

## Philippines, Formosa On Ike's Eastern Tour

### Protests Fail to Halt Japan Trip

WASHINGTON (AP)—The White House confirmed Tuesday that President Eisenhower will visit the Philippines and Formosa as well as Japan and Korea on his eastern tour that starts June 12.

It was the cancellation of the Soviet visit that led Eisenhower to decide to accept invitations of the Philippine and Formosan governments.

The White House already had announced that Eisenhower would go to Japan and Korea, despite unrest in both nations, regardless of whether he went to Russia.

There have been insistent demands by Japanese Socialists that Eisenhower cancel his Japan visit. They have been demonstrating against the Japanese government's tactics in forcing approval of the new security treaty with the United States.

A series of anti-Kishi (Prime Minister Nobusuke Kishi) demonstrations were staged last week and more are planned. Some of the demonstrators shouted "Ike don't come."

Police authorities fear there may be unpleasant demonstrations while President Eisenhower is in Japan, but Kishi has guaranteed the personal safety of the President.

But in the Philippines, a government spokesman predicted Eisenhower will receive "the very warmest welcome."

The Philippine Congress was set to call a special joint session for the President to address during his first day state visit.

Nationalist Chinese officials on Formosa said the President "will find that everyone on this island is his friend."

A government spokesman added that the June 18 visit would serve to remind Chinese Communists on the mainland that the United States stands solidly on its treaty commitment to protect Formosa and the offshore islands.

A Ryukyuan government official on Okinawa said the President's tour came as "a most pleasant surprise that will bolster good will toward the United States tremendously."

## MSU Band In Concert Tonight

The MSU Concert Band will present the last of this season's outdoor concerts tonight at 8:15 p.m. in the Band Shell under the direction of Prof. Leonard Palome.

The concert will open with the "March of the Peers" from *Madame Butterfly* by Arthur Sullivan. The contemporary "Chester Overture" by William Schuman is then performed. Music from Italian Opera is heard in the "Prelude to Act I of Traviata" followed by the "Nutcracker Suite."

"Antiphone for Winds" by Knebel will follow Wagner's "Love Death from Tristan and Isolde." Also on the program are "Finale from Symphony No. 4" by Kalinnikov, and "Porcelain" by Fresco.

Two light compositions include "Sunday Drivers" by Bernard Du Page and "Lassus Truhome" by Fillmore, the latter featuring the trombone section. The concert concludes with excerpts from Tchaikovsky's "Sixth Symphony."

## Wins Trophy

Farmhouse took both IFC scholarship trophies for winter term.

They had the highest fraternal average with a 2.91. They also showed a 34 improvement over fall term's average to win the improvement trophy.

In case of rain the concert will be held in the Aud.

OUTSTANDING ROTC SENIORS, Air Force Cadet Robert Altenhof, Lansing, right, and Army Cadet Douglas Smith, Plainwell, receive President's Cups from Dr. John A. Hannah, in Wednesday's annual spring commissioning ceremonies, as an honorary cadet watches. (State News Photo by Mike Denny).

## Annual Lantern Night Serenade Tonight

Tonight marks the 30th annual Lantern Night Serenade at MSU. Members of Mortar Board, Tower Guard and AWS will cover the campus and serenade the living units of senior honor women to be tapped.

Practice will be held at 9:30 p.m. in the Union ballroom. The actual serenade will begin at 10:30 p.m.

As part of the tradition, each living unit will receive as many lanterns as it has prospective honor women. Fifty senior women will be recognized for their outstanding college careers at Lantern Night Sunday.

Lantern Night was first introduced about 1930 by Mrs. Halliday, whose husband was Secretary of the State Board of Trustees. Because the Hallidays resided in Cowles House at the time of the first affair, it is a custom for the Lantern Night activities to be held in front of the President's home, out of respect to the founder.

Today, Lantern Night is sponsored by Mortar Board, Tower Guard and AWS. However, Mortar Board alone determines the 50 women to be honored, after petitions have been submitted from presidents of living units, house mothers, and heads of various organizations.

The women to be tapped are judged on the basis of scholarship and participation in campus activities.

The women representing the four classes will march around Circle Drive to gather in front of Cowles House. Once assembled there the 50 senior honor women will be named and the lighted lanterns, symbolizing respect, will be handed from the cap and gown seniors on down to the freshmen.

## Tax Collections Are All Time High

LANSING (AP)—Sales and use tax collections in May on April business were the highest for the month in history, the State Revenue Department reported Monday.

Collections for the month totaled \$30,513,363. This was \$3,027,000 above the same month a year ago, when combined collections totaled \$27,485,000, an increase of about 11 percent.

