College Social Committee Approves Ruling Providing for Stricter Supervision of Parties; Provision Also Made for Investigating Charges of Improper Conduct of Any Frat Party.

Radio parties, which were abolished by the College Social Committee at the beginning of the term, have been reinstated by the Interfraternity Council in conjunction with the College Social Committee. This move took the form of a new set of rules drafted by a special committee on radio parties appointed by the council and approved by the college social committee with a few minor alterations.

The abolishing of this type of entertainment by fraternities came following reports of some of the parties by several fraternities. In so much as the college social committee is the authority for the regulation of parties, it was necessary to provide for the restoration of radio parties, which may be out of the picture in the future.

Two parties from the approved list of the College Social Committee shall be in attendance at each radio party. Fraternities who have accepted the fraternity invitation and the party date shall be registered at the office of the Dean of Women at least two days before the party.

Parties shall be limited to those members and pledges of the fraternity giving the party. Attendance at parties at M. S. C. shall be supplied by radio phonographs.

A party of this nature shall not be held at the home of the frat. Any frat who wishes to host a party shall be reported to the executive committee of the Interfraternity Council.

Many historical figures will be represented at the annual co-ed Prom tomorrow evening in the Little Theater. Novelty skits, each belonging to a certain period of history, have been planned by the outstanding women's groups of the campus. The skits will be judged by a special committee and a prize for the most ingenious idea will be awarded. To carry out the theme further, all co-eds are to represent historical characters by their costumes. Judging by the number of tickets already sold, the prom is going to be one of the biggest successes of the year.

Phi Kappa Tau will furnish the music for the dancing from 9 until 12 o'clock. The Phi Kappa Tau will have a social feature in the afternoon. The Eunomian will have a social feature in the afternoon. The Olympic will have a social feature in the afternoon. The Trimoira will have a social feature in the afternoon.

Put HEALTH in your curriculum . . .

GOOD HEALTH means vitality. And it takes lots of energy to be a leader in the classroom, and in the social activities of college. So to succeed, you must make your health a required course.

Too often constipation is permitted to undermine health and sap vitality. It may cause headaches, loss of appetite and energy.

Try this pleasant "cereal way" to health. Two tablespoonfuls of Kellogg's ALL-BRAN daily will promote regular habits. It supplies "bulk," vitamin B and iron. Ask that it be served at your fraternity house or campus restaurant.

The most popular ready-to-eat cereals served in the dining rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. They include Kellogg's Corn Flakes, PEP Bran Flakes, Rice Krispies, Wheat Krahmbles, and Kellogg's Whole Wheat Flakes. Also Kellogg's Hot Coffee - real coffee that lets you sleep.

UNION STARTS NEW SYSTEM

M. S. C. Students to Have College Union Privileges on Other Campuses.

An agreement by which Michigan state students will have all the privileges of members of other unions when they visit other schools was one of the principal accomplishments of the annual meeting last week of U. S. College and University team managers from which Ray H. Rogers, manager of the M. S. C. Union, were returned. The agreement is most important to students visiting the larger universities such as Michigan, where privileges are usually restricted because of the great number of students. No material difference will result at the M. S. C. Union.

Two universities replying to a questionnaire reported unfavorably to the proposal of establishing reciprocal membership between five non-represented universities were present. Mr. Rogers and Foster Coffin, manager of the University of Michigan, presented the committee report advising the mutual recognition of each other's members. The union pin, such as M. S. C. uses, or membership card would entitle the bearer to privileges while visiting. The list of schools entering upon the agreement will be published when it is received.

At their three-day convention in Rochester, the Union managers looked over the state of the union and discussed the future of the union. In most instances, the program of activities had been somewhat curtailed because of the current economic condition. The convention also heard talks by President Rush Rhees of Rochester and Dean Herbert E. Hawkes of Columbia. Prof. John Dollard of Yale and Dr. William E. Weld of Rochester on the social functions of the unions, particularly with regard to the promotion of student citizenship and of a better relationship between the student and the citizen.

The other-Union billiard tournament which M. S. C. players played last week will be repeated some time in March. There is a possibility that a tournament of this kind will also be held.

Ethel Otto State of Indiana presented where a new \$10,000 plant was completed last year will be used to meet year-end expenses. The president of the union is Edward S. Drake of Ohio State. A longer convention session with more time for strictly business matters is planned for the next year's meeting.

Last week's meeting was held on the beautiful new campus of Rochester University, which was built in a few days and opened only two weeks ago. Headquarters of the managers was the George W. True Union.

A special honor has just come to Miss Beatrice Brady '31, who is now singing with the Federal Chorus through an invitation to sing at the National Convention of the American Society in Chicago.

There was a time when the sons of Eli held up their heads rather proudly, and with a pride in the public in the courts, in the great forums and on the modern battlefields. State Cagers Enter Michigan Game as Underdogs

SPARTAN CAGERS WILL INVADE MICHIGAN COURT ON SATURDAY AFTER BEATING ALBION FIVE

McCasin, Patchett, VanderRoest, Kircher, and Vondette Are Slated to Start Against Ann Arbor Quintet; Albion Holed Out in Close Contest, 31 to 29.

