

TWELVE MEN ARE NAMED VARSITY DEBATING TEAM

Judges Pass This Number In Final Try-Outs; Match Teams From This Group.

PLAN BIG EXPANSION

Conference Looms to Broaden Tri-State; Seek Faculty Sanction On Credits.

Final details of preparation for the collegiate debating season were completed yesterday when Coach W. H. Blake announced the selection of twelve college debaters for the remainder of the year.

The candidates who successfully passed the final trials are as follows: Eugene Roberts, 20 of Lansing; J. M. Mehl, 28 of Midland; Harris Smith, 28 of Detroit; T. J. Burns, 20 of Marquette; R. M. Holt, 27 of Indianapolis; J. W. Warron, Edmonds, 20 of Escanaba; Carl W. Kesterman, 27 of Big Rapids; Don McPherson, 29 of Lowell; Lawrence Smith, 28 of Lansing; Milton H. Smith, 29 of Chicago; H. Alton Smith, 30 of Escanaba; and George Walker, 29 of Detroit.

These men will comprise a class in debating next term and this will be the first time that the Michigan team will be organized to compete in the national tournament.

One of the most important items in the debating program here will be the securing of the faculty's consent to the proposed expansion of the program.

In concluding the announcements of the progress this term, Coach W. H. Blake stated that he wishes to see the twelve selected men return to the campus for the Christmas vacation.

Appointments of officers and non-commissioned officers from the cadets of the M. S. C. Military band were announced Wednesday by Major H. H. Gray, of the order of 1st Lt. J. H. Sherburne.

Weather Man Pushes Wrong Button; Unparalleled Orgy of Picking Up Co-eds Follows

Since Tuesday afternoon, according to statistics, more women have been picked up on the campus than ever before in the annals of our history.

Prior to Tuesday, Miss Krueger, dean of home economics, Mrs. Asbrine, house mother of the camp, and their lieutenants have kept the practice pretty well suppressed, but that day marked the beginning of an orgy of picking up unparalleled in our history.

It may all be due to the effect produced when the weather man, Mr. Seese, made a mistake, and pushed the wrong button, but the wrong button turned the wrong key, and gave a rain in freezing weather, but it seems rather odd to say the least.

Prof. H. C. Woods of the civil engineering department goes to Grand Rapids Monday to conduct a one-week course in Mechanics and Hydraulics for the benefit of engineers of the Grand Rapids district.

ANNOUNCE CAST OF NEXT THETA ALPHA PHI PLAY

Three Act Play "Tarnish" to Be Next Dramatic Fraternity Production.

THREE WINTER TERM

"Hell-Bent for Heaven" and "The Servant in the House" to Follow "Tarnish".

The cast for the first Theta Alpha Phi play, "Tarnish," a three act play by Gilbert Emery, to be listed for winter term was announced Thursday by Prof. E. S. King, head of the dramatic department.

In the leading roles will be Beatrice Bohannon, Letitia "Toby" Tevis, a fine young girl whom the burden of a family's existence depends. She is the type of young girl whose entire life is marred by the department of a weak, susceptible father.

Playing the part of Mrs. Tevis, who lives in the memory of an old artist, is the young girl whom the burden of a family's existence depends.

COLLEGE ADOPTS OFFICIAL SEAL

State Board Accepts Unique Design of Michigan State Sophomore.

For the first time in the history of the school Michigan State College has an official seal.

The seal, designed by John A. Sanderson, 28, 1st, has been accepted by the faculty and approved by the state board of agriculture at its session on Nov. 24.

The college has never had a seal of its own and on occasions has used the seal of the state.

The seal is the result of a contest held last spring. At that time Prof. A. G. Schepke gave as one of the main problems to his class in commercial advertising, the designing of a seal.

Final arrangements for the Co-ed Prom were made at Tuesday's meeting of W. S. G. A. according to Olga Wood, president.

The prom is the only "No Man's Land" party of the year and that is the night when the coeds make merry by themselves.

Something novel in the way of stunts is promised by Margaret Hubbard, who heads that committee.

