Norman Thomas Speaks to Campus Audience

SOCIALIST LEADER ATTACKS SYSTEM; OFFERS DOCTRINE AS ALTERNATIVE OF FASCISM

Two-Times Presidential Candidate Speaks to Huge Audience in Peoples Church; Denounces Militarism and War; Tells Agricultural Plan; Develops Program of Socialist Party.

Norman Thomas, twice Socialist candidate for president of the United States and one of the most outstanding political leaders in America, spoke to a student, faculty, and rural audience which packed the Peoples church auditorium this evening.

In a talk which included a brilliant denunciation of war and militarism, Thomas sketched the Socialist plans for restoring industrial and agricultural stability. He attacked capitalism, saying among other things, "Capitalism is the only source of war today. There is nothing wrong with a system which produces the hardest work because we don't know how to do it the right way."

He is living in an age... We are not making progress... The only way we can make progress is by having a system which produces the hardest work because we don't know how to do it the right way.

Thrills State With Message

Norman Thomas

When asked about production, Thomas replied, "We can't do that until we have a system which produces the hardest work because we don't know how to do it the right way."

Thomas said that he had been in the Peoples church in 1911. He later returned to the city of New York and was elected governor of New York state in 1926 and 1932. In addition, he was elected to the United States congress in 1932 and 1934.

DUCAT SELL-OUT SEEN FOR J-HOP BY TOMORROW

Actual Scarcity of Tickets Reported by Junior Class Head.

DECORATIONS ALTERED Favors Given Out in Union Tomorrow; Former "Miss New Orleans" to Sing.

Sale of tickets for the 1933 J-Hop has reached a point where an actual scarcity is being encountered by students who are making last minute efforts to secure ducats, and indications are that a near sell out of the 200 which have been printed will be reached by Friday night.

Sale of prom tickets is being handled by the various committee chairmen for the J-Hop and by representatives at each fraternity house as well as the Union desk. Tickets are on sale this year for the price of \$7 and include a favor, two programs and dancing from 10 until 3:30.

This year's J-Hop price is considered by most students to be very reasonable in consideration of the band and favors offered together with the prospect that the price is bound to be less crowded than the average campus social functions of the year, since ticket sales are limited to 200 copies.

SOCIETY SELLS VALUABLE SITE

Olympic Fraternity Land Was Bought by Government for Local Postoffice.

According to a statement by Abe Elmsley, president of the Olympic society, future plans of that fraternity since the sale of its Abbott road property last week are still very indefinite.

Purchase of this property of the Olympic society at 327 Abbott road was decided upon by the United States treasury department last Thursday, Jan. 25. It was revealed in dispatches from Washington, D. C. Walter F. Reddy, local real estate dealer represented the Olympics in submitting their bid which was accepted. The purchase price was \$19,000 for two lots on the west side of the street, representing 132 feet frontage 145 feet deep. The price is for the land only and does not include the house.

ANNOUNCE GUESTS AT MILITARY BALL

List Complete Plans for Social Function of Cadets February 10.

Latest announcements concerning the military ball to be held Friday Feb. 10 in the Lansing Masonic temple include the naming of the honored guests and the chaperones for the affair. Governor and Mrs. William H. Comstock, President and Mrs. R. S. Shaw, Secretary and Mrs. H. H. Haleday and members of the state board of agriculture have been extended special invitations to attend the party as special guests of the Officers' Club.

Chaperones for the affair will be Colonel and Mrs. Derray R. Heddy and Major and Mrs. Charles Thompson.

Economics Dep't. Head BARITONE WILL APPEAR NEXT IN MUSIC COURSE

Heinrich Schlusnus, German Singer, to Perform on Tuesday.

Heinrich Schlusnus, famous German baritone, will appear as the third attraction of the student concert course Tuesday, February 7, at 8:15 in the Peoples church auditorium.

The record of his former appearance in the United States shows that his American audience looks forward to his concerts as eagerly as his Berlin audiences await him at the opera. Schlusnus has succeeded in developing his art to such a point that he is equally popular whether he is appearing on the operatic or concert stage.

METZGER WILL SPEAK TONIGHT

New State Commissioner of Agriculture to Address Farmers Here.

Samuel T. Metzger of Greenville, newly appointed Michigan commissioner of agriculture, will be the main speaker at the general Farmers' Week program to be held in Demonstration hall tonight.

NEW EXHIBIT IN LIBRARY HALLS

Numerous Books and Publications are Shown in Wall Cases.

