Kennedy Urges Respect For Law

Americans May Disagree But Not Disobey, He Says

WASHINGTON, (AP)—President Kennedy said last night he hopes to avoid use of national guardmen and federal troops in the Mississippi University integration crisis.

He told the nation federal court orders are beginning to be carried out.

Kennedy said the court orders "are beginning to be

carried out, Mr. James Meredith is in residence on the campus of the University of Mississippi."

He said this had been accomplished thus far without the use of troops, adding that he hoped the faculty and students at Ole Miss could now return to their regular pursuits with respect for the laws

of the United States.

Kennedy said the nation is founded in the principle that observance of the law safeguards liberty, and defiance is the road to tyranny.

He said the law includes court rulings as well as legislative enactments.

Americans are free to disagree with the law, he said, but not to disobey it.

No man under a government of laws, he said, is entitled to defy a court of law.

If the country reaches the point where men could long defy the courts or constitution "then no law would stand free from doubt... and no citizen would be safe from his neighbors," Kennedy said.

No judge, said Kennedy, could be sure of his writ, or a citizen sure of his neighbor if laws were not obeyed.

Kennedy traced the history of Meredith's attempts to get into the university through a series of court efforts. He told of the decision of the Court of Appeals, naming the justices, all of them from the

PRESIDENT KENNEDY

'We Are Overpowered,' Gov. Barnett Concedes

JACKSON, Miss., (AP)—Gov. Ross R. Barnett, who had sworn to go to jail rather than see a Negro at the University of Mississippi, indirectly admitted defeat last night in the battle to block

James H. Meredith from enrolling.

Barnett issued a statement from the governor's mansion here after being informed Meredith was on the Ole Miss campus.

"I know that we are now completely surrounded by armed forces and that we are physically overpowered," he said.

He added: "I know that our principles remain true, but we must at all odds preserve the peace and avoid bloodshed."

"Surrounded on all sides by the armed forces and oppressive power of the United States of America, my courage and my convictions do not waiver."

"My heart still says 'never,' but my calm judgment abhors the bloodshed that will follow."

"I love Mississippi. I love her people. I love those 10,000 good Mississippians in the National

'Ole Miss' Editor Defends Students

Last football season Michigan State was embroiled in a battle over No. 1 ratings in the Associated Press Football poll with Mississippi. This year Mississippi is seemingly entangled in a battle with the federal government in allowing the admittance of Negro James Meredith to that school.

Not all Mississippi students appear as violent against Meredith and his other Negroes admittance to Southern white schools, as indicated in the following letter which was written last year.

Jimmie Robertson, editor of THE MISSISSIPPIAN, the school paper, sent this column to Michigan State. It was composed in reaction to a column in the State News comparing the spirit and football ability of the two schools.

Here is that letter:

To the Students of Michigan State University:

My purpose in writing this letter is to attempt to convey to the student body at Michigan State the feelings of the students at Ole Miss. We realize that a great deal of the criticism that has been heaped upon us in recent years because of our "cream-puff" schedule has definitely been deserved. Except for a few rabid racists, who are a very small minority (although quite vocal), Ole Miss students would love to see the Rebels play one or two Big Ten teams each year. On the other hand, we would like to see your Spartans, and such teams as Iowa, Ohio State, etc., play such representatives of our conference as Alabama, Auburn, LSU, Georgia Tech, and Tennessee.

Ole Miss faces three major problems in attempting to schedule teams of "Top Ten" caliber. The first of these deals with the location of our University—Oxford, Mississippi. Oxford is a small town of about 5,000 people, 75 miles southeast of Memphis, 166 miles north of Jackson, and in the opinion of most students 1,000 miles from nowhere. Our traffic problems are ridiculous on football weekends. When we played Maryland here in 1952, Coach Jim Tatum of Maryland made the statement that it took his team longer to get from Oxford to Memphis than it did to get from Memphis back to Maryland. (Incidentally, we beat Maryland that year, breaking their 22 game winning streak and they never came back to Oxford.)

As a result of our geographical location, many teams have refused to play us in Oxford. One such team is Tennessee, whom we played each year, alternating between Knoxville and Memphis. It's pretty rough when you have to play a team like Tennessee in their own state year after year. Another such team is Louisiana State. Three years ago we signed a contract with them extending the LSU-Ole Miss series through 1965. Only one of those games, that played last year, was scheduled for Oxford. The rest are in Baton Rouge.