By Doug Graham

With only a rather shaly 31 to 29 victory over Albion college under their belts, Coach Ben VanAlstyne's Spartan cagers leave Saturday to invade Ann Arbor for a tilt with their traditional rivals, Michigan.

Though the State start was far from auspicious, the Wolverine basketball team took a 37 to 31 blistering at the hands of a veteran Westport State five last Monday night in their season's opener. Despite the defeat, the Michigan team is considered a slight edge over their East Lansing rivals, largely because of a few fine players who encountered experience in their play on the Wolverine team.

OTTEY TO LEAD X-COUNTRY MEN

Six Men Are Awarded Major Letters and Gold Track Shoes at Meeting Tuesday

Tom Ottey, 21, of the sophomore class, was named as the national cross-country champion in New York City, where several meet series were held. He was elected by fellow letter winners at a special meeting last Tuesday. Coach Lauri on Brown also announced his letter awards at this time.

Six men were given major letters and gold track shoes, symbols of a championship team which was crowned the 1932. The gold awards were presented to Captain William Anderson, Fred E. Dill, Colburn, Luther Fullerton, Bayshore, New York, Otto Ponterre, Detroit, and John Hammer, Wakefield. A major letter was also awarded to Small of Detroit.

Major letters were given to Kallio, Polesky, and Gaudin. The new award, Brown, awarded the gold shoes to Fred, Highland Park, Bayshore, Detroit, and Colburn.

Twenty Given Major Awards

Sixteen Receive Service Awards - More Men on Squad This Year Than Last.

A total of twenty varsity letters and gold football shoes have been given to the football squad of 1932, according to Ralph H. Young, who announced the letter winners this week.

In 1931, after the team membership was established and Coach Crowley used substitutes only in extreme cases, only 13 men were able to win letters. With a larger squad this year, however, Crowley named the twenty men for the major award.

Major letter winners follow: A. E. Enright, fullback; John Robert, center; Harry, guard; Detroit, O. George, tackle; Green Bay, W. J. Francis, center; center and end, M. J. Kegan; M. J. Verrier, end; Grand Rapids, Joseph, center; fullback; Lina, center; fullback; Benoit, center; Robert, center; Cleveland, Russell, left guard; William, center; Arthur, tackle; Benoit, tackle; center; Robert, tackle; Detroit, Frank, center; center, Chicago, Joseph, center; center, Boston, Bernard, center; fullback; Albert, center; end, Lansing, Gerald, center; fullback; Bay City, Albert, center; fullback; Gladstone, Robert, center; fullback; Benoit, center; fullback; Kiewicki, center; fullback.

ANN ARBOR MAN SPEAKS AT CHEMISTRY MEETING

Dr. R. W. Bunting, head of the dental pathology department of the School of Dentistry at the University of Michigan, spoke Tuesday evening December 6 before a meeting of the M. S. C. section of the American Chemical Society in the Kettle Chemical Laboratories. His subject was "Recent Developments in the Status of Dental Caries."

THIS and THAT

MICHIGAN REWAVE

When the Spartan basketball team returns to Ann Arbor, it will be under the leadership of Coach VanAlstyne's new team which will be chosen to represent the Wolverine basketball team. The game in that game was 37 to 31 in the Wolverine favor.

The new rule change against allowing a player to pick up the ball with his hands is expected, though it does prevent holding the ball out of play until the defending team breaks it down. It is probable that had the State team been able to withhold the ball until they drew out the close Albion defense, they might have defeated them by a score of 37 to 31.

Handkerchiefs, along with State letter winners, were given to each player in these different sports are Alton Kircher and Fred Kegan. Both received major letters awards and became the first men to accomplish the feat of collecting a year's letters. Kircher, senior guard, and Kegan, sophomore guard, were the only two players to receive letters in both sports.

Coach George Bauer of the fencing squad issued a call for all freshmen interested in fencing to report for practice this week. Any of the freshmen who are eligible are urged to see either Coach Bauer, Jack Murphy, or Gene Kircher, assistant coaches, in the fencing room at the gym any afternoon after four o'clock.

Coach Bauer stressed the fact that fencers are not boys, but are made men and that they are devoting a great deal of time in developing new men for varsity competition at a later date. As soon as the freshmen have mastered the fundamentals, they are to have an opportunity to meet the varsity in practice drills. The freshmen will also probably meet some other team during the year.

Coach Bauer also pointed out that fencers must keep in the best of their minds to keep in condition during their off seasons.

POSITIONS OPEN ON SWIM TEAMS

Lack Candidates for Diving, Free-style and Breast Strokes.

The freshmen and varsity swimming teams, hard at work with their progressive training, are having trouble locating candidates for several of the positions. The varsity weaknesses appear to be in diving, distance and free-style swimmers, while those of the youngsters are in the diving and breast-stroke.

With only a little over a month before the first meet, Coach Bauer, although quite worried over the chances of uncovering the needed staff, is still hoping that they may show up. Consequently he is urging that anyone interested in swimming for the team do so immediately.

The Sophomore and Junior Co-eds win the consolation game of the W. A. A. hockey tournament on December 3. The junior hockeyists won the consolation with a score of 3 to 1.

The checkers game has been indefinitely postponed.
