores which practice any form of racial discrimination.

It also encouraged efforts of the administration to stamp out all forms of racial discrimination that might occur at MSU.

AUSG debated nearly four hours on the issue, which could amount to a boycott of certain stores.

The decision was partly decided on dorm polls and dorm council decisions.

Two women's dorms conducted an all-dorm poll. The other dorms voted their decision on polls of a small number of students as representative of the entire living unit. Some councils comprised of dorm officers discussed the issue and voted on it. Off-campus housing was not polled.

The Student Rights and Welfare Committee of AUSG held an open hearing Monday to determine student opinion. Eight students expressed their views. Six favored the resolution, two were against it.

Ernie Green, Little Rock, Ark., soph., representing the NAACP, spoke before congress Wednesday night. Favoring the boycott, he said stores practicing racial discrimination in three cities in the south changed their policies due to demonstrations.

Daniel Votik, E. Lansing, asked, "Is boycotting against a store not a form of discrimination?"

Several members were against the boycott because of the harm to the local member chain stores which are not practicing segregation.

Barry Boughton, Lansing, who introduced the resolution to congress, said chain stores employ workers who are salaried and are not paid for the amount of business they do. Would not be harmed.

Bill Hack, Butterfield, said, "It is not necessary to pass a resolution as a group because individuals have the constitutional right to pick and choose if they so desire."

He said those students interested enough to carry out demonstration would do so anyway, despite any resolution passed by congress.

The boycott clause, section 8, was the crux of the debate.

Tom Schwartz, Gilest, said, "By deleting section 8 we would be denying our whole purpose. We, as northern students can sit here and say that we are against segregation, but if we don't do anything about it, we are not accomplishing our purpose."

Another clause of the resolution urges students to contribute to a scholarship fund for southern students who have been dismissed from their schools because of their part in demonstrations.

Margie Clark, E. Lansing, jr., chairman of the ad hoc committee for scholarships for southern students, spoke before congress. She said that police have arrested many southern students demonstrating against segregation on charges such as disturbing the peace.

Many students, she said, found it necessary to pay high court fines and are now without funds for continuing their education.

Congress also voted to maintain the 25 cent student tax for summer term.

Muhammad Touss, E. Lansing grad student, discussed how an organization from congress were used in the Campus UN last year.

He outlined the organization's budget for 1960-61.

Ken Applegate, Englishman, N.J., soph., was appointed director of student government services, and Helen Connor, Chevy Chase, Md., jr., was appointed chairman of the international cooperation committee.

Nan Horton, Peoria, Ill., It., was appointed a member of congress representing sororities.

Chilean Toll May Hit 5,000

SANTIAGO, Chile (AP)—The death toll for South Chile's six-day-old siege of earthquakes, tidal waves, avalanches and volcanic eruptions may reach 5,000, government sources said Thursday. The devastating blows of natural violence that began last Saturday abated somewhat during the day.

The Interior Ministry disclosed it was investigating reports that more than 800 Araucanian Indians, he buried under tons of snow, rock and other debris in quake-torn avalanches. The Araucanians, Chile's original inhabitants — live in scattered settlements high in the snow-covered southern mountains.

The University of Chile Observatory said the seismic violence, already blamed for an estimated 300 million dollars of property damage, appeared to be on the wane.

The United States, stepping up relief assistance to the stricken area, ordered Air Force planes from bases in New Jersey, South Carolina and Delaware to airlift two fully equipped 400-bed hospitals to Santiago.

Other U. S. Air Force units from the Panama Canal Zone were rushing in tents, blankets and litter for evacuation of the injured.

Student Rioters

Go to Trial Today

SAN FRANCISCO (AP)—Sixty-three students charged as rioters in the city hall demonstration May 13 against a House Subcommittee on Un-American Activities pleaded innocent Wednesday and demanded a jury trial. Police used fire hoses and night sticks to quell the disorders.

All 63 were ordered to report today for setting a joint trial date.

Integrating School Aid Approved

Anti-Segregation Bill Passes House

WASHINGTON (AP)—The house Thursday night approved a \$1,300,000,000 school construction bill containing an anti-segregation provision.

The roll call vote was 306-189.

The anti-segregation amendment, put into the bill by a 218-181 vote, could endanger the chances of Senate agreement to the measure.

Under the amendment, no money could go to schools that refuse to obey court integration orders.

Southern senators are unlikely to accept this provision. Their support would be needed in the usual House-Senate conference proceedings in such situations.