Clarence Lock, State Revenue Commissioner, said it also was the highest percentage increase of the year.

## Cats to Pad, Smashed

BEACONSFIELD, England (AP)—Two cats were found Tuesday in a curious condition—dead drunk—near a smashed crate of bottled beer which fell from a passing truck.

## MSU Briefs

### Banquet To Be Held

All Seniors of the Week will be honored at a banquet to be held Thursday at 6 p.m. in the Green Room, Union. President John A. Hannah will be the host at the banquet.

### Socialist Club

Mrs. Myra Tanny Weiss, Socialist Workers Party candidate for vice president, will speak on "The South's Message to the North," Thursday at 8 p.m. in 34 Union, under sponsorship of the Young Socialist Club.

### Viewpoint Returns

Viewpoint, popular WKAR discussion feature, returns to the air Thursday with repeats of programs heard during the regular academic year. With Major John Barron, AFROTC instructor, as host, the program presents members of the university's faculty. The program is in its fourth year of broadcasting. Viewpoint will be heard every Thursday at 7:30 p.m.

### MSU Park Club

Walter Priff, nationally famous naturalist and park man, will be honored at Wednesday's meeting of the MSU Park Club at the home of William Beckert, assistant regional supervisor, Michigan Department of Conservation.

### Fet Sign Up

Veterans should sign for checks by this schedule:  
K-O: Today  
P-S: Thursday  
T-Z: Friday

### Chairmen To Meet

All Activities Carnival chairmen of organizations who wish to participate in the carnival will meet in 31 Union at 7 Thursday night. If a representative is unable to attend, information may be obtained by calling Pat Dinan at ED 2-2519.

### AWS Needs Workers

Activities Board of AWS is organizing a master calendar of all women's events and activities on campus. To complete this by fall term a committee will be meeting during summer school. Anyone interested in working on this committee should contact Nancy Hanahn, ED 2-2557, or 101 Student Services.

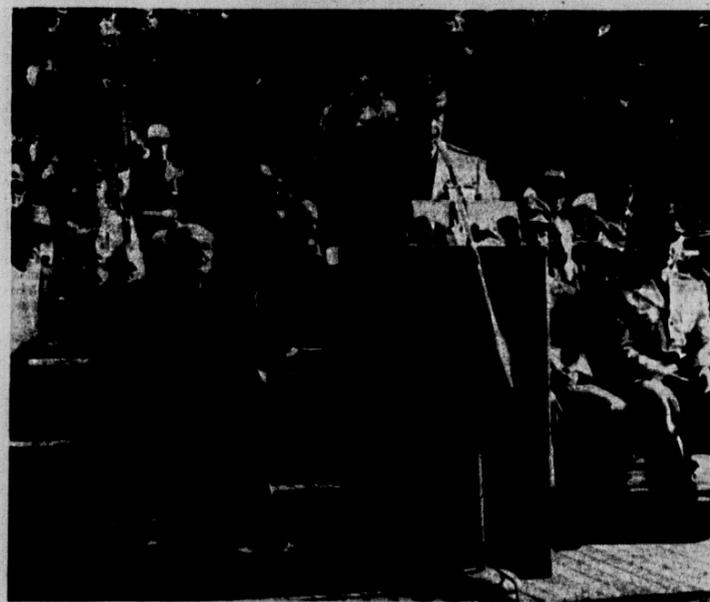

### Papers Available

Term papers written by Nat Sci 181 honors students are now available for return to students in 121 Natural Science Building.

### Society To Meet

The MSU Linguistic Society will meet at 7:30 p.m. Thursday in the second floor lounge of the Physics-Math Building. Miss Marilyn Vogt of the anthropology dept. will speak on "Communication Among Sub-Human Primates."

# Army, Air Force Cadets Receive Commissions

ANNUAL SPRING parade and commissioning ceremonies topped off the year for MSU's ROTC cadets at Old College Field Wednesday, when second lieutenants' bars were presented to 100 graduating seniors. Main address was delivered by Gen. Lyman Lemnitzer, Army Chief of Staff, who praised MSU's academic excellence and its "vital contributions to the national strength and welfare." (State News Photo by Mike Denny).

## Lemnitzer Cites MSU Excellence

By DON R. PEMBER

A clear blue sky, the militant sound of a marching band, and several hundred spectators were all present at Old College Field Tuesday afternoon as the ROTC departments presented their grand finale for the 1959-60 school year: the annual spring parade and commissioning ceremonies.

The Army Chief of Staff, Gen. Lyman L. Lemnitzer, was on hand to give the commissioning address and present second lieutenant commissions to 64 graduating seniors in Army and Air Force ROTC units. Thirty other cadets received commissions which will become effective this summer.