The second of these problems deals with the general attitude taken by the athletic directors of other schools in the Southeastern Conference toward scheduling Ole Miss. There is an old saying around the SEC that the best way to cause an athletic director to have a heart attack is to announce that Ole Miss has an open date and is trying to schedule their team. A great deal of truth exists in this statement. Earlier this year THE MISSISSIPPIAN took a survey of the athletic directors of prominent football powers throughout the South as to the possibility of scheduling a game with Ole Miss in the future. We found that most of the teams in our area who are of "Top Ten" caliber are not exactly rendered joyous at the thought of scheduling Ole Miss.

The third problem is a very touchy one: The race issue. At the end of the 1958-59 basketball season, Mississippi State (number three team in the nation and SEC champs) was not allowed to compete in the NCAA tournament because they would probably play against Negroes. The same thing happened to their basketball team in 1960-61. It both 1959 and 1960 the Ole Miss baseball team suffered the same fate. Informed sources say that Ole Miss could have had a Rose Bowl bid last year just for the asking had it not been for this policy. The Rose Bowl committee scouted our games and let it be known that they were not exactly happy about the fact that the Big Ten had failed to renew their contract.

Anyway to make a long story short, we can't play any teams which have Negro players, which practically reduces us to our own conference. I feel that this is ridiculous; so do the majority of the students at Ole Miss. Unfortunately, the Board of Trustees for the four state-supported institutions of higher learning do not. Since 1959 THE MISSISSIPPIAN has campaigned vigorously against this policy without success. To be perfectly frank, we have about as much chance of repealing this "unwritten law" as we do of electing Sen. James O. Eastland as President of the United States.

Being a true Rebel, I must confess that I am firmly convinced that Ole Miss is the Number One team in the nation. I would give anything if there was some chance of Ole Miss and Michigan State playing each other in a bowl game. However the archaic thinking which prevails in our capital city makes this impossible.

As for our hanging of the AP and UPI in effigy, I would like to make this explanation. When you have been winning as long and as consistently as has Ole Miss, school spirit tends to drop. That is the problem with which we are faced at the moment. For the past two years we have finished the season as the Number Two team in the nation and last year we won the FWAA Grantland Rice trophy designating us as national champions. We have won 21 games. The Associated Student Body School Spirit committee felt that this would be a new gimmick which might arouse school spirit, especially as we attempt to build up momentum for our big game with LSU this Saturday. The situation which Paul Schnitt described in his column is similar to Ole Miss two years ago when we first became challengers for Number One in the nation. I feel that the "hanging" was an excellent idea, and one which has produced the desired results, too.

In conclusion, I hope that my three pages of ramblings have not been too boring to you. It is my sincerest wish that through this letter Michigan State students will come to have a better understanding of the problems which face Ole Miss in the scheduling of top notch football games.

JAMES MEREDITH

Guard who have now been federalized and requested to oppose me and their own people. I know that we are now completely surrounded by armed forces and that we are physically overpowered."

He said he urged "all Mississippians and instruct every state officer under my command to do everything in their power to preserve peace and to avoid violence in any form."

OXFORD, Mississippi (UP)—Federal marshals have used tear gas on demonstrating students at the University of Mississippi in Oxford. Several thousand students, screaming and yelling, bolted from the front of the administration building when marshals unleashed a barrage of tear gas, canisters on the ground in front of the demonstrators.

The demonstrations broke out shortly after it was learned that Negro James Meredith had been housed on the campus.

World News at a Glance

From AP and UPI Wires

WASHINGTON—Secretary of State Dean Rusk ruled out Sunday night any possibility of a U.S.-Soviet deal to end Russian intervention in Cuba for Western concessions on Berlin or on American bases abroad.

"You cannot support freedom in one place by surrendering freedom in another," Rusk said in a pre-recorded television interview (ABC-News and Comment).

"In any event, we have special commitments here in this hemisphere under our hemisphere charters, and we cannot connect in negotiations or in trades the problem of Cuba with the defense of freedom in other places."

ADEN—Yemen's new military regime, strengthened by friendly words from the Soviet Union and United Arab Republic, announced more arrests and executions in a wave of blood letting Sunday.

Col. Abdullah Sallal, Premier and head of the Revolutionary Council of the newly proclaimed Republic, apparently tightened his grip in the isolated Red Sea country.

MIDLAND, TEXAS—Vice President Johnson says America's Cuba policy is aimed at getting rid of the Castro regime and Soviet influence. In a speech prepared for delivery at Midland, Texas, Johnson said the U.S. stood for "determination without compromise." His statement appeared to be a reply to critics who have accused the Kennedy administration of following a "no win" policy toward Communism.

MOSCOW—Western diplomats in Moscow say the Berlin problem still is the primary item on the Kremlin's agenda despite repeated threats and statements on Cuba. They say the words on Cuba are mainly propaganda and that the Soviets will make no move until after November elections in the U.S. The feeling is the U.S. will not be able to negotiate the Berlin and German questions until after the votes have been counted.

