ON THE TRAIL OF THE MILITARY

Anti-compulsory military training in this college and state is being agitated by the Grand Rapids Ministers association, according to the latest rumor reaching this campus through the state press.

The Furniture City clergy are "up in the air," literally speaking, over the fact that so-called "discrimination against a college once comprised of agricultural students should live after that institution had reached an educational plane equal to the state university."

Just what the plans of the west Michigan ministers are, relative to substituting for federal aid, a present source of a portion of the college appropriations, cannot be conceived. Their ideas and method of procedure will be divulged at a meeting to be held in Grand Rapids soon.

The resolution adopted recently by the Grand Rapids ministers seeks immediate action on the part of that body to educate the people of the state against what is termed by them "a violation of the rights of young America."

The compulsory military training problem at Michigan State, which has been the object of intermittent attacks, looks as if it would be automatically solved in the near future.

The present number of students taking military training exceeds the number provided for when the unit was established by the federal government and it seems that it is impossible to increase the staff without congressional action.

With the present staff there is a limit to the amount of work that the officers can do and the number of men they can handle. Whether military training will cease to be compulsory or whether the problem will be handled in some other manner is a matter of conjecture.

For the good of the department it might be a good thing to cease to make it compulsory and without a doubt its popularity among the students would be increased. It is lamentable to have valuable training regarded by some as a thing to be endured. It is logical to conclude that if military training ceased to be com-

pulsory at Michigan State that it would reduce the trials of the officers in charge, that there would be a sufficient number of men elect the course to maintain a strong unit, and that more men would continue with the advanced work if there were none who finished the required two years in the spirit of "there that's done."

With the appearance of the Chicago Symphony orchestra today there comes an opportunity for the students of Michigan State college to enjoy a musical treat, the like of which has not been heard in East Lansing for some years.

The annual engineers' dance, sponsored by Phi Lambda Tau, will be held in the ballroom of the Union building, Friday, May 21. The Chicago Sereaders will furnish the music. Tickets will be on sale at the Union desk, at the office of Dean Bissell, and by all members of Phi Lambda Tau.

Music of the kind played by this orchestra, is uplifting. It takes men out of themselves into a finer world of thought and imagination, a world that can be created by no other medium. College is meant to "humanize" men and since it is through college that opportunity comes to enjoy such fine things as the Chicago Symphony orchestra, it is the duty of every student to grasp the opportunity and to get the benefit that he is sure to desire from hearing the concert.

What Is A Life Underwriter?

One who goes around delivering a life insurance policy. In other words, a person whose business it is to offer the known benefits of life insurance to individuals, to corporations, to partnerships, etc.

But further, the life underwriter is one who must convince those clients of the benefits offered. This means stimulating contact with human character, and with large affairs. Some underwriters prefer the game of character and deal mainly with individuals. Others prefer affairs; to them is open the great field of business insurance.

Furthermore, the business of life underwriting pays highly for initiative and ability.

And still more, the life underwriter offers to his client a commodity which has no risk to it, does not deteriorate, and adds no burden of mental worry. The life underwriter sells absolute security, the foundation of serenity of mind.

It is worth while to think these things over now and to remember them when, perhaps, you find yourself wrongly placed in whatever business you may have chosen.

You can obtain confidential information from the Inquiry Bureau, John Hancock Mutual Life Insurance Co., 127 Clarendon St., Boston, Mass.

STATE FAILS TO HIT IN PINCHES AND ST. VIATOR NOSES OUT SPARTANS, 3-2

WINNING RUNS DIE ON SACKS IN LAST OF NINTH; BAYNES FEATURES WITH BRILLIANT FIELDING.

Michigan State college lost to St. Viator's fast baseball nine Saturday afternoon, 3-2, but not before the afternoon had been packed full of thrills not produced in every ball game. Although State lost the final verdict, the fielding produced by Carl Baynes, stellar Spartan second sacker, was almost enough recompense for the loss of the game. In the sixth inning, the midget infielder dashed back of first in an effort to stop Castigan's smash that had gotten by Spiekerman. The play looked like a sure hit but Baynes dove for the ball, knocked it down and while sitting down, tossed to Spiekerman who in turn made a brilliant play in stopping Baynes' wild throw. Between the two they got Castigan by a step and probably turned in one of the most flashy fielding plays ever pulled on the East Lansing diamond.

Harry Wakefield drew the mound assignment for the Spartans and sailed along in fine style for three innings. He got into trouble in the fourth on a hit, a walk and an error with two men out, but he escaped serious damage by striking out Lienhart for the third out. Dairynpfe was the first to dent the plate for the Blue, hitting a home run into deep right field in the fifth chapter. No one was on at the time and two were out. St. Viator concluded its scoring the sixth, collecting a brace of counters on three successive hits, including a triple. Baynes put Castigan away on the play mentioned before, but Benda singled to right. He scored when Wallace tripled to right and he himself counted the final and winning run when Boine got a bingle over short. Lienhart forced Boine and McAllister walked, but Duncan fled to Kuhn to end the chapter.