Present exhibition on display in the glass cases lining the main hallway of the American Library association, an organization of liberal libraries, trustees, and others interested in libraries.

The subject arrangement followed is the one used in the latest leaflet advertising the items placed on display, beginning with Book Selection. Probably the most interesting item in the first section is 'Vocations in Fiction,' An Annotated Bibliography.

The A. L. A. has plans for a somewhat exhaustive subject list of fiction of which this vocational list will, it is hoped, form part.

BARITONE WILL APPEAR NEXT IN MUSIC COURSE

Heinrich Schlusnus, German Singer, to Perform on Tuesday.

IS POPULAR FAVORITE

Concert and Operatic Star Has Been Well Received by Various Audiences.

Heinrich Schlusnus, famous German baritone, will appear as the third attraction of the student concert course Tuesday, February 7, at 8:15 in the Peoples church auditorium.

The record of his former appearance in the United States shows that his American audience looks forward to his concerts as eagerly as his Berlin audiences await him at the opera. Schlusnus has succeeded in developing his art to such a point that he is equally popular whether he is appearing on the operatic or concert stage.

In recognition of his services to music the Prussian government recently honored Schlusnus with the title 'Prussian Kammerliederer' which has never before been awarded.

CHICAGO ALUMNI HAVE CLUB ROOM

Establish Headquarters in Allerton Hotel With Eight Other Groups.

In cooperation with the alumni associations of eight other schools, the Chicago group of M. S. C. alumni has established permanent club headquarters at the Allerton hotel, Chicago.

The new management, with permanent clubrooms, will make it possible for newcomers to get acquainted with other alumni more quickly and it will save resident alumni a great deal of trouble.

Secretary C. W. Gustafson, 22, reported in the Record for the Chicago group, of which A. S. Armstrong, '06, is president.

RECORD REGISTRATION SEEN FOR THIS WEEK'S PROGRAM; CROWDS MASS AT SESSIONS

First Night Meeting of Farmers' Week Has Crowd of Eight Thousand; Contests, Music, Speakers, Association Banquets Help Entertain Guests at Annual Agricultural Function.

Aided by a near capacity crowd of approximately 8000, the first big night of the Farmers' Week activities was held in Demonstration hall last night. Officials are hoping for a record registration this year but no figures are yet available as to the total number of rural folk on the campus for the annual affair.

Headliners for today include the afternoon session in the gymnasium, under the chairmanship of E. B. Hill, Professor of Farm Management. The program will be opened by music furnished by the college Women's Glee club, directed by Zeno's Kegan.

Baritone Here Tuesday Night

Heinrich Schlusnus, famous German baritone, will appear as the third attraction of the student concert course Tuesday, February 7, at 8:15 in the Peoples church auditorium.

Students will have charge of the affair with W. C. McMath of Louis as moderator. Department superintendents are: Dairy Olin Lepard, Lake Okauch, horses, D. M. McKenna, Bryan, Ohio, sheep Charles Woodworth, Porterville, beef cattle, Arthur Newton, Lawrenceville, swine, Charles Blakeslee, St. Johns, Judges include George Cooper, Redd, Mackie, L. C. Kelly, Sidney Smith and Clyde Weaver. The prizes will be awarded entirely on fitting and showmanship by the exhibitors.

LIST PLANS OF VARSITY PARTY

Bath Selects Partner; Ticket Sales Are Very Favorable.

Ted Bath, president of the Varsity club and general chairman of the annual Varsity party, has selected as his partner for this affair Miss Vera Martins, 34, Detroit. Miss Martins is a member of Alpha Chi Omega sorority.

It was also announced that plans for the party have been completed and all is in readiness for the opening strains of the dance music from Walter Kay and his orchestra who have been engaged to play for this affair. The party will start at 12 o'clock and will continue until 12 Co-eds will not have to check in until 12:30.

The ticket sales are reported by Bath to be progressing at a very satisfactory rate. This is undoubtedly due to the fact that the features of the party are of such an exceptional nature and yet the price of the ducats is lower than for any other like function in the history of the Varsity club. The tickets are selling for \$4.00 to outsiders in general and for \$2.00 to all alumni members of the club who plan to attend. Active members of the club will be given tickets.

