"Why I Choose CAMELS"

"CAMELS HELP MAKE THE FEELING OF NERVOUS PRESSURE FADE OUT," Says Herbert Wood, Sophomore.

MENTAL WORK—especially long hours of intensive study—can slow up digestion. Herbert Wood, Class of 1939, says: "Camels are a real aid. They help make the feeling of nervous pressure fade out, and get me set for a hearty meal. I work better, too, since I've discovered I get a refreshing 'lift' in energy with a Camel. Camels set me right." Enjoy Camel's costlier tobacco the whole day through. At mealtimes Camels are an aid to digestion—speeding up the flow of digestive fluids—increasing alkalinity—bringing a sense of ease and well-being. Steady smokers prefer Camels. They are so mild! They don't jangle the nerves, tire the taste, or irritate sensitive throats.

SOMEONE'S WITZEL, tunnel engineer: "My work involves constant danger. That's why I always smoke Camels. Camels don't irritate my nerves—ever."

SMOKING HELPS FIGHT—hard hitting first baseman of Boston Red Sox, says: "I smoke Camels with meals and after for the help they give my digestion."

"I WANT A CIGARETTE that doesn't jangle my nerves," says master welder Dan Keffers. "And Camels don't. They go fine with meals too."

"CAMELS help me keep popped-up," says account executive, Betty Steffen, says: "In my work, I see many famous people. And most of them smoke Camels."

"THE A SECRETARY" says attractive Joseph Libby, "and often have to see in a hurry. When I smoke Camels at mealtimes I feel on top of the world."

Some Americans George, Ambassador to London says: "It's a great thing to have a steady supply of Camels when you're abroad. Camels help you get the most out of your trip."

For Digestion's Sake—Smoke Camels!

Authentic Collegiana

WITH its latest coming direct from the campuses of the nation's leading universities, a new series of authentic, interesting, and amusing material is being networked over NBC on Friday nights under that master of college ceremony and comedy, John Heck, Jr. His Variety Show made its premiere from the University of Michigan campus, then travelled to Chicago, Ohio State, Notre Dame and Pennsylvania and is now rehearsing for other college presentations. Starring campus musical and dramatic talent, the programs feature college songs and dramatizations of campus history and achievement. Collegiate Digest here photo-features exclusive pictures of the first Variety Show.

Producers begin here
John Heck, Jr., tells the assembled group of campus actors and writers about the half-hour stories he has built from suggestions and stories given him by students and faculty members. Then rehearsal begins.

Imitators of famous stars
... had their chance at Michigan. Here's Peter Garcia broadcasting as Arkansas' Bob Burns does it.

General broadcast scene
With musicians and singers waiting in the background, these students present a skit depicting contemporary college life.

Best
At the recent press cotillion of the Ohio University chapter of Sigma Delta Chi, professional journalistic fraternity, Alpha Xi Delta's Helen Hayes was judged the most beautifully groomed coed. Judges studied the contestants both before and after they had arranged their hair, donned their formals and applied their make-up.

Erik Rhodes Has Phi Beta Key, Too

IN MOBILE, Ala., Phi Beta Key is about as useful as a recommendation from a high school drama coach. Franchot Tone wears the key from Cornell. As Earnest Sharpe, Actor Erik Rhodes earned one at the University of Oklahoma. Though he hasn't yet attained the eminence of Brother Tone, Erik Rhodes works just as steadily in pictures and in due time will make about as much money. You saw him first as the dapper, squinting foreigner in the Astaire-Rogers film, *Gay Divorcee*. He stayed in Hollywood to play in *Top Hat*. Now he is likely to be in any RKO Radio motion picture you happen to see.

At Oklahoma, Erik Rhodes, or Earnest Sharpe '37, was a singer who could really put over Moonlight and Roses. Bing Crosby and Fred Mac Murray were singers at their college, too; they left without taking degrees. Rhodes went out with a Chautauqui company his senior year, but he finished his work by correspondence and won the Phi Beta key.

Living 'Tower of Babel'

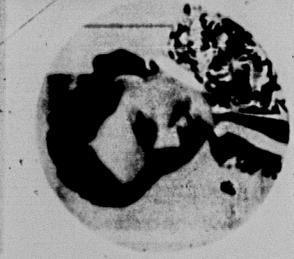

EAST is East and West is West, but Jack Armstrong, the All-American boy who delights young fry from coast to coast in the air, gets in and out of trouble in the East as well as in the West. His adventures know no boundaries. American Racketeers or Chinese smugglers, all are his meat. For that reason another Phi Beta Kappa finds work in radio. She is Betty Ito, diminutive Chicagoan who earned her key at the University of Chicago. Betty is Japanese by ancestry, American by birth, but she plays a Chinese role in Jack Armstrong's show.

