## Swainson Tells State Lawmakers He'll Get Action

Over Corn Production

## K Calls Comrade a Liar

MOSCOW, (AP) — Premier from thousands of miles away has bawled out the farmland in the office of communist-party chief in the days. The suggestion could cost grain-producing Ukraine have a tremendous effect on growing about corn production, because Soviet agriculture minister, "you will pay for this decision."

The Premier then suggested Wednesday's strong action of the farmers be taught to operate the Central Committee of the Soviets and combines in Communist Party newspaper, "Importing professionals," Thursday.

## Yankees Defeated By Cuba

HAVANA, (AP) — Cuba informed Tuesday from the lack of receiving a "Yankee Invasion" that never came to planning a four-parade to demonstrate support for Prime Minister Fidel Castro's revolutionary government.

Propaganda organs abruptly stopped warnings of the US invasion freely predicted in Cuba. Instead they concentrated on rallying a massive crowd to a march to the presidential palace tomorrow night. Whether Castro will address the crowd is still not certain. But while here are quite sure that if he does, he will assure that the "aggressors" to the north have been frightened away once again. Credit will go to the two-week mobilization of the workers men and soldiers backed by a heavy supply of Czechoslovak and Soviet weapons.

Fewer armed men—and women—appeared on the streets of Havana and other cities today. The Malecon seawall drive in Havana, heavily guarded during the mobilization, is still closed to the public but is almost barren of soldiers and militiamen. Many of its Czech tank and antiaircraft guns appear to have been withdrawn.

**THE CENTRAL COMMITTEE** whose secretary has ordered a strict overhaul of the Agricultural Ministry, continued its meetings Thursday on methods of spurring farm output.

Khrushchev's outburst came after Nikolai Podgorny, first secretary of the Ukrainian Communist Party, reported that despite bad weather the Ukraine had produced 183.75 million bushels of corn. A tonner is about 110 pounds.

"I am sure, Comrade Podgorny," Khrushchev declared, "that the figures you give are only half the harvest and the other half was stolen in the field."

"You are right, Nikita Sergievich," replied Podgorny, who himself is a member of the party's ranking body, the Presidium.

"Then why do you try to conceal it?" Khrushchev demanded.

**PODGORNY** said last Saturday he was doing his job. He also claimed there was a lack of equipment and fertilizer.

Khrushchev retorted:

"Such an explanation for a low corn harvest is absolutely untrue. Why can I say? First, I know how to grow corn and secondly, it is impossible to grow 183.75 or 175 bushels per hectare (22½ acres). The ground cannot yield less than 35 to 40 bushels per hectare under your conditions. That is why if one says the harvest was less, it means the corn was either stolen or it just grew a little."

Podgorny said that as the result of a drought much of the corn was cut off before ears and stems turned green paddies.

**KHRUSHCHEV** exploded: "If we even will not make ears, it will not keep for green fodder either. It is too dry. This was evidently just a pretext to eat more corn."

Podgorny went on to admit many other agricultural sins and charged that the Central Committee of the Ukraine was taking steps to correct them.

But Khrushchev charged that the corn figures had been deliberately falsified, and warned:

"Do not deceive yourself. Do not mislead collective farmers and workers of the state farms, because you all will pay for this lack of leadership."

Unlike presidential administrators, he said, communists rarely have terminal dates.

Next Tuesday night, Eisenhower will make a farewell radio-TV address to the nation, starting at 9:30 P.M. EST.

SWAINSON GIVES FIRST STATE MESSAGE

## Legislators Say They Will Support New Governor

Gov. John H. Swainson's state message was definitely more established for higher education of the state than those of the past rather than the scholarship plan. Michigan legislature was apathetic. "I hope his actions will speak for themselves well by legis-louder than his words," Green, Rep. G. F. Montgomery, leaders of both political parties, said. "At any rate I am anti-Democrat" said that Swainson emphasizes D. Beadle's report which he pro-phasized mutual concern for Franke D. Beadle (R-S) in making later on the tax both parties rather than uniting him with the political influence of his party would do every Rep. Reimer Van Tiel-Holmes said that he was not. Sen. Leon D. Francis (D-S) said that Swainson spoke in general terms and said he would be waiting to see Swainson's initial program of \$100,000 each.