BERLIN—The official East German Communist newspaper demands the U.S. begin "effective negotiations" on Berlin after the November elections. Neues Deutschland said Russia recessed talks on Berlin out of consideration for the U.S. elections. It added that the recess does not diminish the need for quick conclusion of a peace treaty.

Precedent Justifies Troop Use

WASHINGTON, (AP)—By what legal authority could a President use troops in an integration crisis such as that in Mississippi? Kennedy administration lawyers say the authority is ample, and that part of it dates back to the days of George Washington, the first President.

The basic authority, they say, rests in sections 332, 333 and 334 of title 10 of the United States code. These sections provide that the President may use armed forces when he deems that unlawful obstructions or rebellion make it impracticable to enforce federal laws by ordinary judicial processes.

Here are some of the use of troops in U.S. history:

Whiskey Rebellion—In 1794, farmers in western Pennsylvania refused to pay a revenue tax on whiskey; they attacked and captured federal agents trying to enforce court orders. President Washington, after negotiations with the Pennsylvania government, sent in troops. They met no opposition, and the rebellion ended.

Washington had acted without specific legislative authority, and the next year asked for legislation to cope with domestic violence. Congress passed such a law. Government lawyers say that, with revisions in 1807, 1875 and 1856, it remains the basic statute today.

Nullification—In 1832 a South Carolina convention declared that federal tariffs of 1828 and 1832 were null and void so far as South Carolinians were concerned. The Legislature empowered the governor to raise militia to carry out nullification.

Kennedy spoke of the proud (Continued on page 9)

Two of the networks said they would have to wait until they have heard President Kennedy's address before making a decision on whether to grant Barnett equal time.

South, and said they made clear that enforcement of this order is necessary.

"My obligation as President was inescapable," he said. "I accepted."

Kennedy said the object is to achieve the registration of Meredith without violence.

He then listed the various steps taken, including the federalizing of the Mississippi National Guard.

"I deeply regret the steps that were taken, but all other methods, including conciliation, had been tried," he said.

If Mississippi had accepted the situation the way other southern universities have, he said, "a sensible, peaceable solution would have been possible."

Kennedy expressed the thanks of the nation to southerners who have accepted integration at their universities.

He said he recognizes the state of transition is a troublesome one.

To the extent that there has been a failure in such attempts, he said, the responsibility "must be shared by us all."

Dodgers, Giants End N.L. Season in a Tie

BY THE ASSOCIATED PRESS

The Los Angeles Dodgers and the San Francisco Giants finished the National League season Sunday in a tie for first place, forcing a rare playoff to determine the team which will face the New York Yankees in baseball's World Series.

The Dodgers lost to St. Louis 1-0 and San Francisco beat Houston 2-1 in the final regularly-scheduled games of the season, pulling the Giants into a tie. Each team has a record of 101 victories and 61 losses.

A three game playoff begins in San Francisco Monday, with the first team winning two games becoming the champion. The sec-

ond game, and the third if necessary, will be played in Los Angeles.

The winner will go into the World Series against the New York Yankees, who have won the American League Championship.

The playoff is the fourth in National League history, stretching back to 1876. Oddly, the Dodgers have been involved in all of them. There has been one playoff in the American League.

Previous National League playoffs have involved the Dodgers, then playing out of Brooklyn, and St. Louis in 1946 and the Giants, then playing out of New York in 1951, and the Dodgers—who had then moved

'Damn Yankees' Opens Film Series

"Damn Yankees," a color film version of the Broadway musical comedy, will be shown on the Foreign Film Series at 7 and 9 p.m. on Wednesday and Friday in Fairchild Theatre.

The story revolves around a middle-aged businessman who makes a deal with the devil whereby he is transformed into a youth and a first class baseball player. Helping the devil keep him in line is a glamorous, seductive dancer who is really a 172-year-old witch.

Fifteen of the 16 members of the original New York cast re-create their roles in the film. Fab Hunter who portrays the young man, is the only principal who was not in the New York production.

Green Verdon, dancing star of three Broadway shows, plays the witch turned beauty.

University Announces Fall Extension Courses

A full slate of fall extension courses, including 11 in three southwestern Michigan communities, will be offered by the University.

A total of 175 credit and informal courses in many different study areas will be offered in 59 communities across the state by the extension program of the Continuing Education Service.

Classes in this area will meet at Benton Harbor, Buchanan and Niles, beginning the last two weeks of September and the first week of October.

Courses and their locations are:

Benton Harbor—management programming and control, principles of management I fundamentals, human relations problems in business administration, supervision of student teaching, the teacher and administrative leadership psychological measurement and test interpretation in education, foundations of arithmetic, normal and delinquent behavior.