ELECTRICAL STUDENTS TO STAGE ANNUAL SHOW

Decide At A. I. E. E. Meeting to Hold Third Annual Show Farmers' Week.

Electrical engineering students decided last night at a meeting of the student A. I. E. E. to hold the third annual electrical show during Farmers' week which will be Jan. 27 to Feb. 5.

The show will consist of electrical household appliances, machinery, and electrical experiments and novelties.

"That's That," Opportunity, Tryouts to Come January 6

Give us 104 Vivacious, versatile and attractive coeds with enough variety of ability to impersonate typical East side "lowly girls," sub-dolls, real honest to goodness show girls, lady like damsels, miscreants, delinquents, well dressed, and last but not least, six hunk beauties.

Michigan State College coeds of 1927 are privileged to be in college at this writing, for they are to have an opportunity of becoming a part of the master 1927 production of the Union, scheduled for February 4 and 5.

The first call for all co-ed candidates for the Union Musical Comedy has been sounded for January 6, seven o'clock at the Union building.

U. P. STUDENTS NOTICE Arrangements have been made for a special train to the Upper Peninsula, to favor U. P. students going home over vacation. It will leave Lansing at 6:22 o'clock next Thursday night. All those desiring passage should communicate with John F. Olson, immediately, either at the main desk in the Union, or at the Esplanade house. He is authorized in charge of the reservations.

At the Union Holiday gifts in unusual selection are offered members of the Union at coupon book discount at the main desk. The final Union party of the year is scheduled for Saturday in the ballroom. "Chuck" Doyle reports a first rate orchestra booked for the occasion. The building will be open throughout the holiday vacation. Painting and general repair work will be carried on as funds permit. New furniture has been added to the equipment of the building through gifts from alumni. It was not donated by a single individual but was purchased as an advantageous price from the For the present it will be used in the lobby adjoining the ballroom.

SEVEN EDITIONS—\$1.50—THE SCHOOL YEAR

### A FEW THOUGHTS FOR ENGNEERING STUDENTS AND FACULTY

In contrast with the advice given to our students by certain alumni, the "Resolutions on Engineering Education," recently endorsed by the board of directors of the American Association of Engineers, prove interesting indeed.

It seems that certain professional bodies recognize the failings of the average engineering graduate, and keenly feel the need for reform. The following paragraphs are extracts from the resolutions mentioned, and should provoke the serious thought of engineering students and administrators.

"No man who is mentally or physically unfit to assimilate a rigid course of instruction should be permitted to undertake the study of engineering, because not only does he waste his own time by so doing, but also he acts as a drag to hold back the brighter students. There should be evolved for and utilized by every school of engineering an effective method of selection of candidates that will rigorously exclude all incompetents.

"All American technical students should be taught to read, write, and speak the English language thoroughly and well.

"An effective course in public speaking should be given as an obligatory course in every technical school.

"Special attention should be paid by each instructor to the attributes of neatness, accuracy, and system, and these important desiderata should influence the recorded standing of each student.

"All engineering students should be taught free-hand sketching, as done in the leading architectural and military schools of this country.

"The faculty in each engineering school should, by concerted action, evolve and put in practice a scheme for developing clear thinking, vision and breadth of view in both the teachers and their pupils.

"All teachers should inculcate in their students a true love for their work, but in order to accomplish this they must do likewise for themselves.

"At the very beginning of their freshmen year, engineering students should be given a series of lectures concerning the character, functions, extent and greatness of the engineering profession, and this information should be repeated to them periodically by the members of the faculty from time to time during the entire extent of the course.

Charges of commercialism and catering to those of the amateur interior complex, are a question, the knowledge of the terms are brought against the Union in a recently published article in this column.

The Union, to be sure, operates on a business basis. Its cafeteria, lunch counter, pool room, hair dressing parlors, and the news stand operate on a small margin of profit. In most it is a very small margin on coupon purchases. The business profits come then from students not using the coupon privilege and from outside trade. The Union is maintained on funds from two sources: the profits on operation and student membership fees. Evidently there are those who fail to realize that student fees must cover the operation profits from outside trade is cut off.