A summer emergency education program for children of migrant farm workers during 1961 in an experimental basis was proposed by Swainson.

In the area of environmental controls, Swainson advocated several programs, among them, course in elementary education in the state of Michigan, responsibility of the local community, not the state. Van Tiel before commenting further.

Rep. Allison Green (R-Kings) said that Swainson's message indicates that a revolving loan fund be estab-

lished to help Swainson's scholarship program and budget.

Sen. Philip Rabot (D-Monroe) believes that this

will be a great governor.

Rabot is behind Swainson's scholarship program and has been a strong advocate of it for a long time.

The most important part of Swainson's message was his message, Beadle said, "was to elementary education that he recognized the need for a

responsible education in the state of Michigan, responsibility of the local community, not the state. Van Tiel before commenting further.

Rep. Allison Green (R-Kings) said that Swainson's message indicates that a revolving loan fund be estab-

Van Tiel also recommended that a

Lecture-Concert Series Presents Erroll Garner

Pianist Erroll Garner, the by bassist Edward Calhoun and Dennis of Jazz," will appear percussionist Kelly Martin. The

in a Lecture-Concert special Tuesday at 8:15 p.m. in the Auditorium. Garner will be accompanied by the noted vibraphone, S. Huron.

Music critics have found influences of the French Impressionists, Ravel and Debussy, in Garner's work though the pianist did not even hear recordings of these artists until four years ago.

The French Academy of Arts awarded Garner the Grand Prix du Disque two years ago.

A self-taught artist, Garner took up the piano when he was three years old and began playing professionally when he was seven.

His "Concert by the Sea" received the Brazilian "El Glorioso" award as the best album of 1957.

He has won other awards from Esquire, Down Beat and Metronome magazines.

Garner's performance Tuesday does not come under the regular L-C series. Tickets may be purchased at the Union Ticket office.

## But Negroes Still Out

## Segregation Ends at U. of Ga.

ATLANTA, Ga. (AP) — A federal judge dealt a killing blow to Georgia school segregation laws yesterday but took no action to return two Negro students to the state university from which they were whisked away by order of the Governor after campus rioting Wednesday night.

Judge W. A. Bootle in a fast-thinking decision invalidated the state appropriations act ban against the use of tax money for the support of an integrated public school of college.

He continued or effect an injunction issued Tuesday against Gov. Ernest Vandiver and other state officials which had kept them from closing the University of Georgia by cutting off funds. Vandiver had planned a temporary shutdown for legislative session of the fund cut-off law.

Bootle said the funds cut-off provisions of the state statutes were patently unconstitutional and that similar laws had been struck down time and again in other southern states.

The new decree of Bootle who last week brought on a

I urge most serious consideration to granting more funds to the University of Michigan's Institute of Science and Technology," Swainson said.

The current success of this institute is concrete evidence that it is increasing future employment opportunities," Swainson said.

Swainson, who met with Price members John Kennedy. These said that Kennedy has promised to give no attention to Michigan's economic situation.

Swainson recommended extending the medical assistance program for the aged and lowering symbolic contributions for medically needy persons.

In THE area of human rights, Swainson recommended more protection against discrimination in making plans, administering education, job placement.

The annual budget problem in the state was attacked and Swainson is asking additional economy and automation.

"Upon completion of a study by the Michigan Foundation, I am going to recommend a minimum wage of \$1.20 an hour," he said. "I am going to ask the legislature to increase the minimum wage to \$1.25 an hour." He also wants to eliminate the minimum wage of \$1.20 an hour.

Swainson also proposed a minimum wage of \$1.20 an hour. "I am going to ask the legislature to increase the minimum wage to \$1.25 an hour." He also wants to eliminate the minimum wage of \$1.20 an hour.

Kennedy has available to him a special staff review of the inauguration speech of his 33 predecessors. Not many got high marks from the press.

A minimum wage of \$1.20 an hour would be honored in the state of Michigan, according to the study by the Michigan Foundation.