House approval of the bill came after an eight-hour session in which the legislation at one time seemed doomed.

The Senate has passed a \$1,800,000,000 bill which contains a controversial provision — not in the House measure — authorizing the states to use the money for teachers' salaries as well as for school construction.

Voting for the House bill on final passage were 182 Democrats and 118 Republicans.

Against it were 97 Democrats and 97 Republicans.

Voting for the anti-segregation amendment were 100 Democrats and 118 Republicans.

Against it were 160 Democrats and 21 Republicans.

The bill was in trouble all the way through the stormy session. At one point it was replaced by a substitute that would have used cigarette taxes to help finance school construction, but in a later roll call vote the House discarded this approach.

As finally approved the House bill authorizes 225 million dollars a year for four years, the money to be used solely for school construction.

The House added one year to the three-year program originally proposed. This was done in meeting an administration demand that the states match all federal money received.

On Campus Congratulations!

BY LINDA BAUMER

Spring term is a term of honors. It is a time when extra-curricular activities, studying, athletic prowess, beauty, talent or just plain hard work pay off.

And so—a word of congratulations to those who have been distinguished by honors recently.

At May Morning Sing, poets were honored for outstanding scholastic achievement and participation in activities by tapping for membership in Toward Guard, sophomore women's honorary, and in Marist Board, senior women's honorary.

The first official tapping of members of the new Circle Honorary took place Wednesday night. Forty-three women's dormitory residents were asked to join in recognition of their outstanding leadership and service to the school.

Congratulations are in order for the winners of Greek Weekend activities—Delta Delta Delta, Kappa Alpha Theta and Kappa Kappa Gamma for taking first, second and third places respectively in the women's division of Greek Olympics. Delta Tau Delta was first, Phi Delta Theta, second, and Alpha Tau Omega third in the men's contests.

In the Lambda Chi Alpha Jr. 500, Delta Zeta, Sigma Alpha Epsilon and Alpha Epsilon Pi "ran" off with the trophies. Alpha Gamma Delta and Snyder Hall placed second and third in the coed division of the race while Kather and Delta Tau Delta placed for the men. AETP was rewarded for its efforts in the humorous division.

First places and the trophies that accompany them seem to have come in threes for the winners of Sorority and Men's Sing contests. The women of Alpha Gamma Delta and West Landon have both won the treasured honor for the last three years. Second places went to Kappa Kappa Gamma and East Landon, while the members of Kappa Delta and Gamma proved their singing ability by capturing third.

Undergraduates are not the only ones who have been stepping into the limelight this term. Distinguished Faculty Awards were recently presented to six members of the staff. These honored were: Walter Adams, economics; Prof. S. Howard Bartley, psychology; Prof. Thomas Givner, humanities; Prof. Carl Hoffman, dairy husbandry; Prof. Russell Nye, English; and Prof. V. Wolfe, music.

Campus beauties have stepped to the front in the last few weeks. Out of the many contestants the Jr. 500 queen, Linda Brigham, Southfield Jr., was chosen to reign over the event. Jan Linder, Crowswell Jr., and engineering queen, was chosen Miss Lansing in the first step of the Miss America contest. Members of her court include: Jean Crie, Lansing Jr.; Jane Collins, Greensburg, Ky., soph; and Judy Young, Hunting Woods, soph.

And, last, but most definitely not least—Congratulations—with a capital "C" to all graduating seniors!

Social Life Invades Beaches

By ADELAIDE FRITZ

Whether the intentions are for a final rest before exams, study, fun in the sun, or to be a spectator, many MSU students will be leaving the campus this weekend.

After watching the Jr. 500, presented by Lambda Chi Alpha recently, race enthusiasts are ready for some real action. The Indianapolis 500 will be held to these college sport fans. Memorial Day, As daring drivers tempt fortune via the precarious race for the black and white checkered flag, mishaps and triumphs will be seen. What would be better for momentarily releasing your ties from term papers and bluebooks?

The sandy beaches along the shores of Lake Michigan at the secluded waterfronts of inland lakes will be the gathering places of many more MSU students this weekend. Those who visited Ft. Lauderdale in the early spring will be able to recall many memories as they stroll unobscured and hold limbs

contests, minus the palm trees.

To many of the beach-bound students, the secret word seems to be Sandusky. The scenic resort town features Lake Michigan, the Kalamazoo River, an old-time ghostboat, Mt. Baldy, yachts and ocean-view golf. This is an MSU pleasure-seeker's paradise!

Formal term parties will act as preludes to Memorial weekend for several societies and fraternities this evening.