Buchanan—introduction to measurement and evaluation in the classroom.

Niles—administration; theory and action I, seminar in management, audio-visual materials in instruction; test transfer, advanced mathematics for engineers I.

Adults can enroll or obtain additional information on these and other courses by contacting Harold E. Gray, regional director of the Continuing Education Center, 224 Pipestone, Benton Harbor, or local school officials.

Both majors and non-majors in communications are invited to audition on Wednesday evening.

WKAR Needs Announcers

There are openings for student announcers for both staff and part-time positions at WKAR, the University's educational radio station, according to Dick Estell, acting manager of the station.

Auditions for these announcing positions will be held on Wednesday evening, third floor of the auditorium. Appointments for auditions may be made by calling Estell at WKAR. Opportunities will include staff announcing.

WKAR, with 5,000 watts power, reaches nearly 90 per cent of Michigan's population, plus portions of Indiana and Ohio, and is now celebrating its fortieth year of service to its listeners.

'Only The First Game...'

Students Rationalize 1st Gridiron Defeat

by Ron Yogman

There was no hiding the disappointment on this campus of Saturdays "upsetting" grid-iron defeat at the hands of a spirited tribe of Incline 16-13.

Reaction was instantaneous and for the most part demonstrated agreement among Spartan fans.

Immediately rationalization set in and it was shown how the defeat was not such a severe setback after all.

Phrases such as "first game of the season", "non-conference loss", and "alien stadium" were

repeated, almost mechanically, as their beholders slowly emerged from their shock.

Stuart M. Cox, Grayslake, Ill., sophomore, said he thought we lost because of the following: "It was our first game of the season and we had to play a strong Stanford team on their home grounds."

"However, there is no doubt in my mind that we will bounce back in our encounter with North Carolina next week."

"Being fairly sure of victory, I was very disappointed in the outcome said Johanna Foster, Hillsdale freshman.

"However, I feel that the team will be on guard and will work even harder for the remainder of the season to defeat such traditional foes as the Wolverines from Ann Arbor."

Lewis Meltzer, Fort Lee, N.J., freshman said he felt terrible upon learning of the loss. "But," he explained, "I still have high hopes for State."

He blamed defeat on "a combination of everything", including "the first game, alien stadium thesis", and the possibility of lurking overconfidence brought on by the tremendous publicity build-up afforded State.

Jane F. Handy, Detroit sophomore, reasoned, "They're (the team) gonna feel they let us down."

Miss Handy brushed aside her initial disappointment, remembering that the defeat came at the hands of a non-conference foe.

James W. McKenzie, Schenectady, N.Y., freshman, said, "Most of the students were hoping for a Rose Bowl bid; this

loss will undoubtedly be a high on our record. "Duffy will straighten out," he added.

Stanford 11 Stuns Spartans

A few students, wives of coaches and players and girl friends mingled around Capital City Airport Sunday night awaiting the arrival of the Spartan football team.

The plane was nearly an hour late, and when it arrived 38 football players, plus coaches and other personnel filed off the plane.

First off the charter plane was Coach Duffy Daugherty, who greeted those at the airport with a smile, before being whisked away by a pair of awaiting State Policemen for his television program. Those who followed the coach off the airliner were not happy, as they were being reminded of their stunning loss to Stanford.

Sunny California with its usual glamour was anything but bright and happy for the Spartans as they dropped a 16-13 squeaker to the Indians at Palo Alto.

A rugged defense contained the Spartans several times. Four times the green and white clad offense moved within the 15-yard stripe of the Indians.

Harriers Relying On Co-captains

When MSU's cross country squad opens its 1962 campaign Saturday against Ohio University at Athens, Ohio, Coach Fran Dittrich will be counting on senior co-captains Roger Humbarger and Don Castle to lead the team to another fine season.

The 1962 harriers, led by graduated captain, Jerry Young, took four of five dual meets, placed second in the Big Ten race at the Forest Akers Golf Course, finished eighth in the NCAA championships and brought the first-place trophy back to East Lansing from the LC4A meet.

Two of these meets Castle was the second State runner to cross the finish line, he followed Young across the line with a 12th place finish in the LC4A meet and placed 57th in the NCAA contest. Humbarger was second

after Young in the conference chase finishing 12th. The experience gained in these meets last year should aid both men as they each seek a third varsity letter in cross country. In addition, both lettered in track last spring.

Castle picked up a third in the mile run at the Big Ten championship meet last spring. During the winter he was fifth in the 1,000 yard run at the conference indoor track championships. His teammates rewarded his efforts by naming him co-captain, along with football star Sherman Lewis, of this year's track squad.