Swainson also wants to increase the minimum wage to \$1.25 an hour. "I am going to ask the legislature to increase the minimum wage to \$1.25 an hour." He also wants to eliminate the minimum wage of \$1.20 an hour.

The study being prepared for Kennedy to deliver on the capital steps Jan. 20 is certainly intended to qualify for this select company. Kennedy already has worked over several drafts of portions of it, it was understood.

Kennedy's headquarters was obviously pleased with the immediate reception and later editorial comment which greeted Kennedy's first speech as President-elect, to the Massachusetts legislature Monday evening.

In this 11-minute address, promising that the honor of his administration will be "mortgaged to no single individual or group," Kennedy showed he can be impressive when speaking on such well-worn themes as courage, judgment, integrity, and dedication.

## Student Congress Needs Organization and Foresight

It would seem apparent that organization and foresight are necessary ingredients for the successful operation of any governmental body, and the performance put on by the student congress of AUSG Wednesday night supports this observation.

A proper consideration of legislation is not possible, either, when motions and new motions are presented in such abundance that members find themselves in the position of not being able to follow them without a clarification from the speaker.

Over twenty minutes of this parliamentary maneuvering occurred last Wednesday night on an attempt to bring the library checkout resolution out of the Organizations committee.

DURING this maneuvering it also became apparent that the Organizations committee has no organization of its own. One member told congress the committee had decided to report the resolution out favorably, and another member said they had decided to return an unfavorable report.

One committee member said he and other members had visited the library and discovered that the library had a new plan in mind already. How they could have discovered this without talking to the director of the library is extremely difficult to see.

The summary given by one committee member that "the committee is in turmoil" seems like an understatement. However, to say this "turmoil" is confined to one committee would be rather inaccurate.

## Colleges Urged to Place Stronger Emphasis on Role in World Affairs

WASHINGTON, D.C.—U.S. colleges and universities today were urged to place new and stronger emphasis on the roles they play in world affairs and international understanding.

A report published by the Ford Foundation said that whether the new nations of Africa and Asia turn to totalitarianism or democracy is "an educational question as well as a social, economic and political question."

The report was drafted by a nine-member committee drawn from universities, foundations, business and government. One member was Dean Russ, chosen by president-elect John F. Kennedy to be secretary of state.

—A new approach by both the institutions of higher learning and the federal government.

Colleges and universities should, in their sights above the traditionally domestic or western orientation of scholarship and training,

## Development Fund Aids University

By SUE PRICE

Each year Michigan State grows a little more; a new classroom building, a dorm, an engineering hall are a few of the expansion projects now under construction. These projects are taken care of by legislative appropriations, gifts, and grants from foundations and selfliquidating funds. However, there are some needs which cannot be taken care of by these means. For additional needs, the MSU Development Fund gives aid.

The Development Fund, begun in 1949, annually asks contributions from alumni and graduating students. Senior council annually undertakes to raise money for the fund.

THE FUND ACTUALLY had its beginning in the 1920's. At that time alumni were encouraged to donate to the fund to build the Union. Thousands of contributions were received and alumni and students helped to dig out the basement under the oldest part of the Union.

Little more was done until shortly after World War II, when funds were requested for the construction of the Alumni Memorial Chapel. The chapel, completed in 1952, is a living memorial for MSU students and faculty who died defending the United States.

During the drive for chapel funds, the need for an organized group became apparent. On April 21, 1949, the Roll Call, which was changed to the MSU Development Fund in 1956, was founded.

The fund today is a department of MSU, headed by Robert Toll. The Board of Trustees

Campus Chest, a student supported charity, is an organization sponsored by AUSG, and, as such, the drive is the responsibility of AUSG.

THIS YEAR'S chest drive was to include a door to door solicitation in all the dormitories. It now appears, though, that this will not be possible in several of the dormitories because dorm constitutions prohibits door to door soliciting.

With the drive scheduled to begin in a little over two weeks, we can't help but wonder why this matter had not come to congress' attention before.

The point was made by one congress member that at a recent student-faculty resource board meeting, several student members of this committee did not have the information available to keep the discussion moving at all times. Is this the foresight that marks a good legislative body?

