GETTING SET FOR INAUGURAL PARADE—Gauthier Kishelmer, manager of a Washington firm, constructing boats for next Friday's big inaugural parade, displays a reproduction of the official inaugural medallion which bears a profile of President-elect John F. Kennedy. Each boat in the parade will be decorated with one of the signs as it moves the route from the U.S. Capitol building to the White House. (AP Wire Photo)

Reactions to Ike's 1962 Budget Vary

30.9 Billion Dollar Budget Awaits New Congress Approval

WASHINGTON, (AP)—“Very interesting,” said Senate Democratic Leader Mike Mansfield of Montana Monday. Now, we'll wait and see what the real budget looks like when it is presented by Mr. Kennedy.”

Col. A. Lazar To Inspect ROTC Units

Col. A. M. Lazar, newly appointed deputy commander of the 6th Army corps, will arrive today to inspect the ROTC command, said Capt. Francis L. Lee, ROTC public information officer.

After arriving at Capitol City from Ft. Benjamin Harrison, Indianapolis, he will be met by the Michigan Rifles, a group at Demareston, at 10:30 a.m.

Lazar, appointed to his post June, previously acted as adviser to the 2nd Bn., 1st Regt. of Korea Army, graduated from West Point and served in Italy under Clark in World War II.

Col. Lazar was assigned to NATO headquarters in Paris in 1958 where he filled the post of chief of staff of the 5th Region Army—the defense of France.

He became deputy commander of the 5th Region, which is responsible for the defense of the Paris area.

MSU Students Plead Guilty And Fined

Two students pleaded guilty to charges in Lansing municipal court over the books and were sentenced. Charles L. Young, a part-time student, pleaded guilty to a charge of simple larceny and he admitted taking books from the Agricultural Engineering bldg. fall term and selling them to the Union store.

Young was ordered to pay a fine of \$25.00, plus costs of \$29.30, pay \$15 back to the book store and return the books.

John R. Tessier, Spartan graduate student, pleaded guilty to a charge of obscene material. The complaint was made by a switchboard operator of the Miles Office bldg. on S. University rd.

He was sentenced to two days in Ingaham county jail and a fine and court costs of \$10.00.

Garner to Play In Concert Series

Jazz pianist, Kerroll Garner, will perform in the Auditorium at 8:15 in a Lecture-Concert special.

Garner's style calls for improvising throughout the entire concert. He never follows a set program as shown by the program being distributed for the concert.

The pianist will be accompanied by bassist, Edward Calhoun, and percussionist, Kelly Martin.

Garner is the first jazz artist to be presented on tour by the noted impresario, S. Hurok.

Dems Celebrate Inauguration Week

Transition Ball Doesn't Include President Eisenhower

WASHINGTON, (AP)—Democrats gleefully rubbed hands Monday night over a happy headache: a million dollar inauguration restores Democrat to the White House Friday and there isn't a ticket left to meet a deluge of demands.

And Republicans are going to

start trodding out of town with their feet after a sort of reconciliation and produce party Monday night. They expect a “strategic ball” in honor of the top echelons of the departing Eisenhower administration. There's expected to be a turnout of 1,400, but not President Eisenhower.

The man who will be Presi-

dent until Friday failed Monday in a barren office. The rooms, the pictures, the knickknacks are gone, packed and ready for carting to Eisenhower's home at Gettysburg, Pa.

EISENHOWER called his final news conference for 10 a.m. Wednesday.

For the Democrats, every festively non-political event of the inauguration is assured a turn-

away crowd—except the night before, the ceremony Friday noon at which John F. Kennedy takes the presidential oath.

Along Pennsylvania Avenue, and a three-day inaugural ball that night.

The million dollars in expenses will be more than paid. Some cash will be left over for charity and for a “rally” to put the next inaugural committee in business four years from now. This is unheard of, this year's committee says.