The men of Alpha Sigma Phi will hold their annual Black and White Formal at the Chateau House this evening. The Alpha Sig Sweetheart will be a featured guest. Dancing to the music of the Bachelors and entertainment by the chapter glee

club will take place in the Cantilever room.

Kappa Kappa Gamma will present their spring term party this evening in the American room of the Hotel Olds in Lansing. A Scottish theme will prevail with Kenny Davis furnishing the music.

Kappa Sigma will dine and dance at their annual term party this evening at the Little Bit of Spring. The appropriate theme for the dance is "Little Bit of Spring." Bill Richards band will furnish the music.

The brothers of Phi Kappa Psi will hold their term party this evening at the Poplars. Bob Elschert will provide the music with Serenades the featured entertainment.

Specialist Discusses Developments in South Africa

Dr. Edwin Munger, American Universities Field Staff and specialist of South Africa spoke on the "Physical, Economic, and Social Survey of Africa south of the Sahara" at a meeting of the World Food Discussion Group at Physics-Math Building conference room Wednesday night.

Munger has spent the past 12 years studying the rapid political, economic and social development of this area.

The specialist said the population in South Africa is similar to the United States, but with 100 million people, Africa, having the highest birth rate, also has the highest death rate.

The culture here is not as deeply rooted as in Asia and therefore is easier to change, he said.

A split between South Africa and the rest of Africa is developing. The growth in the south is tremendous and comparable to growth of top countries, he said.

Newspapers Useful as Texts

Newspapers are the finest, up-to-date and comprehensive textbooks available today's schools, particularly at an MSU conference.

Educating by News

Teachers maintain that the fast pace of present-day life has made the newspaper essential in the classroom at any other time in history. Dean Malotte, president of the Kalamazoo County, Mich. news-people's association, said the quality of writing in the newspaper usually exceeds that to be found in other supplementary publications.

Gallery? Get New Management

The gallery, which is in East Lansing across Berkeley Hall last January, soon came under new management.

John Bannan of East Lansing, is presently managing the gallery. He will be leaving at the end of the spring term. The new manager will be Bill Maloney and Lansing.

The gallery is open to the public throughout the summer. Future shows featuring well known artists as well as works of MSU students being planned by the gallery.

Refreshments served by the gallery include eight different kinds of coffee, seven kinds of food and a variety of drinks, served to customers who enjoy the atmosphere of folk singing and art.

Yearbooks Given Out Next Week

Distribution of the '68 Wolverine will begin Tuesday. Married and off-campus students can pick books up in Student Services room 20. Dorm residents can pick them up in their living units.

Purchasers are requested to bring receipts with them when they call for their books. Applications for positions on the '68 staff are now available in 347 Student Services. Jobs open include associate editor, sports editor, engraving editor, index editor, seniors editor, organizations, copy editor, sales manager, personnel manager, office manager, promotion manager and treasurer.

30 Player Limit On All Star Roster

NEW YORK (AP)—Thirty players—two more than the previous high—will be allowed each team for the two major league All-Star baseball games this year, Commissioner Ford Frick announced Thursday.

For the third straight year the players of the National and American League clubs will select the eight starting players for their respective teams. The rival managers, Al Lopez of the American League Champion

Chicago White Sox and Walter Alston of the World Champion Los Angeles Dodgers, name the 22 other players, including the starting pitchers.

Jim Ferguson, Michigan State's 1959 wrestling captain, won the 1960 National AAU 174-pound mat title to become the only Spartan wrestler to win two consecutive NAAU mat crowns.

1965-66 Big 10 Football Schedules

The Big 10 last week drew up 1965-66 football schedules providing for seven conference games for each school with room for games with three outside opponents.

The 1965 schedule:
SEPT. 25 — Northwestern at Indiana; O.C.T. 2 — Illinois at MSU; Iowa at Wisconsin; O.C.T. 9 — Illinois at Ohio State; Indiana at Minnesota; Purdue at Iowa; MSU at Michigan; O.C.T. 16 — Indiana at Illinois; Minnesota at Iowa; Purdue at Michigan; Ohio State at MSU; Wisconsin at Northwestern.
O.C.T. 23 — Iowa at Northwestern; Michigan at Minnesota; MSU at Purdue; Ohio State at Wisconsin; O.C.T. 29 — Purdue at Illinois; Iowa at Indiana; Wisconsin at Michigan; Northwestern at MSU; Minnesota at Ohio State; NOV. 6 — Michigan at Northwestern.