Following the invocation, given by Lt. Col. George Myers, chaplain, USAF, President John A. Hannah presented the President's Cup to the outstanding senior Army and Air Force cadets.

This year's recipients were Army Cadet Douglas Smith, Plainwell sr., and Air Force Cadet Robert Altenhof, Lansing sr.

Lemnitzer then gave the commissioning address in which he praised MSU for its academic excellence.

"Through its achievements in the educational field, Michigan State University is making vital contributions to the national strength and welfare," Lemnitzer said. "It stands among our valuable national assets."

MSU, by officially recognizing the importance of ROTC, he said, "is rendering a distinct service to the nation and to the individual students."

"If the United States should again be confronted by a national emergency," Gen. Lemnitzer said, "the men who have had the benefit of ROTC background will be called upon, just as in the past, to take a prominent part. I am certain that such men will find ample reason to be grateful for this instruction."

The General then said the graduating cadets that they would be performing an invaluable service to the country if they choose a military career or enter reserve components.

"The capability to mobilize our armed forces promptly and efficiently in time of emergency," he said, "is an essential element in our ability to meet the dangers which threaten our country and the free world today. Your contribution to this capability is one in which you can take great satisfaction."

Lemnitzer, assisted by Col. Merton E. Munson, PMSAT Army ROTC and Col. Thomas J. Barrett, PAS Air Force ROTC, then presented the cadets with their commissions.

Following the formal ceremonies parents and sweethearts partook in the ceremony of pinning the shiny gold bars on the newly commissioned second lieutenants.

The father of Cadet James H. Schwartz, St. Petersburg, Fla., senior, Col. James P. Schwartz, flew into Lansing from Ft. Leavenworth, Kan., yesterday to pin the bars on his son today.

Col. Schwartz, who is assigned to the Command and General Staff School at Ft. Leavenworth, was himself an ROTC graduate in 1935 from Cornell University.

CUBAN CROPS DAMAGED

HAVANA (AP)—Heavy crop damage was reported Tuesday in Pinar del Rio province after two days of rain in western Cuba. The area produces sugar, rice and tobacco. Rivers overflowed in Pinar del Rio, sweeping away numerous peasant lodgings and threatening sugar mills at San Cristobal. More than 80 persons were evacuated from the village of Manjuri.

## Dulles Keeps Secret of Spy Flight As Senators Probe Summit Failure

WASHINGTON (AP)—Central Intelligence Chief Allen Dulles balked Tuesday at telling investigating Senators what information the U2 spy plane was after when it was downed over Russia a month ago.

This was one of the few details newsmen were able to learn after Dulles had testified before the Senate Foreign Relations Committee for nearly six hours in an atmosphere of extreme secrecy.

At the end, Committee Chairman J. William Fulbright (D-Ark) stuck to his contention that it was unwise for President Eisenhower to "acknowledge responsibility for that flight, which Soviet Premier Nikita Khrushchev seized on to destroy the summit talks" in mid-May.

Fulbright, who gave newsmen the shimpiest of information on what went on behind the committee's guarded doors, insisted Eisenhower shouldered the responsibility because of what the committee chairman called questionable decisions by State Department and White House political officers whom he did not identify.

Earlier, Sen. Albert Gore (D-Tenn.) let it be known he had pressed Dulles as to why the U2 flight was deemed so important only two weeks before the summit meeting was to open in Paris.

When Fulbright was asked if the committee received a report on the purpose of the controversial spy mission, the chairman replied: "We did not, Mr. Dulles said he did not care to comment on that."

Asked what he felt the decision of Eisenhower to assume personal responsibility for the U2 flights might do in the future to the conduct of the Presidency, Fulbright said:

"I would hope that future Presidents do not feel themselves to be bound by this precedent for taking responsibility for all the activities of the CIA."

He added that "it is premature to say positively there are no reasons which might be a justification for Eisenhower's decision."

He read a prepared statement, but didn't furnish copies even to the senators who heard him. The hearing room was combed in advance to make sure no microphones or other listening equipment had been planted.

Lawson was dismissed last March for his role in lunch counter sit-in demonstrations here. Several members of the Divinity School faculty protested his dismissal at that time and had been working quietly, they said, to gain his readmission this summer.

The Divinity School has 16 faculty members. Two of them had resigned earlier. Two of the remaining members have indicated they plan to remain at Vanderbilt.

Fourteen divinity school students said they had quit school and three who graduated Sunday said they were returning their diplomas.

Chancellor Branscomb said he had refused to authorize the return of Lawson unless the matter was referred to the University trustees.

Lawson, meantime, has indicated he may accept an invitation to enter Boston University's School of Divinity.