AT THE MOMENT, the only

slight sour financial note in-

volves the one big political af-

fair of a gay, busy, inaugural week. That is Thursday night's

galas, for which the sponsors

said, “a few seats are left.”

Understandably, there are some

left because it takes a \$100 contribu-

tion to Democratic coffers to get one, and a cool \$10,000

to buy a box.

The Democratic national com-

munity is staging the two-hour extravaganza, with the help of producers Frank Sinatra and Peter Lawford, Kennedy's brother-in-law. It will bring per-

forming stars of the stage, screen and TV to the national guard armory, along with thousands of the party faithful.

The objective, to raise \$1.5 million and help wipe out an estimated \$1 million party deficit from the 1960 campaign.

Kennedy will lend his pulling

power.

He will appear, and the

invited celebrities additional

revenue from certain sources.

But since it's to keep it in

balance, the necessary will and

determination on the part of the

new administration—and the

Committee.

At 10:30 a.m. and the

inauguration, the new adminis-

tration will be in the

Capitol, and the

Senate and House will be in

the House chamber.

Sen. Everett M. Dirksen of

Illinois had a different

view.

President Eisenhower, he said,

should be given a “big send-off.”

Dirksen's proposal has

met with a cool reception.

“It's a good idea,”

Rep. John W. McCormack of

Massachusetts said, “but I don't

Stronger Laws Needed!

Banning Obscene Literature Not a Solution to Problem

(Continued from Friday)

One of the major difficulties in dealing with this kind of literature is the legitimate art as found in books.

Some of these difficulties are pointed out in what follows:

Lorraine Winkler, East Lansing, 21, a teacher, feels: "The restrictions are definitely too severe. Some of the laws are so broad they might be in the hands of unqualified people and could lead to a form of censorship."

Some changes are being made in representation of sex in a logical and related manner.

Mrs. Winkler does not think banning these books is the answer.

SIDE IS OUT concerned with the status of the legislation of the laws mentioned in this action.

The state has 600 banning and 1000 moral laws. That would have been enough to those most likely to ban these magazines.

Mr. Marguerite, Director of the Division of Juvenile Justice, believes the new laws are not sufficient to solve this problem.

Acknowledging that this industry is independent of his office, Mr. Marguerite does not prohibit a magazine from using the mails again, he said, as long as the new laws are legal.

Asked what she would do if in the future out of her control

she saw a magazine that she

thought was obscene, she said she would consider it in the context of the relationship to the legitimate art as found in books.

WILL CHATTER responds to such accusations because he thinks it might be in the hands of unqualified people and could lead to a form of censorship.

Local groups only affect one community and fail to take into account the nature of the magazine.

After teaching school for seven years, I don't get up each morning and say this is my job," he commented.

According to the Board of State Health of the Michigan Department of Community Affairs, 90% of the publications under investigation are illegal drugs and, acting alone, it might be better to let an expert in journalistic law handle them.

Mr. Marguerite, Director of the Division of Juvenile Justice, believes the new laws are not sufficient to solve this problem.

Acknowledging that this industry is independent of his office, Mr. Marguerite does not prohibit a magazine from using the mails again, he said, as long as the new laws are legal.

Asked what she would do if in the future out of her control

she saw a magazine that she

thought was obscene, she said she would consider it in the context of the relationship to the legitimate art as found in books.

THEY DO make enough money so that the fines they pay for a possible suggestive article can be marked off as business expenses.

More important than money, however, is the question of whether restriction of these magazines would contribute an invasion of freedom of the press.

The problem that arises when it is felt necessary to regulate something's existence are many and complex. The obvious one is the qualification of the people doing the regulating.

It would seem that local citizens' committees would have to work extremely smoothly in order to attain their goals. The danger in unofficial committees is the same as for official bodies — who is doing the judging and what are the motives?

IT IS VERY unusual for one person to be able to determine what will cause another person to react to that stimulus.

The next thing is that the publishers and sellers of this form of magazine have been able to make their ideals as a free press, and an independent as to their advances.