To the ordinary youngster, a Chinese accent is the same as a Japanese accent, but Miss Ito, being a Phi Beta Kappa, strives to keep her role Chinese. She is also attempting to learn Japanese better while serving as secretary to a professor of German at the University of Chicago. Her ivory tower of scholarship is a Tower of Babel.

Colleges Give Premieres of Famed Plays

Important first presentations of famed plays of the current season were made in three instances on the boards of college theaters during the past month or two. **Collegiate Digest** here with presents exclusive photos of these important theatrical productions.

Modernized version
of Moliere's *Tartuffe* was presented for first time by University of Tulsa students, with Jean Shaffer playing a leading part.

World's Premiere
of Martin Flavin's *The Good Old Summer Time* was staged by the University of Michigan department of play production.

'Winter set' first amateur presentation was made by the Hamilton College Choralians after Raconteur Alexander Wedgwood, Hamilton alumnus and trustee, had secured special permission of its author.

NATIONAL COLLEGE NEWS IN PICTURE AND PARAGRAPH

This boxing coach directs his protégés from a wheelchair.
When Johnny LaRoue, 68-year-old University of Virginia boxing coach, had a major operation last spring, ring fans predicted he wouldn't be coaching this fall. Nevertheless, he's back again preparing the Cavalier squad for its try for its seventh consecutive championship from his wheelchair.

Here's where Ohio State met first defeat.
Johnson, Indiana guard (4), keeps into the air for two points, but Thomas, Ohio State center (20), makes a punt and gains attempt to deflect the ball in the furious Indiana-Ohio State battle played on the former's floor. Indiana won, 41 to 36.

In an indoor tank designed to simulate actual rowing conditions, Columbia University's crew begins the long grind that will prepare it for the spring racing season. It is said that championship crews are made in the long winter months when the crewmen perfect their technique and build up their stamina.

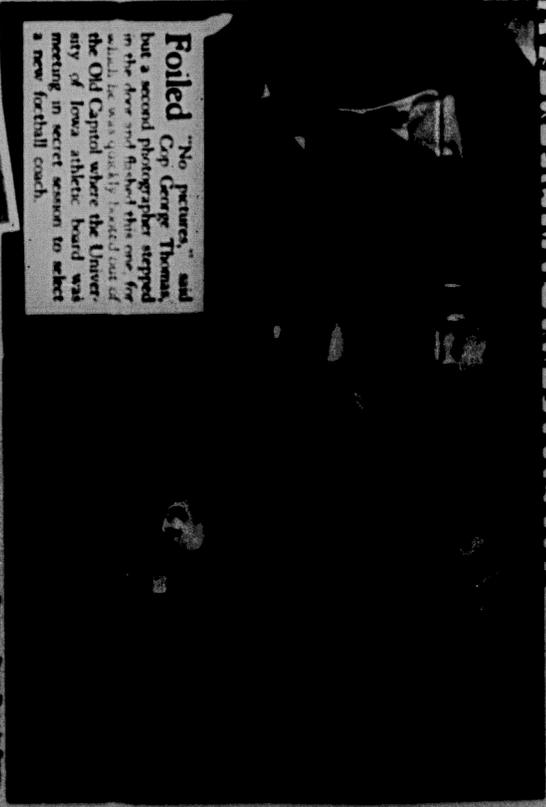

A photographer's beauty
First Number 1 freshman beauty at the University of Illinois, in the opinion of crack photographer Paul Stone, is Beverly Briggs. She's a member of Kappa Alpha Theta, and was selected for beauty honors at the annual first class dance. Paul Stone, Chicago.

Speed
The miniature Cornell College crew team, led by Columbia University's Karl O. Lange, reached an altitude of 18,000 feet in 15 minutes. The balloons carried a miniature transponder, set whose signals are being received on the instrument shown above.

Mitmen

Villanova College's first line of defense, at least in the boxing wars, is composed of three eight hurkies shown here with Coach Ray Gadsby (left). They're rated to win several of the matches in this string of national championships.

Foiled
"No pictures," said Prof. George Thomas, but a second photographer stepped in the door and finished this one. For a while, he was quickly foisted out of the Old Capitol where the University of Iowa athletic board was meeting in secret session to select a new football coach.

Coronation
Queen crowning is a major activity Prof. Julius T. Nechschel took his work quite seriously when he was delegated to crown Winona Burgess queen of the winter carnival at Michigan State College of Mining and Tech. (Courtesy: News Photo by Alford)