Thomas' Jumping, Team Title Fight To Feature ICAAAA Track Meet

Thomas, Boston University's sensational high jumper, and a rousing battle for the team title are expected to provide the main excitement today and Saturday at the annual ICAAAA Outdoor Track Championships at Villanova Stadium.

The old ICAAAA high jump record of 6-10 appears certain to fall before the 19-year-old sophomore, who has cleared 7 feet 22 times and holds the unofficial world mark of 7-1 3/4 set last Saturday at M.I.T.

Thomas' Jumping, Team Title Fight To Feature ICAAAA Track Meet

Among the Collegians, all Eastern track powers will be present with the exception of Army, which is engaged in a dual meet with Iowa, the four teams that are expected to fight for the title will clash head on in the 100 and 200 which could decide the championship.

Hob Brown of Penn State will defend his 100-yard title, Dick Engelbrecht, Penn State's 2-mile winner last year, will run both

the mile and the 880 and Szeilyer, Penn State's 220 hurdles champ, will run the hurdles.

Other defending champs are Maryland's Nick Kalkides in the javelin, and Andersen in the pole vault, ton University's John Law, the hammer throw and nova's John Buckley in broad jump. Buckley has the broad jump the last years.

Sports Staff Needed

Several students are needed to fill vacancies in the dept. fall term. There is for three night sports editors which are paying positions, several reporters to cover and variety sports.

MSU OARSMEN stroke to the cadence set by coxswain Bruce Nichols in a practice session on the Grand River. Less swimming and more rowing is promised this Saturday for the MSU Invitational Rowing Regatta on the Grand River opposite the Lansing Boat club. State News Photo by Eric Lundberg.

MSU Rowing Regatta Tough Test for State

By ERIC LUNDBERG
"We did more swimming than rowing," was coach Jim Tyler's comment on last weekend's meets with Culver Military Academy and Purdue University.
The outlook for the coming weekend and the MSU Invitational Rowing Regatta was one of grim determination as Tyler put his oarsmen through rugged drills Wednesday and Thursday.
"With all the rain this last week, we haven't been able to get into the water and have gotten pretty rusty," he commented.
Tyler's whip-like voice bawled and bullied his charges as they began to work out the kinks in time for this weekend.
They made their best time of 5:53 in the mile Thursday but Tyler's only comment was, "It's not good enough."
The MSU team will have their hands full

Saturday afternoon when they take on Culver, the Ecorse Boat club, and the Wyandotte Boat club on the Grand River opposite the Lansing Boat club.
The meet will get underway at 2 p.m. with about five or six preliminary heats run over the mile course. There will be two final events after these.
Competition will be stiff as Wyandotte and Ecorse teams have an average of seven years rowing experience and the Culver squad has rowed together four years.
Ecorse is also expected to enter their Olympic tryout crew in one of the events.
MSU has only two years experience and their bowman, Milin Savich, Detroit senior, is still confined to the hospital and is not expected to compete.
The meet is free and there is plenty of room for spectators.

For Independent Championship

Army Tops Uncle Tom's Boys, 4-3

Army won the independent baseball championship Thursday by defeating Uncle Tom's Boys by a 4-3 score.
John Van Iwarden allowed eight hits while striking out six for the victorious Army nine. Army picked up only five hits, but two were triples which led to the four runs. Hal Leigh was the losing pitcher.
AGR upset ATO in the Fraternity block as Phil House pitched a three-hitter, 4-3. Chuck Bruner was the losing pitcher for ATO.
West Shaw 4 poured it on against Rather 1 and emerged with a 13-9 victory. W. Shaw picked up but five hits in scoring his 13 runs.
Lambda Chi scored nine times in the second inning and then coasted to a 13-3 win over the D's. Cary Ruthrum pitched a

six-hitter for the victors and also powdered a home run.
Dick Smith struck out four, and allowed but two hits in hurling Bryan 7 past East Shaw 6, 6-1.
Jerry Reynolds supplied the power and Dave Barkey pitched his way to a 14-4 victory for Bailey 5 over E. Shaw 10.
Butterfield 6 came up with two runs in the top of the fifth inning to edge the Bailey 3 nine, 2-1. Dave Kimball drove in the winning runs with a single. Ron Whipple pitched a one-hitter to pick up the victory, while loser Bill Marrs held six to three hits during the contest.
In another tight contest, East Shaw 4 staved off a last inning rally by West Shaw 10 to win, 2-1. Each team picked up three hits, with the E. Shaw squad's Terry Stygles clouting a double.