Hearings were recently held in Lansing by the State Legislature on this matter.

Senator Harold M. Ryan (D) recently indicated that he would have a hearing for the Legislature when he convened which will not be open to the public.

He will also discuss the Michigan Education Association (MEA) 1961 legislative proposals which recommend that school districts making provisions for emotionally disturbed pupils be reimbursed on an allowance per professional employee and that the transportation allowances for the physically handicapped be increased from \$800 to \$2000.

Presiding at the meeting will be Richard Gauthier, Hastings department president. MEA representatives to the CEC is Thomas Nethan, assistant director.

The meeting will be held at the CEC office, 316 Student Services, and at the Union on the second floor.

Dear Democrats,

Old Town Hasn't Changed

CONSTITUTION (TAP)—DEAR
CITIZENS—DEAR
FRIENDS—
I am a citizen of your town and
have lived here for many years but when you
say "old town" do you mean the town
as it was 20 years ago or the town
as it is now?

There are still pigeons in the park,
and starlings in the trees.
The old wild circles are
still the same old confusion.
There is still a new under-
ground in Washington Circle and
it is still there.

Sign-up in Union
for UB Week

Students interested in working
on the Union Board Week should
sign up at the 10th desk in the
Union entrance this week. UB
Week will be Feb. 19-25.

Students who are interested in
working on Union board, second
year, the length of UB Week
will have a better chance of getting
on Union board if they work on UB
Week.

The new year will bring
many changes in the world of
news and information. The
newspapers have been reporting
great mass movements of
people and countries, as well as
events in the nuclear race. The
new state department will
be more active than ever.

Spartans Bounce Past Wolverines, 81-69

First Big 10 Victory; Jack Lamers Injured

By JOHN SCHODER

—Michigan State, after three games of frustration, finally picked up its first Big Ten basketball victory Sunday, with an 81-69 win over the University of Michigan at Beaubien Fieldhouse before 8,015 fans.

It was the first time this season that the Spartans had won their first game in the Big Ten. Michigan State's last win came in the Michigan Intercollegiate Basketball Tournament, which ended in the Michigan City, Ind., and the most recent in the previous two games.

The Wolverines, however, were not to be denied. They came from behind in the third half, taking a 69-67 lead into the final period. Michigan State, however, had the last laugh, as it scored 14 points in the final 2:30 minutes to seal the victory.

"We have been playing well," said Spartans coach Fred Schoder. "But we have been losing. I think we are getting better, though. We are learning to play together."

John Tidwell, a sophomore guard, had 20 points, while Jack Lamers, another sophomore, had 14. Tom Williams, leading the Wolverines with 14, had an 11-point third quarter.

Michigan State's John Tidwell, who scored 20 points in the losing cause, is shown here.

Background Important For Writing

According to work on the new agreement should have more backgrounds in business administration, human relations, public relations and for some in the physical sciences.

On the opinion of still younger Director Standard, editor of "Loyalty News," the publication of the Upland company, he said:

"Most of the News' contacts are with persons in addition to all of whom are

concerned in the various industries of publication, there is generally a system of contacts throughout the plant, from top to bottom, of all our operating departments."

Comments in the Upland news contained their own, as well as from others, in photographs, Dr. Standard said.

Miss Standard also said she did not believe that contact was a disadvantage in industry editing.

"There is industrial editing on many pages and talk by anyone in the company," she said. "The staff of a company publication has a position to obtain an overall view of the industry, and it is to try and transmit this overall concept to the reader of the publication," Miss Standard said.

Miss Standard said she feels that she and her staff members get to know a great deal about the operation of the company because of the staff's overall view of the organization.

Veterinarians To Hold 38th Conference

The College of Veterinary Medicine will hold its 38th Annual Meeting and Professional Conference for veterinarians Jan. 18-20.

The conference is part of the continuing education program offered by the College.