Vanderbilt, an 85-year-old institution which prides itself on its high scholarship, recently dedicated its Divinity School, built at a cost of \$1,300,000.

The University was named for Cornelius Vanderbilt, a New York shipping and railway magnate, who gave a million dollars to start the University. It operated until 1914 under auspices of the Methodist church but now is non-denominational.

## Faculty Quits In Vanderbilt Race Issue

NASHVILLE, Tenn. (AP)—A race issue has virtually stripped the faculty from Vanderbilt University's new, million-dollar school of divinity.

Dean J. Robert Nelson, Assistant Dean James Sellers and eight other members of the faculty resigned Monday to Chancellor Harvie Branscomb. They protested Vanderbilt's failure to readmit the Rev. James Lawson Jr., a dismissed Negro student, to summer classes.

Lawson was dismissed last March for his role in lunch counter sit-in demonstrations here. Several members of the Divinity School faculty protested his dismissal at that time and had been working quietly, they said, to gain his readmission this summer.

The Divinity School has 16 faculty members. Two of them had resigned earlier. Two of the remaining members have indicated they plan to remain at Vanderbilt.

## No Record! 579 Dead

By THE ASSOCIATED PRESS

Traffic 357  
Boating 48  
Drowning 77  
Miscellaneous 87  
Total 579

The death toll from traffic accidents across the nation during the three-day Memorial Day weekend narrowly missed setting a new record for the holiday.

The final count of 579 was only 4 under the record 583 traffic deaths counted during the 1958 three-day holiday.

But the over-all toll of 579 deaths including traffic and those resulting from boating, drowning and miscellaneous accidents, far surpassed the previous Memorial weekend record of 504 set in 1947.

The National Safety Council had estimated before the start of the holiday at 6 p.m. Friday that 375 lives would be lost in traffic accidents alone before the holiday ended at midnight Monday.

## Gursel to Quit Office in Turkey

ANKARA, Turkey (AP)—Lt. Gen. Cemal Gursel declared Tuesday night he will not be a candidate in the elections he has promised Turkey.

The acting President and Premier, who took over the government after last Friday's army coup against the 10-year authoritarian rule of Premier Adnan Menderes, told a news conference also that the ousted Democrats will be allowed to compete in the elections.

Asked if he himself would run, the big white-haired general replied emphatically, "Youk" (No).

"My intentions are to lead the country to the point of elections. When the electoral rolls and the new constitution are completed all political parties will have the same rights, and the people will take over. After that I shall retire and lead the life of an ordinary citizen."

An Army spokesman in Istanbul said a full report will be released on the results of an investigation into possible misuse of funds by Menderes' regime.

"You will be astonished when you learn what they did," said the spokesman, Maj. Ahmed Yildiz.

Another officer said an attempt was made after the coup to arm some followers of Menderes with the apparent purpose of rescuing him.

About 95 former deputies were arrested Sunday. Also arrested was Nispet Yirceli, who held several posts in the Menderes government and took over leadership of the Democrat party after the coup.

Many detained have been transferred from the War College to an island in the Sea of Marmara to prevent any rescue attempts.

Turkey seemed gradually returning to normal. The Army has lifted all restrictions on the press, which was under severe curbs when Menderes headed the government.

The Soviet Union, India and Iraq were among countries recognizing the new government Tuesday. The United States, Britain, Nationalist China, Pakistan and South Korea are among previous ones.

Moscow radio, announcing the Soviet recognition, said Russia appealed for an improvement in neighborhood relations with staunchly pro-Western Turkey. Moscow has charged that the American U2 spy plane brought down in Russia May 1 was based in Turkey. Monday in Moscow Soviet Defense Minister Dorion Malinovsky said orders had been issued to the rocket forces to make strikes against such bases in event of future violations of the air space of the Soviet Union or its allies.

LT. GEN. GURSEL

## Seniors of the Week

## Revised University Calendar, Spring Term, 1960

June 7-11 Tuesday through Saturday, 9:45 p.m. - Final Examinations.  
June 12 Sunday - Commencement.

## Revised Final Exam Schedule, Spring Term, 1960

The last day of classes for Spring Term is Monday, June 6. All final examinations will be given in accordance with the following schedule. The time of the examinations in the Basic College Courses is given below. Examination rooms will be announced by the instructor during the last week of classes.

**Communication Skills** Tuesday, June 7, 10:15-12:15  
**Natural Science** Wednesday, June 8, 10:15-12:15  
**Social Science** Thursday, June 9, 10:15-12:15  
**Humanities** Friday, June 10, 10:15-12:15

The time of examinations in sections other than Basic College courses is determined by the days and the time the class is scheduled during the term. Examinations will be given in the same classrooms used for class meetings during the term.