State divided its scoring into two innings, the fourth and sixth. Kiebler singled in the fourth with no one away and was forced by Fremont

Perry stole second and after Kuhn struck out, he counted when Spiekerman tripled to right. Roy was left at the far corner, however, when Rowley fouled to Lienhart. Haskins hit to McGrath to open the sixth and he fumbled the ball, Haskins being safe at first. After Kiebler had fled out to Boine, Fremont doubled, Haskins scoring. Fremont was left when Kuhn struck out and Spiekerman hoisted to McAllister.

Both teams were even in the matter of hits, St. Viator getting one more base on its drives. Wakefield struck out six and walked two while Duncan retired seven by the strike-out route and passed four. Duncan had a nice portside delivery, a change of pace which kept the Spartan slagers guessing, and good control. St. Viator was probably as strong a team as the Green and White will meet this year, not excepting Michigan or Ohio State.

The University of Michigan comes here tomorrow for the annual game between the two schools and will try to make it two straight wins over the Spartans this season. Michigan won at Ann Arbor 6-1, scoring four runs after two were out in the fifth, and failed to impress as being a better team than Coach John Kobs' scrappy crew. The issue will be settled tomorrow, however, which is the better, with "Big George" Kuhn in the batter's pit sending up his assortment of hooks for the Wolverines to look over. Coach Eisher will probably send Jablonowski against State with Miller in reserve.

ALDERMAN, WYLIE, GRIM BREAKS RECORDS AS NOTRE DAME WINS

LOWER 100, MILE AND 440 MARK; IRISH SCORE SLAMS IN 220 HURDLES AND HALF MILE.

By scoring slams in the 220 yard low hurdles and half mile events, Notre Dame established enough advantage in points to defeat State 78-47 Saturday afternoon. Outside of these two events the meet was fairly even, the Spartans taking six first places out of a possible 14 and breaking three college outdoor track records.

Geoffy Alderman, who has twice been named at 9.7 seconds in the century run due to adverse weather conditions has never been allowed the second finally broke through the barrier Saturday, being timed in 9.3 seconds. The time broke the college record made by H. C. Wylie in 1904, DeGay Ernst in 1912 and Mark C. Herdell in 1922 and 1924 of 10 seconds flat and was enough to stand. Alderman was pushed by Della Maria of Notre Dame and Bob Grim, Grim also being named at 9.8, so close was the competition.

Henry Wylie, star sophomore distance man, broke the college mile record of 4:25 made by E. P. Adolph in 1912, by doing the four laps in 4:27.6. Wylie, although only a two year man, has shown unusual improvement while under the direction of the state coaches and it would not be surprising to see him rank with the country's leading milers before he graduates.

Patagon Bob Grim, who broke the quarter mile mark against Detroit City college two weeks ago by running the 440 in 59 flat, taking two-thirds of a second off the old mark held by DeGay Ernst in 1922, again scooped the mark Saturday by being the distance in 49.9. Grim is believed to be capable of better time than this and is looked to lower the present record before the season ends. Grim was nearly boxed on the quarter but outspurred the Notre Dame quarter milers by sprinting around them at this point. He held

a slight lead as he came into the back stretch which he increased to about 10 yards at the tape. State, of Notre Dame, who was considered the best Irish 440 man pulled a tendon in the century and was unable to compete in the quarter.

Ivan Tillotson won the 100 yards without serious competition, leaving the platter a distance of 125.7-7 1/2 in. Tillotson looks like one of the best discus men to perform for the Green and White and will undoubtedly break the record of this event held by Charles W. Pomeroy since 1921 of 138 ft. 3 1/2 in. In his senior year, Tillotson placed in the shot but Paul Smith took a second place in both the weight events. He also got a second in the pole vault.

Alderman was high point jumper, with first in the 100, 220 and second in the javelin.

Summary:
100 yard dash—Alderman, first; Della Maria, N. D., second; Grim, State, third. Time—1:00. New college record.

One mile run—Wylie, State, first; Collins, N. D., second; Young, third. Time—4:27.6. New record.

220 yard dash—Alderman, first; Della Maria, N. D., second; McCauley, N. D., third. Time—1:00.

120 high hurdles—Griffin, first; Barron, N. D., second; Noppen, State, third. Time—1:45.

Shot put—Boland, N. D., first; Smith, State, second; Mayer, third. Distance—42 ft. 1 in.

440 yard dash—Grim, State, first; McDonald, N. D., second; Grubb, N. D., third. Time—49.9. New college record.

Pole vault—Hamel, N. D., first; Smith, State, and Boy, N. D., second. Height—12 ft. 6 in.
Discus—Tillotson, State, first.