Dr. C. Beck, chairman of conference, said the conference also serves as the College's annual reunion and that there are more than 200 registrants for the event before last week.

He said that the conference will be divided into two sessions. One will give the veterinarians an opportunity to attend both the large and small animal clinics. By the pattern set in previous years, the students could only attend one of the two different programs.

Other features of the conference will be the use of closed-circuit television on Wednesday, Jan. 19 and Friday, Jan. 20, in the surgical techniques. These clinics will originate in Gainesville.

There will be seven invited speakers and nine off-campus speakers, said Beck.

President John A. Hannah will open the conference at a dinner in the Big Ten Room of the Building Thursday night.

Two Join AEP Sunday

The local chapter of Alpha Epsilon Rho, national radio and television honorary, initiated five students Sunday night.

Initiated were Judy Sanders, Rochester, N.Y., junior; and Linda Royal, Oak senior.

Sargent, president officially.

AEP recognizes outstanding students in the radio-television field. It gives members a chance to gain knowledge and experience in the radio-television field by working on projects at television studios, taking part in radio and television stations and meeting important people in the industry.

Marketing Club Plans Panel at Kellogg

The marketing club, in conjunction with the marketing department, will sponsor a panel discussion concerning sales management, Tuesday at 7:15 p.m. at Kellogg Center.

The panel, part of the sales management seminar, will consist of five sales managers who discuss "Careers in selling sales management." A coffee hour will follow the discussion.

The public is invited to attend.

Four Cardinals Created Mon.

John Zelenka, second-year student in the College of Education, was named a cardinal of Phi Delta Kappa, the international educational honor society, Dec. 11 at the annual meeting of the U.S. and Canadian chapters in Toronto, Ontario.

A graduate of the University of Michigan, Mr. Zelenka is a member of the Michigan chapter of Phi Delta Kappa.

Sherbo Edits Sam Johnson

Mr. Sherbo, a sophomore at the University of Michigan, has been editing the magazine of the Michigan chapter of Phi Delta Kappa since 1945. The American edition of the magazine is edited by Leonard J. Daugherty, an Alumnus of Phillips Academy Andover, Massachusetts.

A graduate of the University of Michigan, Mr. Sherbo is a member of the Michigan chapter of Phi Delta Kappa.

Space Chief Speaks Wed.

Being introduced by Yale and transferred to Michigan, the series continues the fifth year edition of Johnson's works since 1958.

The speaker was added to his responsibilities in this project by also accepting present grants for the past four years.

As a Yale graduate teacher in the area of eighteenth century literature, Sherbo is an author of "The English Renaissance," Texas von Shakespeare and a number of United States or Samuel Johnson on Shakespeare.

Credit Unions Reach New High

Total assets of Michigan credit unions have reached a new peak of half a billion dollars, according to Louis J. Aigadelli, acting managing director of the Michigan Credit Union League.

Continuing growth in all areas of credit union activity was reported by Aigadelli, who said new credit unions chartered during 1960 to date the number operating in the state is 1,299.

A credit union is a cooperative finance association. Members usually have a common economic, social or religious

interest. In order to be a member, the applicant must buy at least one share of stock.

Members pool their savings and from this fund loans are made to those members who may need them. Loans are made only to members and periods of loan are limited.

CREDIT UNIONS are usually under state charter and have an extremely good record with few failures.

The M.P.D. Employees' credit union has been in operation

Study Use of Logic As Teaching Technique

Experiments using logic increased Dr. Smith's knowledge of levels. He said that he found 3,500 items were described recently in terms of the quality of fitness of an educational research campaign at the University.

The object of this research was to see if the thinking of the student could be modified by teaching the logic of the subject, Dr. Smith said.

Project took place in three high schools in northern Illinois. In certain classes the logic of subjects was woven into the class matter, he said.

The instructors attempted to teach the student to identify the truth and validity, hypothesis, reliability of the information and if the variables were adequately controlled.

"No statistically significant difference occurred in the amount of knowledge acquired," Dr. Smith said.