Humbarger was also an outstanding performer for the State track teams last winter and spring. The highlight of his season was a third-place medal in the Big Ten indoor mile race.

State's highly regarded line that averages 233-pounds per man, met one that was equally as big and as tough. In addition, they had quarterback Steve Thurlow calling the plays and pitching the passes.

RON RUBICK

Stanford countered the first period score with a TD drive of one-yard by Tony Delellis and an extra point and field goal by Lindskog.

Sophomore John Payne seemingly broke the backs of the Spartans when he sprinted 33 yards in the third period to put the Indians in front, 16-7. The Stanford defense contained the Spartans, and also saw them miss on a late field goal attempt by Ron Watkins.

Earlier Azar had missed on a FG attempt, but this time Watkins had a chance from the 11. In his haste, he kicked the ball slightly off to the side and the Indians could breathe easier.

With time running out, State finally managed to punch across the goal line on a one-yard drive by Salmes.

Amidst the Spartans' defeat one bright spot shone above all. That was Ron Rubick, junior tailback

from Manistique. At Manistique he tallied 184 points his senior year—second highest total in Michigan prep history.

In 14 carries Saturday, he racked up 58 yards for an average of 4.15 yards per carry. His start play in the final period set up the final Spartan score. When quarterback Pete Smith went back to pass on the midfield stripe he fumbled.

An alert Rubick calmly picked up the pigskin and fired it to Jeff Abrecht, who was stopped on the one. In another passing attempt he also found the target and went 2 for 2 for the afternoon.

His offensive total for the day was 111 yards, second only to Thurlow, who picked up 120 yards on the ground and through the air.

Hard-Hitting Nebraska Batters Michigan 25-13

Ann Arbor - A hard-hitting, hard-running team of Nebraska Cornhuskers battered a good Wolverine team to a 25 to 13 defeat Saturday afternoon at Ann Arbor.

Bob Devaney, former Michigan State assistant coach, put on display a well-drilled squad that tackled hard, provided fine interference for runners, and made breaks pay off. This is Devaney's first season at Nebraska.

The game was much closer than the score indicates. Michigan was trailing by 7 to 6 in the third quarter and had apparently stopped a Nebraska drive deep into Michigan territory. On fourth down, with four to go, Nebraska kicked but a Michigan man was offside, the play was called back, the Cornhuskers given a first down, and they scored a couple of plays later.

Nebraska showed an attack very like State's famous multiple offense, flashing some brilliant ball-carrying when they got into scoring territory.

The first half was scoreless, with Michigan moving the ball well in midfield, but bogging down when they passed midfield. In the second period, Nebraska took the ball on their own 32 yard line and marched 68 yards in seven plays. Dennis Steuwe, who was a thorn in the Wolverine's side all afternoon, sprinted 42 yards. After a 15 yard penalty for clipping, Dennis Claridge passed to Steuwe, for 20 yards and Steuwe sprinted 11 more for the score. Jim Baffico kicked the extra point.

Michigan drove 81 yards in nine plays. Glinka passed 20 yards to Chapman, Michigan benefited by a personal foul called on the Cornhuskers, and then Glinka, trapped in an attempt

to pass from the 8-yardline, ran crossing the goal line standing up. His pass to Chapman for two points was incomplete and the score was Nebraska 7, Michigan 6.

In the third period, the Cornhuskers marched 81 yards in 11 plays, with Thorton plunging the last yard. The kick failed and Nebraska led 13 to 7.

Glinka passed to Ratmeyer, who fumbled behind the line and the ball was recovered by Nebraska. It was ruled a fumbled lateral pass and Nebraska had the ball on Michigan's 28. It took four plays to make the score 19 to 6 with Claridge going over from the 6-yard line.

The Wolverines marched 68 yards in 13 plays to open the fourth period, with Tom Rindfuss going over from the 4 yard line, to make the score 19 to 13.

Baseball Playoff

(Continued from page 1)
to Los Angeles—and Milwaukee in 1959.

The playoff winner goes against the Yankees in the World Series, beginning Thursday in the home park of the National League champion.

A home run by San Francisco's Willie Mays was the deciding blow in the Giants victory over Houston, while a home run by Gene Oliver was the only run in the Los Angeles-St. Louis game.

Strangely, each of the contenders had lost more games than they had won in the final weeks of the season. The Dodgers, who had led the league since July 8, won only three of their last 13 games. San Francisco won only seven of its last 17.

MSU Receives Six Kayaks as Memorial

Canoeing, one of the oldest, yet least known sports of the Olympic Games, is being introduced at Michigan State, thus offering enthusiasts the possibility of competing in the 1964 Olympics.