"A hotel? Why not? What better place does East Lansing offer for the entertainment of college guests and returning alumni than the neatly furnished, quiet rooms with bath on the Union's second floor? Why haven't alumni a right to make it their home? They are building it and ere long we, as alumni, may help complete it. Yet, when we are only beginning to reap the benefits that it affords, we hear murmurings of discontent and little mention of thanks.

That the Union building is used by only an inferior grade of students we take it that "E. G. R." means that is absurd on the face of it. If we consider our student council, our Women's Self Government, League, our Green Key and a host of other campus organizations that regularly meet there as composed of inferiors, then he is correct. Of the few professors who do not maintain homes in East Lansing, a half dozen daily patronize the cafeteria, and one makes the building his home. Thus formerly they mingle with the students. Are we then filling the building with inferiors?

Does the Union building not serve? It has brought to East Lansing the finest ballroom the town or campus has known; it houses for the offices of the campus publications; it offers decent and efficient banqueting accommodations; it offers a vacant hour lounge; it allows for student contact with student which otherwise would not exist; it sponsors Union parties at a nominal charge.

The greater mass of State College students readily see the foolish absurdity of such statements as "Go into the Union any time of day or night and you will find 700 students" when in reality over 1500 people frequent the building each week day. The wild statement "on trunk line after trunk line" might more truthfully be stated "on single highway there stand three Union signs." We refrain from quoting other misstatements because of business courtesy.

We turn to the old adage "Unfinished judgments carry little weight" and until someone proves that E. G. R. stands for somebody on the campus we must believe the letter to be anonymous. Perhaps the writer has dreams of the new Union Memorial building but he lacks vision. Dreams fade with the awakening to the fact that great tasks lie ahead; vision seeks to conquer the abstraction ahead. A dreamer goes down mourning of what might have been a man with vision often has the highway to his ideal. Dreamers see only the perfect with no way to attain it; men of vision see paths that lead to success. No doubt there are those who see the perfect Union, but they offer no solution for the ills that confront us now. It is entirely correct to say, as "E. G. R." has, that "State College will retrogress unless the student body asserts itself." Yet worlds of assertion without construction means nothing.

We take as just criticism, the condition of the lobby. We know the furnishings and fixtures are inadequate. Perhaps there should be "gaboons" and ash trays in our lobby as has been previously suggested. And, since "E. G. R." says that other two schools which he has attended had the latter fixtures in their Union lobbies, we perhaps are sufficient. However, representatives fresh from the National Conference of University Unions at Cornell university on Dec. 3 and 4 report that the million and a quarter dollar Willard Straight hall, probably the finest Union building in the east, can boast of no "gaboons" and ash trays in the lobby, so what chance have we for a week or two at least.

The Union board stands as a mediator between the students and the Union building policy. If criticisms are to be made, let the board know of them first. If its action is not satisfactory, then there is time to broadcast. The board does not intend to break into print again in detail defense of the building's policy. However, its members do want the help and suggestions of the students who are interested in the making of a greater Union. This they mean. Are you willing to help?

It is entirely correct to say, as "E. G. R." has, that "State College will retrogress unless the student body asserts itself." Yet worlds of assertion without construction means nothing.

We take as just criticism, the condition of the lobby. We know the furnishings and fixtures are inadequate. Perhaps there should be "gaboons" and ash trays in our lobby as has been previously suggested. And, since "E. G. R." says that other two schools which he has attended had the latter fixtures in their Union lobbies, we perhaps are sufficient. However, representatives fresh from the National Conference of University Unions at Cornell university on Dec. 3 and 4 report that the million and a quarter dollar Willard Straight hall, probably the finest Union building in the east, can boast of no "gaboons" and ash trays in the lobby, so what chance have we for a week or two at least.

The Union board stands as a mediator between the students and the Union building policy. If criticisms are to be made, let the board know of them first. If its action is not satisfactory, then there is time to broadcast. The board does not intend to break into print again in detail defense of the building's policy. **CECIL RHODES**, the diamond king, had a real idea which he passed on to diamonds in the rough.