When tested, groups taught under both the new and old systems showed that they acquired the same amount of knowledge even though the students taught on the logic system did better in logic tests.

"The thing I did not know in this project is what the teachers did," Dr. Smith said. "The teachers had to pick up the logic they did not know," he said.

Dr. Smith said his project will place emphasis on the exact teaching techniques to be applied. He said that the process of teaching has not been given careful study.

"If you know how people learn you will know how to teach them with a house next fall

since its charter was granted in 1947 by the state.

Faculty members, graduate assistants, staff employees, maintenance workers, and retired people on pensions can become members of the credit union.

In order to become a member, a person must fill out an application and pay a fee of 25 cents. A member must buy at least one share of \$5 in order to borrow money and participate in the management of the organization.

A FIVE MEMBER credit committee elected by the members approves loans. A maximum of \$100 may be borrowed, depending upon the credit committee.

Charles A. Welch, assistant professor of natural sciences, heads the committee. Other members include Russell J. Fink, math academic advisor, University College; Vern Neesman, stockkeeper, stores; Carl Cramer, professor of surgery and medicine; and Thomas L. Foster, building supervisor, dorm and food services.

A person must be a university employee, he must have the ability to repay, and he must have a promising, productive purpose in order to have a loan approved.

According to Mrs. Frances Lemire, manager, the credit union has 444 members with total assets at present of \$1,272,444.

Credit union dividends on bank deposits are 4% per cent and are computed monthly. The credit union refunded 17% per cent of all interest paid by borrowers, continued Mrs. Lemire.

All savings are covered up to \$1,000 by a life insurance policy.

All loans are insured against disability or death, said Mrs. Lemire.

New Greeks Rush This Week

A new Greek group, the Onde Club of Theta Delta Chi, will participate in winter term fraternity rush, according to president John Sharpen, Dean of men senior.

The group will hold its rush in Parlor A of the Union Tuesday and Thursday during open rush.

The Onde Club, formed by the University of Michigan chapter and the Theta Delta Chi national, was admitted to group status June 1, 1960, and was just recently accepted by Michigan State University.

"We plan to petition for college status this spring," Sharpen said, and arrangements are currently being made to provide

the group with a house next fall

Credit union dividends on bank deposits are 4% per cent and are computed monthly. The credit union refunded 17% per cent of all interest paid by borrowers, continued Mrs. Lemire.

All savings are covered up to \$1,000 by a life insurance policy.

All loans are insured against disability or death, said Mrs. Lemire.

Ike to Follow Tight Schedule

WASHINGTON, (AP)—There will be little time for nostalgic reminiscence in President Eisenhower's last few days in the White House.

In his bare office, already stripped of pictures and personal mementoes, Eisenhower will keep a busy schedule until he leaves Washington for Gettysburg Friday after the inauguration of his successor, John F. Kennedy.

The President and Canadian Prime Minister John G. Diefenbaker will sign a treaty Thursday morning for the joint U.S.-Canadian development of the Columbia River basin area.

EISENHOWER is expected to talk with Diefenbaker on problems of the two countries after the signing ceremony. There also will be other Tuesday appointments, a White House spokesman said, and that night Eisenhower will deliver his final report as president to the people.

This address at 8:30 p.m. will be carried by all major television networks and on radio. Broadcasts will be made from the White House office.

Wednesday morning the Pres-

ident will hold his final news conference.

On the same day, at noon, Eisenhower will send to Congress his annual economic report, third and last of the messages which the Chief Executive is required by law to send to the House and Senate at the opening of each session of Congress.

PRESIDENT ELECT Kennedy will call at the White House Thursday morning (9 a.m. EST) for the final conference between the two men before the presidency changes hands. The Secretaries of State, Treasury and Defense will participate in this

meeting, together with the Kennedy family. Kennedy has designated those key positions in the new administration.

Other unspecified meetings are scheduled for Friday.