Six kayaks, one of the two basic types of canoes used in this sport, have been donated to State as a memorial to Donald Lee Dodge, a national canoeing champion.

He was to have been a member of the U.S. Canoeing Team in the next Olympic competition.

National kayak champion, Marcia Jones, Oklahoma City, Okla. Junior and Nancy Dudge, Niles Junior, are organizing a Canoeing Club on the Michigan State campus, in an effort to introduce the sport as an intercollegiate activity in the Midwest.

Marcia, who was attracted to the sport by an article in the June, 1960, addition of "Sports Illustrated," went on to place in national competition in 1961, five weeks after she bought her own kayak.

As one of the top three in each of the events of the National Canoe and Kayak Championships, she qualified for the North American Championships in Nova Scotia. There competition from Canada met the U.S. opponents.

After taking first and second places in this regatta, Marcia went on to the President's Cup Regatta, where she took a second.

Lions Win With Plum Booters Rally in Opener State Beats Purdue, 3-1

BALTIMORE, Md.—The Detroit Lions defeated the Baltimore Colts, 29-20, and remained in a tie for a first place in the National Football League's Western Division.

The win can be credited to quarterback Milt Plum who passed for two touchdowns and ran for another. Plum's passing under pressure highlighted the game, but the lightning fast ballhandler also turned in the running play of the afternoon before a capacity crowd of more than 57,000.

Late in the third quarter, after a 39 yard Colt field goal, the Lions were in possession on the Colt 45 yard line, trailing 20-17 with fourth down and about a foot to go.

Plum burst through the middle of the Colt line on a keeper play and raced 45 yards for the score. The Detroit victory gives the Lions a record of three wins with no losses, while the Colts have won two and lost one.

LAFAYETTE, Ind. — Coach Gene Kenney's Spartan booters struck for three quick goals Saturday, then had to struggle to fight off a determined final stanza rally by Purdue to nip the surprising Boltermakers 3-1, here.

It was another auspicious opener for Coach Kenney's defending Eastern division champs, although the Spartan's usual scoring punch failed to materialize.

Coach Kenney was keenly disappointed in the squads shooting, especially since he fielded nearly an all veteran team, but he is expecting vast shooting improvement in upcoming tilts.

Team passing was very good, "but the boys didn't follow their shots up." Inside right, Jean Lohri tallied two swift first period goals and when Rubens Filizola opened the second quarter with another a rout seemed in the making. But the Boltermakers tightened their defense and held MSU in check the rest of the way.

Bill Onopa, who played brilliantly in the nets, lost his suit-out bid in the fourth period when a Boltermaker banged in a shot.

Reiner "Dutch" Kemeling, the Spartan's All-American center halfback and team captain, played the entire game despite a leg injury, which hampered his playing.

Earlham visits Michigan State next week.

Detroit Wins, 3-1; Finishes in Fourth

DETROIT — Jim Bunning set the Kansas City Athletics down, 6-1 on a four-hitter Sunday as the Detroit Tigers clinched fourth place in the American League on the last day of the season.

Norm Cash drove in three of the Tiger runs with his 39th homer and a two-run single.

It was Bunning's 19th victory of the season.

Judo Group Gathering Set

Self-defense and technique will be demonstrated at the Judo Club's first fall meeting, 7 p.m., Tuesday, on the 3rd floor of Jenison Fieldhouse.

East Lansing seniors Bruce Morrison and Hale Hitchcock, the club's principal instructors, will lead the demonstrations.

The club, which plans to hold tournaments with other area judo clubs, is open to coeds.

Fans who attended the Ohio State basketball game at Jenison Fieldhouse last winter term saw the physical ability of one of the club's female members, as she threw male members of the club's exhibition team over her shoulder, during the half-time demonstration.

The Detroit Tigers announced the signing of a long agreement with the Syracuse Chiefs of the International League which will be in effect for the next three seasons. The agreement asks for cancellation, Syracuse will be a member of the American Association as the team's Class B affiliate.

Veteran southpaw Warren Spahn feels that "plenty of starts" left in him. Spahn passed another year in his long career when he racked up his 327th major league victory yesterday. He became the winningest lefty in the National League by topping Eddie Plank's 326 wins. Spahn admitted that more wins than when he went after win number 300 last year.

I'm really concerned about getting back into the 20-column next year.

1955 season reached the 20-game circle.

The Pistons trimmed their roster to 14 players after the elimination of four players. From the team were the draft choice Bill Nelson from Hamline University and local choices, Ken Nevels of Billard University, Freddie Wayne State and Ed Stewart.