The official comp list as approved by Student Council will also be observed in the handling out of free ducats. In order to insure against scalping on these they will be issued to all those entitled to them at the door. The comp list will be as well as one year at the Graystone and Monticello ballrooms in the same city. In addition to these engagements, Billy Minor and his band have played for proms at the University of Michigan, Ohio State, and Penn State and have made a sensational tour of Ohio and Pennsylvania. Many work and novelty numbers are included in their repertoire and they feature that terrific type of rhythm for which negro bands are famous.

The decorations have been planned in keeping with the orchestra. The theme to be carried out is said to be "Underneath the Harlem Moon" but in the details have not been made public by the committee which has been working diligently with the general chairman and class president, Lawrence Hutchinson. It has been definitely decided to make use of the large room adjoining the ballroom as a lounge for the dancers. This room will be sumptuously furnished for the occasion.

Social Season Reaches Climax As J-Hop, Varsity Party Bring Busy Week-end for Dance-goers

Prominent Broadcasting Orchestra and Novel Decorations Feature Formal at Masonic Temple; Woman's Building to Hold Formal Dinner Dance.

As the apex of the winter formal season, the coming week-end will crowd in both the J-Hop and varsity party, whose Friday-Saturday night schedule will see a campus more devoted to social activities than at any other time during the entire year.

A strictly formal decoration plan, featuring the colors of black and white, was recently announced as replacing the "Rhapsody in Blue" motif for the J-Hop. Silver, gold, and blue, modernistic panels, and a special design will be combined with five illuminated signs to complete the effect.

There are other good cigarettes, of course.

TO TELL you that Chesterfield is the only good cigarette... that the makers of Chesterfield Cigarettes are the only ones who can buy good tobaccos and manufacture cigarettes scientifically... would be nothing short of foolish. For all tobacco is sold in open auctions—where anyone can buy if he will pay the price. Even the machines on which different cigarettes are made are alike. This much, however, is true: By using the right kinds of Turkish and Domestic tobaccos in just the right proportions... by blending and cross-blending them together in the most careful way... we make Chesterfield what smokers say it is... a cigarette that's milder, that tastes better. Just try them.

SPARTAN WRESTLERS BOW TO INDIANA UNIVERSITY MATMEN YESTERDAY BY LARGE SCORE

Lepard Earns Decision, Ball Gets Draw, to Score for State; No Wrestlers Get Falls in Close Individual Competition: Meet Ohio State Saturday.

Coach Fendley Collins' State wrestling team was defeated for the second time in as many starts yesterday afternoon at the college gymnasium when the strong Indiana university matmen defeated the Spartans, 19-2 to 11-2. A capacity crowd of over five hundred spectators witnessed the match.

Oliver Lepard, State heavyweight, was the only man to break through with a victory over the Big Ten opponents. He gained a decision over

Excuse Office Defines Case For Illnesses

An attendance ruling which has been much misunderstood, according to J. W. Stewart, director of attendance, is the one relating to excuses for illness. A student must miss classes only one full play to get an excuse, and not two days as has been the common impression. This point was decided at a meeting of the attendance committee a few days ago.

Seventy WAs were given out by the attendance office last term, and nine persons were dropped from school, according to Mr. Stewart. Students adding subjects this term after the beginning of the quarter were given out for the scheduled class, previous to the date on which the subject was added. The maximum penalty for this change is the equivalent of one week's absence.

Next Saturday, February 4, Coach Collins will pit his men against the strong Ohio State wrestlers. The meet will be held in the college gymnasium starting at 4 p. m. Little is known of the individual performers for the Ohio men, but it is understood that they have a number of good matmen on the team this year. It is probable that Collins will enter the same men in the match as he did for the Indiana meet.

The program will be unusual in that Mr. Roberts is blind and has no musical ability. He will announce his own program.

MAKE EROSION MODEL FOR FARMERS' WEEK

About five miles south of Petoskey, Michigan, Prof. P. A. Peterson of the Forestry department is making an interesting bit of erosion on a hillside. It was a wooded country and 40 acres had been cleared out of the woods and farmed. At that time it was utterly useless while the soil next to it was producing trees abundantly. Mr. Herbert thought it was a good example of soil erosion and would be referred to in his lecture on the subject.

HABER LECTURES IN OHIO THIS WEEK

Gives Talks in Columbus, Dayton, Youngstown, and Cleveland.

Prof. William Haber of the college economics department will speak in Columbus, Dayton, Youngstown, and Cleveland, Ohio, on Feb. 1, 2, 3 and 4. In Columbus and Dayton he will lecture on the subject "The White Collar Worker and the Depression." In Cleveland and Youngstown the title of his lecture is "What Price Power—Public Ownership and Public Utilities."