If at least two of the days and hours follow the regular pattern, all students, instructors, and room schedules will automatically clear. In a few courses, at the request of the department concerned, the final examination has been scheduled by the single hour lecture section, and in some instances students may encounter conflicts. In that event, the examination scheduled by the class meeting two hours each week will take precedence over the examination scheduled by the single hour lecture. The examination will be arranged between the student and the department requesting the special scheduling of its examination.

All instructors having examinations from 8-10 a.m. and from 1:30-3:30 p.m. are requested to terminate their examinations promptly so that rooms and buildings may be cleared for the examination periods which follow.

## Pasternak Services Set

MOSCOW (AP)—Boris Pasternak will be buried Thursday in the graveyard of the Russian Orthodox church near his country home outside Moscow, his family said.

Thus the noted poet, novelist and translator, an Orthodox convert of Jewish origin, will be laid to rest in the Russian land he loved despite the political storm created by criticism of Communism in his novel "Doctor Zhivago."  
Pasternak died in his sleep Monday night at the age of 70. The Moscow press and radio ignored Pasternak's death.

The Union of Soviet Writers expelled Pasternak as a traitor in 1958 after his book was published abroad. It was never published in the Soviet Union.

Food Distribution Talks Set

A veritable Who's Who of the nation's \$72 billion food industry will meet at Kellogg Center Friday and Saturday to discuss programs in food distribution at MSU.

Organized as the National Business Advisory Committee for the programs in food distribution administration at MSU are key personnel from manufacturing establishments, trade associations, publishing houses and other organizations.

Dr. John A. Hannah will present certificates of membership to the 35 members of the committee at 8:15 p.m. Friday in the Centennial Room of Kellogg Center.

"Since their initiation 10 years ago, the programs in food distribution at the university have enjoyed total industry support through the imaginative leadership of the National Association of Food Chains," according to Dr. Edward Barnet, director of the programs. "However, this is the first time that the university has obtained direct, personal support and contact with representatives of all facets of the industry."

Discussion Hour Series Planned

A coffee hour open to all will be held today at 3 p.m. in the Honors College Lounge. Stanley Sheinbaum, instructor of economics, and Archie Singham, instructor of political science, will discuss informally the issues relating to foreign aid.

This will be the first of a series of coffee hours in which faculty members with differing viewpoints will meet together in an informal manner to discuss important issues. Discussion can be both interdepartmental and intercollege and may relate to any of the disciplines.

## Special Registration

A special registration will be held Thursday and Friday for students who plan to enroll in the following field work courses: Accounting 433; Civil Engineering 250; Fisheries and Wildlife 430 and 502; Forestry Camp (Dunbar) 304, 321, 347, and 349; Marketing and Transportation Administration 468; Geology 344; Health, Physical Education and Recreation 402; Hotel, Restaurant and General Institutional Management 151, 252, 253, 506, and 510; Resource Development 350 and 351; Medical Technology 400; Music Therapy 400; Police Administration 490a and 490b; Social Work 597, 211, and 598; Nursing 403b; Personnel and Production Administration 468.

After obtaining enrollment cards from their dean's office or academic advisers, students could report to the Registration Office, 113 Administration Building, where packs of registration cards may be picked up and fees paid.

**Student Insurance**  
Interviews will be held Thursday and Friday for the student insurance representative handling claim payments for Higham, Nelson, Whitridge and Reid.

The representative, a paid position, will spend three days training in Chicago. He will be expected to spend two hours a day on the job.

Appointments for interviews can be made by calling Sherry Nelson, ext. 2631.

## Tribes' Piersall Fined for Behavior

CHICAGO (AP)—Centerfielder Jim Piersall of the Cleveland Indians was fined \$250 Tuesday by American League President Joe Cronin for his umpire baiting and behavior in Comiskey Park Monday.

The intense Piersall was banished from the first game with

the Chicago White Sox. After stealing second base in the third inning, he began harping at plate umpire Larry Knapp, who had called two strikes on batter Harvey Kuenn.

He finally was ordered out of the game by second base umpire Cal Drummond after a violent argument.

At the end of the second game, Piersall got in dach with Sox president Bill Veeck for throwing a ball against the big electronic scoreboard in centerfield. The light-flashing, bomb ejecting board is Veeck's pride and joy.

## Worst 500 Accident Source of Concern

INDIANAPOLIS (AP)—Speedway owner Tony Hulman said Tuesday he is considering a ban on private scaffold stands like the one that fell Monday, killing two race fans and injuring 82.