Bryan 8 topped Rather 4 9-4 in a three inning contest.
Frank Heath pitched a one-hitter to lead Emmons 7 to a 7-2 victory over Rather 2. The winning Emmons team had 10 hits to its credit during the game. Moss, seervp8 GwtXnS noES-y
Miami Frosh Goes Pro
PHILADELPHIA (P) — Jack Sherer, a star on the University of Miami freshman football team last fall, has signed a contract with the New York Titans of the new American Football League, it was disclosed Tuesday.
Steve Sebo, Titan general manager, signed the 19-year-old, 235-pound tackle and said he will report to the club's New Hampshire training camp in July.

U-M Elects Golf, Tennis Captains

ANN ARBOR (P)—The University of Michigan golf and tennis squads selected their team captains for next season.
Gerry Dubie, a junior from Hamtramck, will lead the tennis team. He was a member of the No. 1 doubles team in the Big 10 for the past two seasons.
Joe Brisson, a Grosse Pointe Farms junior, is the new golf team captain. Fired a 298 in last week's Big 10 golf meet for fifth place in the league. Brisson upset U. S. National Amateur Champion Jack Nicklaus of Ohio State earlier this season.

Lions Sign Weatherall

OKLAHOMA CITY (P)—National Football League veteran Jim Weatherall, Detroit defensive tackle, has signed a 2-year contract with the Lions.
The announcement was made here Tuesday as officials of the Lions and the Philadelphia Eagles conferred with sponsors of a Sept. 3 exhibition game in nearby Norman.
Former Michigan State basketball coach Ben Van Alstyne, now Spartan golf coach, was selected to the Helms Foundation Basketball Coaches Hall of Fame in 1959.

Howard's Homer One of Longest

NEW YORK (P)—The New York Times said Thursday that sport announcer Joe Tucker was parking his car outside Forbes Field Wednesday night when he heard Frank Howard of the Los Angeles Dodgers hit a homer. Tucker saw where the ball landed. He then paced off the distance to the outfield fence and calculated that the ball went at least 550 feet.
Sportscaster Bob Prince said that, "It was one of the two or three longest homers I've seen hit out of Forbes Field since I began broadcasting in 1948."
Los Angeles won the ball game from the Pirates.

Kobsmen Plan Revenge; Meet Detroit Saturday

After breaking a four game losing skid on Wednesday, the Spartan diamond crew will attempt to gain revenge against Detroit Saturday at Old College Field. Game time is 1:30 p.m.

State suffered a 14-5 wallpopping at the hands of Detroit on Monday of this week. However, the Spartans did not take their front line hurlers with them to Detroit, with the exception of Don Sackett.

MSU took the measure of Central Michigan on Wednesday in an 11 inning contest, 3-2, to assure the Spartans of at least a 500 won-lost percentage for the season. State now stands at 13-13, with two games left on the schedule.

Expected to see action on the mound Saturday for the Spartans is Mickey Sinks, who leads the league in innings pitched, 46, and in ERA with a tremendous 1.30 runs per game.
Bill Schudlich has the top MSU conference batting mark with a .289 average, closely followed by Pat Sartorius at .286.
The probable starting lineup for Saturday's game for MSU: Schudlich at first base, Ron Holmes at second, Capt. Dick Golden at short, and Jerry Lammanski at third. In the outfield, John Hendee in center field, Sartorius or Tom Riley in left and Wade Cartwright in left. Catching will be Bob Monczka.

MSU track coach Fran Dittman and star middle distance runner, Willie Atterberry, who holds the 1950 Big 10 indoor 1,000-yard title, both graduated from Detroit Eastern High School.

Revised University Calendar, Spring Term, 1960

June 5-11 Tuesday through Saturday 8:30 a.m. - Final Examinations.
June 12 Sunday - Commencement.

Revised Final Exam Schedule, Spring Term, 1960

The last day of classes for Spring Term is Monday, June 6. All final examinations will be given in accordance with the following schedule. The time of the examinations in the Basic College Courses is given below. Examination rooms will be announced by the instructor during the last week of classes.

Communication Skills Tuesday, June 7, 10:15-12:15
Natural Science Tuesday, June 7, 10:15-12:15
Social Science Tuesday, June 7, 10:15-12:15
Humanities Tuesday, June 7, 10:15-12:15

The time of examination in sections other than Basic College courses is determined by the days and the time the class is scheduled during the term. Examinations will be given in the same classrooms used for class meetings during the term.