In Youngstown, on Feb. 3, he is also to give a radio address from station WKEN on "The Economics of Technology."

Miller Gets Plenty of Nosing

A R. "Abie" Miller of the Physiology department recently checked his laboratory with a slight overdose of rubber nosing. It seems that "Abie" went in an order for 25 feet of this necessary equipment but it is evident that the wrong length had been employed because when the nosing arrived there was 25 pounds of the material, measuring in the length of 600 feet of good still rubber nosing, and which the manufacturing company was loath to take back.

Church Societies Announce Events On Sun. Program

Modern interpretation of a few of the Parables of the Bible will be presented at the regular discussion group of Campus Christian Assembly at 12:30 noon Sunday. Josephine Latta and Elizabeth Phelps will give the lectures and have charge of the meeting.

"RECORD" WILL PRINT PICTURES OF STUDENTS

Pictures and names of all second and third generation students will be printed in the March issue of the annual Record. Glen O. Stewart, alumni secretary reported yesterday. To date, second generation students have reported themselves as being of the children or grandchildren of men and women who claim M. S. C. for their alma mater. Mr. Stewart urges all second and third generation students who have not already left their names either at the alumni office or at the Union desk to do so before next Monday morning.

PLACEMENT HEAD HERE

Dr. Luther Fardon, director of placements at the University of Michigan, addressed the local alumni chapter of Phi Beta Kappa, honorary educational fraternity, Monday, Jan. 23. The local chapter is made up of graduates from such colleges as Harvard, Cornell, Columbia, Wisconsin, and Chicago. Dr. Fardon's lecture was on placement.

AG ENGINEERS HAVE PROGRAM

Mary Visit Exhibits of Irrigation Methods, Electrical Display.

Interested and useful exhibits on the agricultural engineering program are one of the features of the annual Farmers Week activities being held on the Michigan State college campus this week. The exhibits are displays of the progress of adding the farmers to more, higher and better crops and to obtain the maximum efficiency from their implements and machinery.

A whole number of people have gathered daily to the exhibits to see the 25,000 exhibits which are open to the public every day during Farmers Week.

One of the exhibits "What Nine Inches of Irrigation Water Did at Lake City" shows in graph form the advantages of irrigated lands. An irrigated section of soil produced 100 more bushels of potatoes than a plot of soil the same size that was not irrigated. A canvas case irrigation system is suggested as a cheap and effective method of applying water to the crops.

The White Collar Worker and the Depression. In Cleveland and Youngstown the title of his lecture is "What Price Power—Public Ownership and Public Utilities."

In Youngstown, on Feb. 3, he is also to give a radio address from station WKEN on "The Economics of Technology."

During his trip he expects to visit Antwerp college at Yellow Springs, Ohio, and study the barter exchange system recently developed in that institution. In Cleveland he will study the administration of the municipal-state public employment office, one of the best public employment offices in the United States.

In Columbus he will confer with President William L. Leaverton of Antwerp college, who is chairman of the Ohio Unemployment Insurance Commission which has recently drafted and had introduced an unemployment insurance law in the state legislature.

Futuristic Art Creates Furor

Weeds Are Found to Be Life in Exciting Work of Art Student.

The main old Women's building was in a furor as one of its features, actually and for actual money.

The art in question had done some weird and weird things in her art class. They were colorful and vivid but far from understandable to the uninitiated observer. Another still picture to require about a person to read the drawings and was completely unrecognizable. A large and wide area of the building was completely obscured by the drawings.

"It's a life, it's a life, it's a life," said the artist, "I don't know what it is, but it's a life."

LANSING MASONIC TEMPLE

It's fun to be fooled — ...it's more fun to KNOW

ILLUSION: One of Napoleon's soldiers rose to fame on the "Burning Oven" trick. A roasting fire was built in an oven... the temperature rose to 400° F. Into the oven walked the "one king," M. Camels, carrying several raw steaks. A few minutes later the doors were flung wide and out he stepped... safe and sound... with the steaks thoroughly cooked.

EXPLANATION: Heat rises. When Charley entered the oven he hung the steaks above the fire, in the center of the oven, they dropped to the floor at the side, covering himself with a broad scale from his shirt. He leapt through small air holes in the floor. When the doors were opened he threw back the hood, grabbed the steaks, and stepped out in triumph.