The topping of the nine-tiered, pipe-and-plank stand at the start of the 500-mile race is the worst spectator accident in the 51-year history of the Indianapolis Motor Speedway. The deaths were the first among spectators since 1938. Through the years there have been nine.

The responsibility clearly lies with the persons who constructed the scaffold," said Edwin Steers, Indiana Attorney General. "It was a bootleg operation, there was no request for a building permit from the town or speedway or Marion county."

The stand was erected on a 2 1/2-ton flatbed truck by Fred Linder, 36, Indianapolis, one of the dead, and Wilbur Shortridge of Indianapolis one of the three injured critically.

The men had sold seats on the scaffold at \$5 to \$10, although some seats in the Speedway's grandstands and bleachers were available before the race at about the same prices.

"This one that fell was not necessarily the tallest, but it was the biggest and held the most

**SQUIRMING SPECTATORS** ride falling tubular lower to the ground at Indianapolis, Ind., Speedway. The dramatic picture was made by Park Randall of the Indianapolis News. Hats of some of the victims fly through the air. More than 50 persons were injured, and two men were killed. The stand of aluminum tubes was erected by a truck for persons who didn't have grandstand seats and was privately owned.

## Hitting a Lofty .354

## Joe Adcock Grabs NL Batting Lead

NEW YORK (AP)—Joe Adcock, Milwaukee's fence-buster who has recorded several "firsts" during an 11-year career in the majors, Tuesday held first place among National League batsmen with a .354 average.

In third place a week ago, Adcock gained five points in last week's action with seven hits in 19 tries. The Braves' first baseman has hit higher than .300 only once in the big leagues. That was in 1954 when he finished at .308.

Adcock's batting lead does not

give him much breathing space. Roberto Clemente of Pittsburgh is only a point behind at .353. Clemente is followed by Bill White of St. Louis .349 and Willie Mays of San Francisco .348. The figures include Monday's games.

Clemente, who led a week ago, dropped 19 points with only four safe blows in 19 at bats. White climbed eight points with a 9-for-23 performance while Mays moved up three notches to fourth place on a seven-point increase resulting from 12 hits in 32 trips.

# Frosh Squad Impressive At AAU Track Meet

By JOHN SCHNEIDER

Stu's freshman track squad loosened its muscles this past week and established five new records at the Michigan AAU held at Kalamazoo on Ralph Young Field.

Don Voorheis, who was state class "B" champion in the 100-yr. dash, established two freshman records in the 100 at Kalamazoo with a time of 9.9 seconds. In the Preliminary, the Frankenthuth flash was clocked in 9.7, making the old frosh record set by Zach Ford in 1935.

In the 220-yard dash, Voorheis won the event in a time of 21.1 seconds. Again Voorheis had tremendous time in the preliminary heat with a bounding 20.9 time, which not only breaks Ford's record of 21.0, but is the second best time recorded this season in the nation by a freshman runner.

Bernie Williams placed fourth in the 100 with a time of 11.2 and third in the 220 in 21.6.

Bill Alcorn, who was the state pole vault champion in 1959, soared to a new record high as a freshman in the pole vault, breaking his own mark. The Birmingham vaulted cleared a height of 13'8" for the record. This vault enabled him to finish in a first place tie at the AAU.

On last Friday at Young Field, two relay marks were set. The 440 relay squad, composed of Bill Boyd,

Larry Sharon, Williams and Voorheis, chopped .7 seconds off the old mark as they sprinted the quarter-mile in 42.8 seconds. The old mark was set in 1925.

The same quartet broke the 800 relay record set in 1938 of 1:30.4 by circuiting the distance in 1:29.5.

In other action at the Michigan AAU meet, Bill Mann placed third in the High Hurdles and Tom Peckham finished fifth. Mann's time was 14.9 seconds.

Bill Green sprinted to a fourth place finish in the 440 with a 51.9 time.

In the distance races, Orlan Larson placed fourth in the six mile event, completing the race in 32:50.6. Larson also placed fourth in the 3-mile run with a time of 15:52. Frank Keaver picked up a second in this race as he ran the distance in 15:21.6.

Tom Peckham finished in fourth place in the high jump with a leap of six feet. Jim Roe was sixth in the same event when he cleared 5' 10".

Nonny Akpata, MSU sophomore, won the broad jump with a spring of 24' 5 1/4", his best leap this season. Two freshmen placed in the broad jump. Roe finished fifth and Jerry Michell was sixth.

Jim Gregart heaved the discus 137' 3" to finish in that event.

Tony Kumegia, competing unattached since he is ineligible, won the Javelin as he hurled the spear 187' 7".

# Kleinmans Gains First in IC4A Meet

Mike Kleinmans finished in a four way tie for first place in the pole vault event at the IC4A championships held Friday and Saturday at Villanova.