Sluggo Frank Robinson plans to meet with General Manager Bill DeWitt tomorrow to discuss his resignation. Robinson said he intends to quit baseball after this season of the "physical beating" it gives him. He conceded, however, that he might change his mind if he received a salary increase or more. Robinson won the National League's most valuable player award last season and enjoyed a season this year with 39 homers, 135 runs batted in and a .300 average.

Gabe Paul, general manager of the Cleveland Indians, announced today that the club would not be re-signing Mel McGaha for 1963.

MEL MCGAHA

McGaha, just finishing his season with the Indians, was offered a job by another club, and was granted permission to leave the Indians Sunday with officials of the other club.

Mel Harter directed the Indians' double-play in Sunday's double-play victory over the Los Angeles Dodgers.

McGaha said "the decision has been made not to renew my contract."

I am sorry to be leaving Cleveland and want to wish the Cleveland organization all the success possible. I am on my way to an appointment to talk about my job. My present plans call for me to be at my home in East Lansing by noon Tuesday.

McGaha did not elaborate on the reasons. The Indians were tied for first place after the first week in July, but fell badly thereafter, to sixth place. This was McGaha's first season as a Major League pitcher.

The Indians have approached Leo Durocher, former Dodger manager and now coach of the Los Angeles team, about managing the Indians.

Lucon Theater Changes Name

The Lucon Theater, which was located opposite the campus on Grand River Ave., was purchased early in the summer by the W.S. Butterfield Theater Inc., of Detroit.

The new Campus Theater will join three other Butterfield movie houses in the area: Michigan and Cladimer in downtown Lansing, and the State East Lansing.

Wilson Award Competition Begins

Competition for the 1,000th year graduate study award offered by the Woodrow Wilson National Fellowship Foundation for 1963-64 is under way now.

Faculty members have until October 31 to nominate candidates for the awards. All nominees will be notified by the Foundation's regional chairman to return an information form immediately after receipt and file other credentials no later than November 20, 1962.

Just What You've Needed for Your Books!

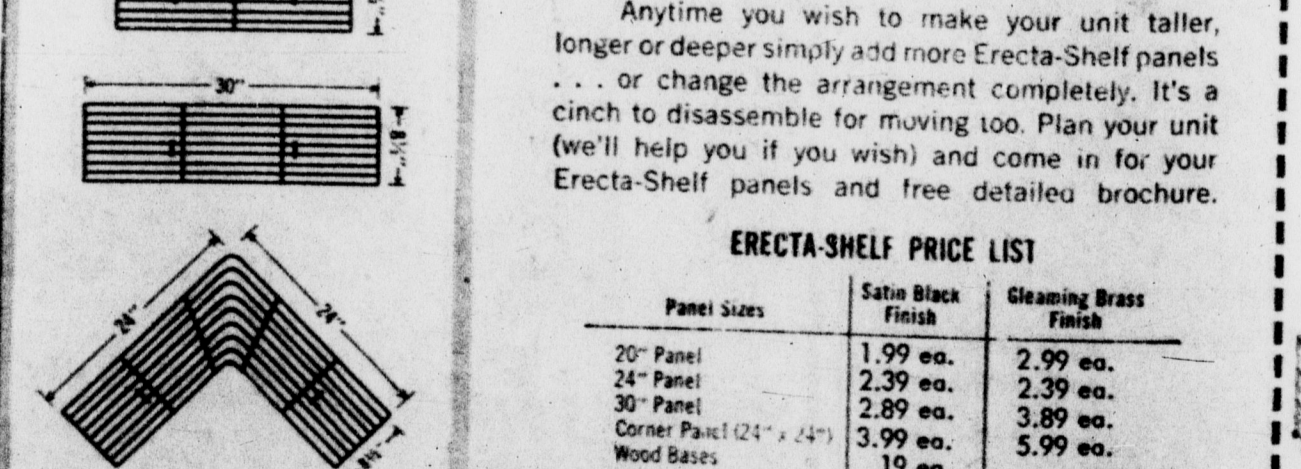

Erecta-Shelf®

Design it yourself... To Fit Your Space and Needs

So easy... So economical!

Countless Units can be designed with these 4 PANEL SIZES

By combining just 4 panel sizes in satin black or gleaming brass wrought iron, there's no limit to the number of arrangements you can design to fit your space and needs. Note that straight panels can be used horizontally or vertically... and horizontal panels may be attached at any desired height on the vertical panels.

EASY TO ADD TO OR TAKE APART

Anytime you wish to make your unit taller, longer or deeper simply add more Erecta-Shelf panels... or change the arrangement completely. It's a cinch to disassemble for moving too. Plan your unit (we'll help you if you wish) and come in for your Erecta-Shelf panels and free detailed brochure.