"Be well-rounded men, broad in your sympathies," he said, and he made this the basis for selection of Rhodes scholars.

Surely there's a lesson for every man—graduates alike in arts, in pure science or in applied science—to balance the student in him with the athlete, the individualist with the man of sociability, the specialist with the "citizen of the world."

For Rhodes' idea was no theory. It is shared by hard-headed business men today.

# The Social Whirl

Edited by Dorothy Shoosmith

The last week-end of the fall term is not crowded with social events due to the proximity of examinations. In fact, no fraternities or sororities have scheduled parties. However, the sophomore class will entertain this evening in the gymnasium, while tomorrow night a dance will be sponsored by the Union, which means that the week-end will be by no means dull. The annual football banquet is scheduled for tonight at the Union.

### Olympic

Among the alumni who returned for the venison roast last Saturday night were Messrs. Dodge Valentine, Edmunds, Kildman and Russell. The announcement was made Sunday of the engagement of Robert Mayer to Olive Peck. He is at present absent from school on account of illness.

### Delta Sigma

"Teopop" Westfield of Portland was an alumnus of the fraternity, and a guest at the house. A Founders' Day dinner will be held Friday evening.

### Alpha Chi

Members of the sorority entertained active members at a dinner Sunday night, served in the little dining room at Hunt's.

Alumnae of Alpha Chi are giving benefit bridge tea at the Guild hall, Lansing Saturday afternoon. Doris Chilson spent the week-end at her home in Battle Creek.

### Theta Tau

Members at dinner Monday evening at Mrs. Stuart Feeley, class of '25, at her daughter, who are visiting at East Lansing.

### Bilateral

The following girls were away for the week-end: Doris Fox to Grand Rapids, Amy Mann and Marjorie Stuart to Wall Lake, and Dorothy Clemons to Portland.

### Chi Omega

Mildred Courtney of Detroit was invited to the sorority Monday evening.

### Phi Epsilon

A venison roast was held at the house Tuesday evening. E. A. Carls spent the week-end in Ann Arbor.

Clayton Bergen is a guest at the house this week.

### Phi Kappa Tau

John Breker, an alumnus from Missouri, visited at the house last week-end.

Messrs. Kanitz and Sedlauer spent the week-end in Muskegon and Grand Rapids.

## LIST GUESTS FOR MILITARY BALL

Governor-Elect and Mrs. Green Are Invited: Give Advance Students Ticket Preference.

Guests for the annual military ball, which is to be held Jan. 28 in the 119th field artillery armory, have been announced.

Prominent among those honored are Governor-Elect and Mrs. F. W. Green, President and Mrs. Butler, and Mr. and Mrs. E. H. Ryder. Also Mrs. P. S. Kozie, Dean and Mrs. R. S. Shaw, Dean and Mrs. John Phelan, Dean and Mrs. W. W. Bissel, Dean and Mrs. Ward, and Dean Jean Kroeger.

Nine regular officers of the military department have been invited: T. L. Sherburne, Major E. B. Gray, Capt. Ernest Johns, Capt. Clyde Kelley, Capt. Joseph Harwood, Capt. Ross Larson, Capt. W. H. Johnson and Capt. P. W. Hardie.

Sponsors of the military department: Miss Ruth Norton, Miss Elizabeth Phillips, Miss Marjorie Barnard, Miss Arla Panahorn and Miss Isabelle Laird, have received invitations.

Members of the state board of agriculture, Herbert Goady, Clark Reddie, L. W. Watkins, Jay R. McCall and Mrs. Dora Stockman, are also among the guests.

A large number of individuals outside of the campus have also been invited. Among these are: Col. John S. Bursey, adjutant general of the state of Michigan; Lieutenant Colonel Leroy Pierson, quartermaster general of Michigan; Lieutenant Colonel Carey of the 119th field artillery; Lieutenant Colonel Franklin Burt, lieutenant colonel of the Michigan National guard; Captain Harvey Frye, P. A. (D. O. L.); General Lassiter, commander of the Sixth Corps area; and Col. George Weeks of the Sixth Corps area.