Kleinmans vaulted fourteen feet in a driving storm, and almost cleared 14' 6", but missed when his elbow nicked the bar.

Wale Atterberry had the best time in the 440

preliminaries with a 47 second time, but pulled up lame in the 220 prelims. Coach Fran Dittrich withdrew the Spartan speedster in order to assure that he will be ready for the NCAA meet to be held at Berkeley, California, on June 16-17.

In the three-mile run, Billy Reynolds finished seventh with a time of 14:20, with Gerry Young 15 seconds behind in ninth place.

# 500 Winner Gets Purse Of \$110,000

INDIANAPOLIS (AP) — Jim Hammann received a record \$110,000 for his hard-won victory Monday in the 44th 500-mile auto race.

The previous record had been \$68,500, won last year by Rodger Ward, who fought a hub-to-hub duel with Rathmann until the last 10 miles by falling tire.

The total purse, also a record, was \$387,850, compared with \$275,000 in the previous year's high of \$28,100.

In addition to the big check which car owners Kenny and Paul Lacey of Dallas will receive \$50-60 percent, Rathmann receive the expensive pace car and a long list of special prizes.

Only two minor changes were made in the official standings of the Memorial Day race.

# Patterson Lets Up in Training

NEWTOWN, Conn. (AP) — After four straight days of intensive training, Floyd Patterson took it easy Tuesday.

The challenger for the heavyweight title ran and walked seven miles in the morning and called it a day. He strolled around the countryside in the afternoon.

Patterson plans to stay out of the ring today. On Thursday he will resume hard work. He said he still weighed about 192 pounds and wanted to hold as much of the weight as possible. Patterson gets his return shot at World Heavyweight Champion Ingemar Johansson at the New Grounds, June 20.

# Titans Get Big 10 Stars

NEW YORK (AP) — The New York Titans of the American Football League announced the signing of two former Big 10 players, James Reese of Minnesota and James Rowland of Ohio State. Both completed their college eligibility a year ago.

# Yawkey Admits Bosox 'A Lousy Ball Club'

BOSTON (AP)—Boston Red Sox owner Tom Yawkey admitted that he has "A lousy ball club" but expressed confidence in manager Billy Jurges and denied any managerial change in planned.

Yawkey even indicated that he may move the ball club from Boston.

"Just remember," he said in one of his rare interviews, "I've got the last word. I always have the last word. I've got an ace in the hole. And I'll use it if I have to."

He didn't expand on it, but veteran observers took it as a veiled threat he may move the club if the sports writers didn't quit riding the club.

Yawkey made a surprise appearance before reporters shortly after he and general manager Bucky Harris issued a prepared statement denying reports that Jurges may be on his way out

as manager of the slump-ridden Red Sox, and aging slugger Ted Williams was on his way in.

Published reports had it that was the case.

"We've got a lousy ball club," Yawkey said. "We were picked to finish, what, sixth, seventh, eighth? We were going pretty good for a while. Before this last trip. We're not that bad. But there were some elements that didn't help a bit."

"Just remember I've got the last word."

He expressed a belief in the freedom of the press, then said:

"Sometimes it goes beyond the bounds of human dignity and reason. I don't put up with it. I don't have to."

# AGR Upsets Lambda Chi For Fraternity Championship

AGR scored three times in the last half of the final inning Tuesday to upset Lambda Chi 7-6, for the Fraternity Softball championship.

Gary Rutruff, Lambda Chi's pitcher, brought about his own downfall by walking across the winning run in the fifth. His wildness led to 10 walks, which played a major role in the AGR victory. Rutruff struck out eight.

Phil House was the winning pitcher, allowing six hits while walking only one.

In a real slugfest, West Shaw 4 outscored Emmons 3, 20-14. Jerry Meyers slammed two home runs for the losing Emmons team. The wild game saw 26 hits and 13 walks.

Emmons 5 scored nine times in the first two innings and then

held on to win over East Shaw 4 by a 9-4 score. Roger Jonas was the winning pitcher for the Emmons squad. East Shaw's Gary Forbes suffered the loss. The Emmons nine had seven hits during the contest.

## Pre-Occupied Drivers Cited for Accidents

Preoccupation appears to be replacing precaution on the part of MSU drivers, according to the results of a study covering six months of accident experience.

Completed as a project in an advanced driver education course, the study covered 91 reported traffic accidents occurring in the East Lansing-campus area involving students and faculty from July through December of 1959.

"Preoccupation" as a significant basic cause in a majority of these accidents was reflected in a number of ways. More than 70 percent of the accidents were rear-end collisions resulting from driver inattention to the car ahead. Of the 44 traffic tickets issued to the drivers in the 91 accidents, 26 were for failure to stop in the assured clear distance as a result of speed too fast for conditions, and seven for failure to yield the right-of-way.