FOR SEVERAL members at least, the high point of last Wednesday's meeting was a two and a half minute farce over a motion to recess for five minutes.

This must have been the evening's fun for these high spirited members, for they cleverly voted "yes," "no," and abstained on the same voice vote.

It is possible, however, that the meeting was not as pathetic as it might have been had all the members been present.

With absences and many resignations, however, only about two thirds of the chairs were filled at this meeting of the student's representatives.

### Letters to the Editor

## On HUAC, Spelling and Moore

To the Editor:

I am answering Bob Williamson's letter to the State News with the single hope that some light can be shed on the question of the House Un-American Activities committee.

Along with many Americans I feel that the HUAC ought to be abolished. The fact that any one single group (of whatever nature) supports its abolition is irrelevant.

To tag something as a Communist-inspired movement is a demagogic move to destroy a legitimate movement that has the support of a number of civic and church groups, members of the Democratic party, civil libertarians, and members of Congress.

ONE MIGHT with equal justification say that the support for the continuation of the HUAC is questionable because it has the strong backing of certain American Nazis. Recently at a demonstration in our nation's capital, there was a series of demonstrations both for and against the committee.

Among those campaigning for the continuation of the committee was the American Nazi Party. I was a witness to these demonstrations. At the head of this group of about forty men

was a huge flag with a Nazi swastika. There were anti-Semitic signs carried, as well as signs saying, "God bless Chairman Walter" and others strongly praising the committee.

JUST IN PASSING, it seems strange that a doctrine such as Nazism, so clearly inimical to America (we not so long ago fought a war to prevent its spread) should feel that not only does it have nothing to fear from the committee but that it can actually vociferously support it!

It is the legitimate right of Americans of whatever political persuasion to examine the record of the committee. The students in California did so and finding it to be reprehensible exercised their democratic right to picket it as was done when the committee came to San Francisco.

Others tried to get in to the hearing room to witness the committee's hearings and to see for themselves how they were conducted. Many took time off from heavy academic schedules because they are vitally interested students, not the kind who are very easily duped.

**MR. WILLIAMS:** I saw the film "Operation Abolition." Having heard actual recordings

of the hearings, it was obvious to me that the film was full of distortion and innuendo which tried to cast a bad light on the committee.

Recently I heard a speech by a student who had been at the San Francisco "riots." This gentleman was a graduate student at California University. He said that the only rioting that occurred was on the part of the police. He also, significantly, said that a member of the Committee admitted to him that there were distortions in the film. This was also admitted on a Los Angeles television station.

I'd like to close by saying that no matter who supports or opposes the committee, we as students have the right and the DUTY to examine the history of this committee and to form conclusions as to whether we support its continuation or think that we would be better off if the committee were abolished.

### Enlightenment\*

To the Editor:

Recently, on the radio, Dr. Moore's reaction to President Hannah's statement concerning the university's policy toward Communist speakers was broadcast. We are inclined to support Dr. Moore's views in this matter of the adolescent college mind and its naive relation to communist tactics.

In recent years it has become clear that many professional people in the modern world cannot be recognized for their true motive. There is no better example of this than the latest outbursts of communist impostors such as professors, scientists, artists, and opera stars.

In fact in a short time a college student seeking guidance may be in serious trouble for lack of advice. He will be unable to turn to professional people like these without doubting their motives. This exchange of ideas must be curbed, for it leads to broadness of mind which can be confusing to students.

We believe you have brought out into the open one of the real dangers of our time. We wish you luck and hope you keep up the good work of enlightening the students of this university.

# Unbeatens Battle As Matmen, OSU Meet

## Spartans At Full Strength

By RICHARD ZEMMIN  
State News Sports Writer

A battle of two unbeaten teams will take place this Saturday afternoon when Michigan State's wrestling squad travels to Columbus, Ohio to tangle with the Ohio State Buckeyes.