If at least two of the days and hours follow the regular pattern, all students, instructors, and room schedules will automatically clear. In a few courses, at the request of the department concerned, the final examination has been scheduled by the single hour lecture section and in some instances students may encounter conflicts. In that event, the examination scheduled by the class meeting two hours each week will take precedence over the examination scheduled by the single hour lecture. The examination will be arranged between the student and the department requesting the special scheduling of its examination.

All instructors having examinations from 8:30 a.m. and from 1:30-3:30 p.m. are requested to terminate their examinations promptly so that rooms and buildings may be cleared for the examination periods which follow.

Inflationary Trends Stifle Growth and Progress, Insurance Aide Says

A grim warning that inflation must be brought under control if America is to remain strong and vigorous has been sounded by Holgar Johnson, president of the Institute of Life Insurance.

Revenooers Smell Out School Still

LYNNHAVEN, Va. (AP)—If it hadn't been for a scuffle...

But boys will be boys, and that's how Princess Anne High School officials discovered a still — complete with mash — right under their noses.

Though school authorities refused to talk, this account leaked out from students and other sources.

Three pupils asked permission of their industrial art teacher to build a still as an entry in a state fair at Greenville, S. C.

The teacher said yes. The students gathered materials and built the still.

To be eligible as an entry, the still had to be in operating condition. So the boys made a pot of mash. That was as far as they got.

Two students went to the school office shortly afterward and asked permission to go home and change their clothes. They had soiled in the industrial arts department, they said, and spilled mash on their clothes.

Principal J. Warren Littleton of the 2,000-student school made a bee-line for the Department. Sure enough, there was the still and a vat containing floor, sugar and water.

William McFarland, investigator in charge of the Federal Alcohol and Tobacco Tax unit in Norfolk, told a reporter his men had investigated the matter. He said school officials reported the still had been destroyed and the mash thrown away. McFarland added:

"We presented the facts to the United States Attorney, and he said there had been no intent to violate the law, and the case was closed."

However, the industrial arts teacher who okayed the project, Parker Russell Johnson Jr., was asked by school authorities to submit his resignation.

inflationary trend is to stifle growth and progress and risk losing the confidence of the American people, writes Johnson in the spring issue of Business Topics, published by the MSU Bureau of Business and Economic Research.

The insurance executive finds the most recent inflationary push, 1956 to 1958, the most disturbing. It presented the paradox of a persistent rise in living costs throughout a recession and in the face of such traditional restraints as idle manpower and production facilities and abundance of all kinds, he writes.

Johnson finds dangerous the philosophy expounded by inflation apologists that a "little inflation" is inevitable and the price to be paid for continued prosperity and high employment.

"Any premise that inflation can go on creeping at some specified rate year after year, as regularly and as predictably as clockwork, is both unrealistic and the purest nonsense from my point of view," he says.

Johnson names the government as a big factor in keeping inflationary forces alive. However, he expresses the hope that the federal budget can be balanced and the surplus used for debt reduction thus slowing down and eventually stopping the erosion of the dollar.

Fiscal and financial prudence in government and a dollar of reasonably stable buying power are two sides of the same coin," writes insurance-man Johnson. But, he warns, "A stable dollar won't come from wishful thinking, or happen on its own. It can only come from concerted action of all of us, as well as government, business and labor."

Special Education Week Planned

Special Education Week will be observed at MSU beginning Tuesday.

The challenge of teaching children who are physically handicapped and mentally retarded will be highlighted during the week.

Displays of special education materials and therapeutic equipment will be on exhibit in the lobby of the College of Education Building.

Activities throughout the week will be sponsored by the council for exceptional children, the materials center, and the curriculum area of special education.

Special education supervisors throughout the state along with students, are invited to view the displays.

The displays are divided into three major types.

Student exhibits, materials produced by companies, such as wheel chairs and braille typewriters, and materials sent by associations, will be displayed.

The Cerebral Palsy Association and the Michigan Association for the Blind are two of the main associations contributing to this year's exhibit.

"The purpose of the week," Phil Kleinberg, Brooklyn, N.Y., said, "is not only to acquaint educators with innovations in special education, but also to acquaint more students with opportunities in this rapidly expanding field."

Kleinberg said that when students major in education they rarely, or sometimes too late, discover that they can major in special education.

The committee working on the "Special Education Week" are Kleinberg, chairman; John Young, South Haven senior; Kay Milliken, Williamston senior; Gloria Murphy, Detroit junior; and Sharon Sutton, Moreau sophomore.