"pretty rough... looks as if it might get worse."

An auto belonging to a newspaper man had its windows smashed.

Highway patrol cars screeched up to the campus, sirens blaring. A jeering crowd of students heavily damaged a photographer's car. A newsman with a tape recorder was mobbed by the demonstrators, but he managed to escape safely behind federal marshals ringing the administration building. Another group of students threw lighted cigarettes on the canvas top of a truck loaded with marshals. The fire was extinguished.

The most popular models in the U.S. are the K-1 and K-2, which are one and two man canoes, respectively. Although it is not yet accepted as an Olympic boat, the K-4 is producing outstanding competition in the U.S. and Europe and there is definite action directed toward including this craft in future competition.

Managers Needed

With fall practice underway just one week, the baseball team finds itself hurting in one department; managers. The team needs one assistant for varsity work and two more to handle freshman chores. Interested freshmen and sophomores should call Bob Jenkins at 355-0143 after 7 p.m.

Troop Use

(Continued from page 1)

President Andrew Jackson strengthened federal forces and proclaimed that federal law would be enforced. He also, however, said that parts of the tariff were unfair, thus raising prospects of changes in the law. South Carolina rescinded its nullification statute.

Fugitive Slave Act Riots-In 1854, Anthony Burns, a Negro, was arrested as a fugitive slave in Boston by U.S. marshals. Some

50,000 people rioted to prevent his shipment South. Federal troops were called out and Burns was put on a southbound ship.

Reconstruction Period-In the years after the Civil War much of the South was under military rule, and federal troops were used to put down disturbances, continuing until 1876.

Labor Strikes of 1877--These brought widespread disorders, particularly along the route of the Baltimore and Ohio Railroad and in this instance U.S. troops were used at the request of the states, rather than over their opposition. But in St. Louis the soldiers were used to enforce a court order.

Coxey's Army of 1894--In this protest movement against economic conditions, state authority was not at issue but in some instances U.S. court orders were because railroads which were in the hands of court-appointed receivers became involved. Most notable incident was near Butte, Mont., where followers of "General" Jacob Coxey stole a train from the Northern Pacific near Butte, Mont., and routed U.S. marshals who tried to regain it.

President Grover Cleveland sent in regulars who subdued the mob and recovered the train without bloodshed.

'RUN, CHICK, RUN'--Chickens got the jump on underclassmen Saturday afternoon, but not for long. Considered a necessary part of freshman training, chick-chasing was part of annual frosh-soph days.

VIGIL--Tree-sitting is annual tryst between underclass representatives. Jamie Blanchard, left, sophomore representative, and Bruce Osterink, freshman, continued on perch through cold night. (See Story)

Daze Spells Frolic

Run - away chickens, broken eggs, and a hay-covered Landon Field highlighted Frosh-Soph Daze, held Saturday.

Competition between the freshman and sophomore classes, an annual event, sponsored by Frosh-Soph Council, featured a sack race, an egg throw, a chicken race, and a tug-of-war, which pitted class against class.

Adding to the competition, the incoming and outgoing sophomore class presidents began the 67th annual President's Tree Sit at 7 p.m. Friday evening, Sept. 28.

Remaining in their high perch for 30 hours, Jamie Blanchard, Ferndale junior, and Bruce Osterink, Grand Rapids sophomore, descended at 12:45 p.m. Sunday, to break last year's tree sit record of 26 hours, held by Blanchard.

Emerging victorious at the contest's end, the freshman class will be awarded the traditional brown jug at the North Carolina-Michigan State football game.

WHAT KIND OF MAN HANDLES A BUSINESS VENTURE BEST?

A midwestern college audience recently heard this answer in a talk by A.T. & T. Board Chairman, Frederick R. Kappel

"To us this is an important question because we hire nearly 3000 college graduates yearly. To get an answer we went to our own files and examined the records of nearly 17,000 people. We checked each man's comparative success against what he achieved in college.

"As a group, the scholars won handsily. Of the men who stood among the top third in salary for their level of experience, more than half were also in the top third of their college class. Only a quarter were in the bottom third.

"And contrary to age-old beliefs, extracurricular activities proved a lesser indicator unless the individual had an outstanding achievement. Mere 'joining' was not enough.

"The study indicates, at least as far as the Bell System goes, that there's little opportunity for college students who practice 'diplomaship'—the belief that a diploma automatically leads to job success. Such thinking will not make telephone service what we know it can be.

"The men we want are men with intelligence plus those other attributes that give you the feel, the sense that they will make things move and move well—men who want to excel and are determined to work at it.

"Nothing short of excellence will do."