The Spartans, winners of a quadrangular meet at Pottstown, still have their hands full with the Buckeyes, who are 4-0 for the season. However, only one of Ohio State's victories was registered in Big Ten competition. That was their 26-3 trouncing of Wisconsin last week. In that meet, Ohio was helped by two forfeits and one disqualification on the part of the Badgers.

**MSU'S HEAD COACH**, Fentler Collins, plans to stick with his team line-up that beat Indiana, 24-11. The only possible change could be in the 137-pound class where Dave Smith is challenging regular Dave Jones.

The feature match in the coming meet is shaping up in the lighter division—the 115-pound class. MSU's undefeated Okie Johnson will take on the Buckeyes' sophomore, Don Schaefer, who held Big Ten champs Fred Rittschott of Wisconsin to a draw.

Other close matches figure to come in the 123-pound class where State's George Hobbs meets Ohio's Dan Green, and in the 130-pound bracket with Spartan Merle Preble facing Buckeye Dave Hull. Preble and Hull have met before. They faced each other several years ago in Ohio's high school wrestling finals.

**COACHES**, COLLINS and Grant Peninger are expecting a good performance from their Spartan matmen this weekend. They thought the team earned "a little shock" against Indiana. "We had no wrestling show during two days last week, and took a lot out of us," Collins said. "However, we're treated now, and shouldn't have to consider the match to Ohio State."

## Strong Michigan Tech Hosts Spartan Icemen

By SUE CAMPBELL  
State News Sports Writer

The Spartans will be looking for a repeat of their Tech team victory over Ohio University last weekend, since they'll meet the Badgers of St. Louis Tech in a few days.

The Spartans are using the weekend to work on their weakest strong points—Tech's team holds a 6-6 mark.

The Badgers, who defeated last weekend in All-American, 24-11, will face the Spartans with experience and determination. The Badgers will be led by the forward Jerry Gammie, who has been a top performer in the past.

**LAST YEAR**, Tech won its first conference meet and downed Michigan, 10-9.

The Badgers' record is 1-1, with a win over the Spartans in their home game.

## Bonnie's Top Team Scorers

NEW YORK, (AP)—Frank Burgess of Gonzaga, who lifted his average to 31.4 points, is the nation's major-college basketball scoring leader for the fourth straight week, the NCAA service Bureau statistics showed.

Tom Chilton of East Tennessee State is second with a 30.3 average, on 303 points in 10 games. He is followed by Tom Sims of St. Bonaventure, 29.5, Jerry Dischner of Purdue 28.4, Bill McGill of Utah 27.3, and All-American Jerry Lucas of Ohio State 26.3. The records include games of Tuesday, Jan. 10.

St. Bonaventure's 103-71 triumph over Gannon enabled the update New York team to regain the team offense lead from Memphis State. The once-beaten Bonnies are averaging exactly 60 points a game.

The Spartans will face the Badgers with experience and determination. The Badgers will be led by the forward Jerry Gammie, who has been a top performer in the past.

## Spartan Cagers Meet Iowa; Attempt To End Losing Streak

By CURT RUNDHILL  
State News Sports Writer

The Michigan State basketball team travels to Iowa City this Saturday to meet the Iowa Hawkeyes. This will be the Spartans' third attempt to win a Big 10 game.

The team has lost its last five games in a row, the last ten losing Big 10 contests against Wisconsin and Indiana, respectively.

**MONDAY**, the Spartans were dumped hard by the Huskers, 79-55, in a game where the Spartan errors numbered one less than 34.

This Saturday, the MSU team will face Iowa, winners of the Los Angeles Classic, the same tournament in which the Spartans placed last during the Christmas holidays.

Iowa will enter the game with a season record of 16-1. Its only loss was to St. Louis in its first game of the season.

**THE HAWKEYES** have defeated Minnesota and Wisconsin in their first two games.

Iowa will come into the game at full strength, including its powerful 6-6 forward Don Nelson, who is the Hawkeyes high scorer.

Increasing the Spartans' problems is the fact that they may have to face the Hawkeyes without the full services of Art Schwarm, a starting guard.

Schwarm is the second highest scorer on the MSU team with an average of 14.8 points per game. Dave Fahl, the other Spartan guard, leads the team with an average of 15.5 points per game.