All regular officers stationed at the University of Michigan have been extended an invitation for the evening.

In the military department, this year are 126 students taking advanced military training. Those who are to have first preference during the ticket sales. After the 15th of January, sophomore members of the band, and freshmen are eligible for any remaining tickets.

Members may wear hats or beards, but not to the dance, and if they are available, these men may wear tan Brown belts. Other dress for the occasion will be formal.

### SENIOR NOTICE

Seniors finishing next June must sign up at the office of the registrar for a statement of credits before the end of this term.

## Co-ed Edna Says:

This is the time of year when old Dame Nature seems loath to play jokes on us helpless mortals, isn't it? That is, when we try to overcome her and walk along the icy sidewalks as if nothing were different from August.

But the matter stands that things are different, as we soon find out, when our feet slip out from under us and we come down with a sudden "plop" on the hard ice.

Did you ever watch anybody fall, and then notice the wary, sickly expression with which they turn to see how many people are laughing? That's the funniest part of the whole thing I think. And then if anybody is looking "hey" try to laugh it off as a little matter, and go on their way without paying any attention to the wounds they have just received.

However, if they don't see you looking, the agonized expression that comes over the victim's face. But then, just as you are enjoying the joke tremendously, out go your own feet and things come out even.

But I always especially enjoy seeing my most abhorred "prof" take a very little spill in some nice public place. How can one be expected to be an extremely respectful teacher after one has just seen him lose all his dignity with his feet over his head? It's worth a spill to see some of them, and their martyred expressions!

### L. J. Rothgary to Address Taxpayers of Monroe County

L. J. Rothgary, extension specialist in the field of township roads, class of '16, will go to Monroe county Wednesday, Dec. 15, to address a meeting of the taxpayers of the county on the subject "County Roads."

Rapids, respectively. John Foster went to Bay City.

### Union Literary

J. McGregor of Big Rapids was a week-end visitor at the house. Walter Wilkinson and Val Anderson will spend Christmas vacation in Florida with their parents.

Dean Swift plans to leave soon for New Orleans. Several members of the fraternity will go to the Michigan basketball game Saturday in a truck.

### Kappa Delta

The active members and pledges held a Christmas party at the club, 197 house Thursday evening.

### Hermanian

Walter Studley left Friday for New York city.

### Phi Delta

The society defeated the Upsilon in indoor baseball Tuesday night. A Christmas party will be held Saturday evening.

Ralph Bowlin was in the hospital the first part of this week.

### Collingwood

Mrs. Eva Crane, the house mother, entertained the girls of Collingwood at a Christmas dinner at the house Wednesday evening.

### Alpha Phi

The alumni of the society, from Lansing were entertained at a Christmas dinner Tuesday evening.

LOST: Monroe's father purse with E. A. crest, containing \$4.46, calling cards. Return to Union desk.

## NOTICE TO DEBATERS

The 12 men named as the M. S. C. debating squad are requested to interview Coach W. H. Wise at his office, prior to leaving for vacation. The time named is any day next week after Monday. These 12 men are also requested to communicate with the coach just prior to registration for winter term. These conferences are important.

THAT'S the way P. A. talks to you in the bowl of a pipe. This great national gloom-chaser stabs the darkest clouds with a ray of sunshine. Buy a tidy red tin of Prince Albert today and see. Tamp a load of this friendly tobacco into your jimmy-pipe and light up.

Cool as a sub-cellar. Sweet as the breath of fresh-cut violets. Fragrant in the tin and fragrant as you smoke it. Never a tongue-bite or a throat-parch. So mild you can hit it up from sun-up to sun-down, yet with a body that satisfies completely.

There's more philosophy in a pipe-load of P. A. than in the average Doctor's thesis. No matter what brand you are smoking now, you don't know how much your jimmy-pipe can mean to you until you pack it with good old Prince Albert. Get started now.