In interviewing 34 of the 91 drivers involved, the general reaction was that the driver could have avoided the accident regardless of his guilt or innocence. Concern about studies, dates, baby-sitting problems, bills, and football games were just some of the things the drivers had on their mind immediately prior to the accident.

One driver reported that he dropped a cigarette in the car and took his eyes off the road to look for it. As he did so, the car swerved to the right and sideswiped the car in the next lane. Another driver claimed that he failed to see any cars in front of him although there were between 10 and 15 cars stopped at that location waiting for a train.

The most tragic one was the driver who took his eyes off the road to free his baby son's foot from the car seat. As he did, the car veered to the right and struck a tree, resulting in the death of his wife and son.

Of the total 91 accidents, 47 occurred in business or shopping districts, 40 in residential dis-

tricts, three in school zones and one on the open highway (fatal). The two intersections, Michigan at Harrison and Grand River at MAC, were the high accident locations with six accidents at each. The Grand River at Haslett intersection ranked next with five accidents.

More than a fourth of the accidents occurred on Saturday, Tuesday and Friday together accounted for another third. The highest accident frequency time was from 5 to 6 p.m. and second highest was noon to 1 p.m. The only hours in which no accidents were reported in East Lansing were from 4 to 6 a.m.

Eighty-seven students and 14 faculty members were involved in these accidents which consisted of 73 property damage, 17 nonfatal injury and one fatal accident.

The actual property damage costs of these accidents amounted to almost \$30,000.

### Loan Guaranty Activities Slump

Its totals practically complete, the GI Loan guaranty program for World War II veterans starts off its next to last month of life today.

The present law expires July 25, 1960, although Korean veterans have until 1965 to take advantage of their loan benefits. Fifteen years of GI home loans have enabled veterans in this state to purchase 224,779 homes with a mortgage value of \$1,957,833,604.

In the first four months of 1960, only 2,082 VA guaranteed mortgages have been closed in Michigan.

At one time—in 1951—home loan applications were running 3,000 a month, but in April of this year, they dropped to a low of 531.

## Summer Seminar Dates Announced

Information on the summer Washington-United Nations Seminar, co-sponsored by the National Education Association and the National Council for the Social Studies, is available from World Affairs Continuing Education, 403 Liberty. The seminar will be held June 20 to July 22 in Washington, and July 25 to July 29 in the United Nations in New York City.

The seminar includes visits to numerous governmental agencies, meetings with top-ranking officials, and evening cultural and social events. The cost is approximately \$250 for the Washington session, and \$60 for the New York-United Nations session. Some scholarship assistance is available. Anyone in the field of education, active or retired, is eligible for seminar membership.

### Dietary Personnel To Study Problems

A new program dealing with administrative and management problems of dietary personnel will be offered employees of state institutions and general hospitals June 2-3 at the first annual Food School for State Institutions at the Kellogg Center for Continuing Education.

## Community Is Served by APO

Have you ever wondered who put the sign in the middle of your favorite street but across the campus grass? The sign, and many others like it, was put there by members of the Beta Beta chapter of Alpha Phi Omega, national service fraternity.

Alpha Phi Omega is composed entirely of former scouts. The activities of these men are founded on the traditions and principles learned from this service activity.

The three guiding rules of Alpha Phi Omega are service, leadership, and fraternalism. Service is defined as service to the university, to the community, and to the nation.

The chapter is noted for such service projects as conducting the fall blood drive, the "Save Our Grass" campaign in the spring, ushering at basketball games, running Spartacade coat check, and messenger service at the Health Center, among many other projects.

Although service is the primary function of Alpha Phi Omega, the fellowship resulting from common interests has led to such activities as the Ugliest Man on Campus contest and dance, work weekends at Camp Kiwanis, discussions led by guest speakers, and many square dances.

Beta Beta chapter is one of Alpha Phi Omega's more than 200 chapters throughout the nation.

Alpha Phi Omega plans to conduct an active membership drive next fall. Any men presently interested may contact Olsen at ED 2-6521.

**Dual Filter does it!**

**Tareyton**

Filters for flavor as no single filter can

**NEW DUAL FILTER Tareyton**

HERE'S HOW THE DUAL FILTER DOES IT:

1. It combines a unique inner filter of ACTIVATED CHARCOAL... definitely proved to make the smoke of a cigarette mild and smooth...
2. with a pure white outer filter. Together they select and balance the flavor elements in the smoke. Tareyton's flavor-balance gives you the best taste of the best tobacco.