**SCHWARM** is suffering from a back injury and has worn a brace on his back all week in an effort to be in condition for the Christmas game.

Including Schwarm, the Spartan lineup will be the same, starting Ted Williams at center, Dick Hall and Jack Lerner in the forward spots, and Fahl at the point guard.

**THE HAWKEYES** have defeated Minnesota and Wisconsin in their first two games.

## Cubs' Ernie Banks Signs for \$55,000

CHICAGO, (AP) — Ernie Banks, the Chicago Cub's slugger, signed his 1961 contract for an estimated \$55,000.

Banks, the Cub's all-time home run-leader whose 269 home runs are more than any other slasher in major league history, was given an increase over his 1960 contract.

Banks was the National League's most valuable player in 1958 and again in 1959. He recently underwent a complete physical examination and was found to be in top condition.

Banks hit 41 home runs last season to lead both leagues and finished in the series with 13 wins to the Spartans' 10.

## Laos Reds Massing For Strike

VIENTIANE, Laos (AP) — Laotian rebels seized rebel bases Thursday for the second day in a row, flying four freshly armed obsolete observation planes supplied by the United States. The bigger battle of Laos' five-year-old civil war was believed shaping up.

While Britain and French diplomats in Vietnam expressed fear of Communist retaliation, a top U.S. official defended the air strike as a defense measure against a big pro-Communist rebel buildup to the north.

When the battle will begin no one knows. But western military experts said quick action is necessary to offset continuing Soviet aid deals to rebels in north central Laos.

**THE TARGETS** of the pellet-driven 76 planes, delivered by the United States only Tuesday, were secret. And a tight security screen was thrown around the Capital's air field from which they flew.

They were making repeated strikes. Each was armed with two 30-caliber machine guns with racks for two 100-pound bombs and two 200-pound rockets.

It was believed one target almost certainly was the Plaines des Jardins. Western military experts estimate leftist Capt. Kong Le and his Pro-Communist Pathet Lao Guerrilla allies are massing about 6,000 men on the plain.

Western military sources said the government can put 4,000 to 6,000 regulars into the battle, plus possibly 3,000 militia and volunteers. This would mean the biggest engagement of the civil war, which up to now has been largely one of skirmishes and guerrilla strikes.

## Gift Winners

The following J-Hop ticket numbers are the winners of the five-dollar certificates: 305, 324, 613, 522, 502, 523, 531, 141, 643, 161, 570, 572, 231, 167, 527.

The winners may pick up their certificates at the Union ticket desk.

## State News Makes Boo-Boo on Sale

One hundred J-Hop tickets were sold during the first hour of sales instead of the first week as was stated in Thursday's State News.

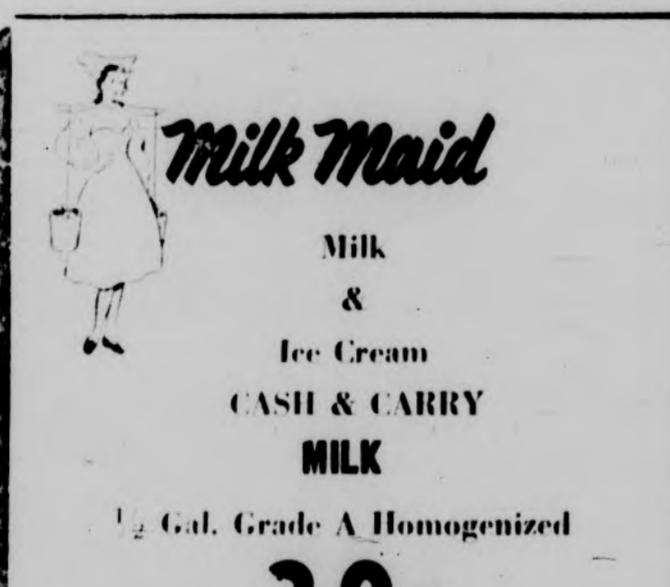

During the first two days, 387 tickets were sold. Sales will continue in the Union ticket office until the 1500 tickets are gone. They are five dollars a couple.
